NOTES

ON THE

Medical Topography of Calcutta,

(Royal 8vo. 190 Pages, with 2 Maps. Price 5 Rs)

BY JAMES RANALD MARTIN,

Presidency Surgeon and Surgeon to the Native Hospital

PRINTED BY ORDER OF GOVERNMENT.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July,* 1838.

FORT WILLIAM,

GENERAL DEPARTMENT,

THE 26TH DECEMBER, 1838.

The following Letter from Captain C. R. Drinkwater Bethune, of Her Majesty's Ship *Conway*, to the address of His Excellency Rear Admiral F. L. Maitland, K. C. B., upon the subject of a danger which he has recently discovered in Bass' Straits, and the doubtful position of the South West Cape of Van Dieman's Land as laid down in the Charts, is published for general information :

His Excellency Rear Admiral
Sir F. L. Maitland, K. C. B.,
&c. &c. &c.

Sir,—I have the honor to report to your Excellency, that passing between King's Island and Reid's Rocks in Bass's Straits, I perceived a danger, the position of which is different from that described as Bell's Rock in the Australian Directory, vol. 1, page 112.

The following observations were made—21st April, 1838, wind strong from N. W. heavy swell; ran between King's Island and Reid's Rocks, steering S. W. b. S. (S. 43° W.) passed the Centre Rock at a distance of 3 or 4 miles, they appeared correctly placed with reference to King's Island.

Black Pyramid in one Centre Rock (S. 30° E.)

At 3^h 4^m Centre Rock of Reid's E. b. S. ¾ S. (S. 61° E.) 4 miles by estimation.

Steered South (S. 9° W.) in 5 minutes perceived from the Masthead a heavy Breaker, right ahead, estimated at 6 miles distance, hauled up S. W. (S. 54° W.) 2 miles then S. S. W. (S. 31° W.) and South (S. 9° W.) the distances on these two last courses not accurately noted, rate from 7 to 8 knots per hour.

		S. 87° E.	

Course Steered S. S. E. (S. 13° E.) for 10 Minutes. } Rate 8.1 p. hour
" South (S. 9° W.) 20 "

The bearings from 1, 2, 3, (see Sketch) give the relative positions of the Pyramid and Breaker P and B, and the bearing of the Pyramid from Reid, the bearing and distance of Reid from the Ship, and the bearing of Breaker from Ship (right ahead) give the position of the Ship and Reid S and R.

The result is

From the Breaker { Reid's Centre Rock bears (N. 32° E.) N. N. E. 10′
Pyramid .... (S. 73¼° E.) E. ¾ S. 13′

Now from (2) when anxious to get an angle to Reid's Rock, it was just visible from a point 35 feet above water, and on passing it we judged it from 20 to 30 feet high, therefore at (2) we were about but less than 12 miles from Reid; the Sketch gives 11° 8′.

Assuming Reid's Rock in 40° 15′ 5″ S., it places the Pyramid in 40° 27′ 8″, nearly 5 miles North of its position on the Chart, thus agreeing with a remark made by Captain King, who thought it probable the Pyramid was placed too far South by 4 miles.

The distance from S. to B. agrees with the run of about 8 knots per hour, but cannot be reconciled with the estimated distance when first seen, of 6 miles;—this, however, having been judged from the Masthead, cannot be much relied on.

The position of Bell's Rock being 4 or 5 miles more to the Eastward, I feel inclined to consider this a new danger; at any rate, great caution is necessary in taking the passage betwixt Reid's Rocks and the Pyramid.

The state of the weather precluded more accurate observations. I consider the probable limit of error in the position to be half a point in the bearings, and one mile in the distances.

I have also found reason to doubt the position of the S. W. Cape of Van Dieman's Land, as marked on the Chart: my observations place it about 6 miles more to the northward, this nearly restores it to the original position assigned by Flinders, M. Cecille, Commanding H. M. C. M. Ship *L'Heroine*, informed me that he had found that the latitude 43° 39 5″ was too far south by 6 or 7 miles.

The 22d April, 1838, five observations near noon, each reduced to noon by the run gave the latitude

43° 15′ 2″ S. at 2h 12m—the S. W. Cape bore E. by N. (N. 88° E.) 4 miles.

Run in interval S. E. ¾ S. (S. 81° E.) ...		16′ 8″

Conway, ...	33′

I considered the latitude at noon as good as can be obtained from sea horizon—the run may also be trusted, as we were going 10 knots steadily. The course may be subject to error as there was a great swell, but this would not much affect the determination.

I will add, that having run between the Meinstone and Veedle's Rock, a course E. by N. ½ N. brought the South Cape right ahead, this, though not accurately observed with a view to fixing any position, tends to prove that the S. W. Cape and its neighbouring Islands are 4 or 5 miles too far South.

Medical Topography of Calcutta,

BY JAMES RANALD MARTIN,

Presidency Surgeon and Surgeon to the Native Hospital

PRINTED BY ORDER OF GOVERNMENT

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at	Bengal.
	Ditto............ Ditto............	Madras.
	Ditto .... Ditto	Bombay.
	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Petre and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author infinite pains, as it goes most minutely into all the details and ramifications of Medical Topography, and not only so, but into the nature and treatment of the Endemic diseases of the place.

The rules of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838*

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandise consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS
FOR
MAKING ADVANCES IN INDIA AND CHINA,
UPON
The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
[illegible]	Per Company's Rupee for Advances made at..........	Bengal.
	Ditto.......... Ditto..........	Madras.
	Ditto.......... Ditto..........	Bombay.
	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills, (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties, or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Petre and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will. 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

BY JAMES RANALD MARTIN,

PRINTED BY ORDER OF GOVERNMENT.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement

It presents an admirable specimen of what a treatise on Medical Topography ought to be "—*From the Medico-Chirurgical Review, No. 57, for July,* 1838

The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

UNION BANK.

Report by the Acting Secretary of the Transactions of the Union Bank, for the half year from 1st July to 31st December, 1838.

I have to congratulate the Proprietors, on the prosperity which continues to attend the transactions of the Bank. The accounts on the table, consisting of the Trustees Account, Balance Sheet, and Statement of Profit and Loss, exhibit a full and satisfactory view of its operations, for the last half year. However, although during that period, a larger business has been done, yet in consequence of the necessary reductions made in the rates of discount, and the division of profits over a doubled number of Shares, the Dividend is less than it has been for several preceding years.

The net amount of profit realised for that period is... Co's Rs.	3,21,990 14 7
and the undivided Surplus of the previous half year...	22,613 12 9
Give Co.'s Rs.	3,44,604 11 4

which divided on a paid up capital of Co.'s Rs. 71,32,676, affords a dividend of 10 per Cent., (which is the same rate now paying by the Bank of Bengal,) leaving a reserved fund of, Co's Rs. 31,902-1-0. Eleven per Cent. might now be divided, leaving a small surplus of Rs. 631; but the Directors recommend a Dividend of 10 per Cent., or 50 Rs. per share, to be made at present.

The whole of the augmented capital of January, 1838, has been taken up, and of the 40 Lac declared in July last, little more than 8 Lac remain unpaid, which amount is applicable principally to distant proprietors, who have been allowed sufficient time for completing their contributions.

A considerable increase has taken place in the number of proprietors who now amount to 410.

It is satisfactory to observe, that the circulation of the notes of the Bank has become more extended; the highest amount during the last half year being 608,884, and the lowest 306,192.

The Directors have appointed Mr. G. S. Dick to the office of the Bank's Agent at Mirzapore, and will forthwith make the necessary arrangements for his proceeding thither.

GENERAL ORDERS BY THE HONORABLE THE PRESIDENT IN COUNCIL.

FORT WILLIAM, 21*st January*, 1839.

No. 8 of 1839.—The Honorable the President in Council is pleased to publish, for general information, the following paragraphs of a Military Letter No. 4, from the Honorable the Court of Directors, to the address of the Governor General of India in Council, dated the 16th August, 1837, also paras. of Military Letters Nos. 79 and 59, dated the 18th October 1837, and 25th July 1838, addressed to the Governor of Fort William:

Letter No. 4, dated 16th August, 1837.

Para. 1. In our Military Letter to Bengal, dated the 16th April, 1828, we expressed our regret at the inconvenience to which Officers proceeding on Furlough, via another Presidency, would be exposed in being deprived of their Indian allowances from the

date of quitting their own Presidency; but that we were precluded by the Act of the 33 Geo. 3d, Cap. 52, Sec. 37, from sanctioning a different arrangement.

2. In our Letter in the Public Department to the Government of Madras, dated the 20th March, 1835, we apprized you, that we considered ourselves precluded by the Act of 3d and 4th William 4, Cap. 85, Sec. 79, from sanctioning an arrangement allowing Civil and Military Servants to draw from month to month through Agents at their respective Presidencies the allowances to which they were entitled when absent on leave to the Cape or at Saint Helena, on their giving Security to refund any sum which might be overdrawn by them.

3. It is now matter of satisfaction to us to acquaint you, that by the Act of the 1st of Victoria, Cap. 42, (of which Copies have been sent with our Public Letter of the 9th instant,) such parts of the Act of the 33d George 3d and 3 and 4 William 4th, as prevented our sanctioning the two arrangements above referred to, have been repealed.

We now approve and confirm the Regulation established by your Government upon the subject first referred to, as published in General Orders of the 12th May 1826, of which the following is a copy: viz.

FORT WILLIAM, 12TH MAY, 1826.

"In conformity with the rule prescribed by the Hon'ble the Court of Directors in their General Letter in the Military Department to the Government of Fort Saint George, under date the 25th of April 1809, The Right Honorable the Governor General in Council is pleased to direct that all Military Officers of the Bengal, Madras and Bombay Establishments who may proceed by permission of their respective Governments from any Subordinate Stations under the Presidency to which they belong to the Seat of Government of another Presidency for the purpose of finding a passage to Europe shall be permitted to draw Indian allowances until their departure from the Presidency to which they have so proceeded, provided no unnecessary delay in their embarkation at such Presidency shall take place."

"It is to be distinctly understood, however, that this indulgence is restricted to Officers who, from the proximity of the Seat of Government of another Presidency and the remoteness of that of their own, would suffer unnecessary inconvenience and delay if compelled to proceed to the latter for the purpose of embarking to Europe."

"As it is not intended that this Order should disturb the operation of that of the 21st January 1825, No. 21, with exception to the special case above provided for, the allowances hereby granted are invariably to be drawn by the Agent of the Absent Officer at the Presidency to which the latter belongs."

(Signed) W. CASEMENT, *Lt. Col.*
Secy. to Govt. Mily. Dept.

5. With reference to the second subject, viz., the issue of the absentee allowances of Officers who are absent at the Cape of Good Hope, we now empower you to frame a Regulation by which our Officers who are entitled under existing Rules to draw Indian allowances upon their actual return to India from leave of absence to any place within the limits of the Company's Charter, or the Cape of Good Hope, or the Mauritius, or the Island of St. Helena, shall be entitled through their Agents at their respective Presidencies, to draw those allowances from month to month, upon their giving sufficient security to refund the whole amount in the event of their proceeding to England without previously returning to India, or such part of the amount as may have been over issued on any other account.

6. You will take measures for introducing similar Regulations at the Presidencies of Madras and Bombay, to the Governments of which we shall send copies of the present Despatch.

Letter No. 79, dated 18th October, 1837.

Referring to our Military Letter of the 16th August last, we have now to apprize you that Officers returning to their duty on the Bengal or Madras Establishments, via Bombay, will be granted the same advantages as Officers coming to England by the same route, viz. that when their Regiments shall be stationed at posts nearer to Bombay than to the Capital of their respective Presidencies, their Indian allowances shall commence from the date of their landing at Bombay, provided that no unavoidable delay take place in their joining their Regiments.

Letter No. 59, dated 25th July, 1838.

Referring to our Military Letters of the 16th August and 18th October 1837, relating to the commencement and termination of the Indian allowances of Officers of the Bengal and Madras Establishments proceeding to, or returning from, their respective Presidencies, via Bombay, we have now to apprize you that the Officers of the Bengal Army whose Corps may be stationed at any place above Allahabad, including the Saugor Division, and the Officers of the Madras Army whose Corps may be stationed to the North of the Kistnah, are to be granted the benefits of the arrangement.

The following Extracts from a Resolution of the Government of India in the General Department, dated the 3d January 1838, containing Rules regarding Military Officers holding Civil Employ and providing for their drawing their Salaries during absence on Sick Certificate, beyond Sea, under the Act 1st Victoria Cap. 47, are also published for general information:

"*Military Officers holding Civil Situations.*

"7. Military Officers employed in the Civil Departments and drawing a Civil allowance are entitled in common with Officers holding Staff Situations in the Military Department to draw the Military Pay and Allowances of their rank while absent at Sea on leave under Medical Certificate, and likewise one half of the difference between such allowances and the Civil or Staff Pay of the Officers to which they stand appointed.

8. The above allowances are to be drawn for a total period not exceeding two years from the date when the vessel in which such Officers embark may leave the Presidency or other Port of departure, and the Civil Situation held by any Officer who shall not return within that period shall be considered vacant.

9. The rules for furnishing Medical Certificates and for regulating the forms and manner of drawing Military allowances during absence on leave have been laid down in General Orders in the Military Department.

10. The Civil Auditor will pass the Bills of Officers on leave beyond Sea under Medical Certificate for the portion of their Civil Salary which they are permitted to draw by those Rules in like manner as is provided for Civil Servants proceeding to Sea on Medical Certificate. But it is hereby provided that Civil allowances shall not be drawn by a Military Officer under this rule after the date of departure beyond Sea unless Security shall have been previously given in such amount as may be fixed by Government.

19. Under the authority of the Provisions contained in the latter part of Clause I. Act I. Victoria, Cap. 47, it is further provided in respect to all the above classes of Officers that if they embark with the permission of Government at any other Presidency than their own, or at any other place or port in India, provided that it be not more distant from their Station than the ports of their own Presidency, the date for the commencement of the operation of the above rules for sick leave beyond Sea shall be that of actual embarkation at such place or port, and not that of leaving the frontier of their own respective Presidencies, and the same privilege in respect to the date of leaving India will be granted to Officers of the several Services referred to embarking at other Presidencies or places in India not more distant from their Station than the ports of their own Presidency, with the leave of Government previously obtained for the purpose of proceeding to Europe on Furlough, or of retiring from the Service altogether.

20. In the above rules no provision is made for the case of Servants of the classes mentioned resigning the Service after leaving their Presidency with the permission of the Government in consequence of sickness. The case of such persons has been considered by the President in Council to require a new rule, which under the term of the Act requires to be submitted for the confirmation of the Hon'ble Court of Directors before it can take effect. It is accordingly declared that the Security to be given by Servants as the condition of their drawing allowances while absent from their Presidency, must provide for the case of such retirement, and the Servants must bind themselves to refund the whole of the allowances so drawn in case of their resignation and departure for Europe without previous return to their Presidency, provided that the New Rules to be established should require such refund."

FORT WILLIAM, 21*st January*, 1839.

No. 9 of 1839.—The following paras. of a Military Letter, No. 80, from the Hon'ble the Court of Directors, to the Governor of the Presidency of Fort William in Bengal, dated the 24th October 1838, are published for general information :

" Para. 1. It is our pleasing duty to express to you the high satisfaction which we have experienced from the receipt of the very favorable report on the discipline of the Bengal Army, contained in the General Order issued by the Commander in Chief on the 12th January 1838, as brought to our notice in your Despatch in this Department, dated the 19th February 1838,—a report which, whilst it is so honorable to the character of the Officers, both European and Native, cannot also but reflect very high credit upon the distinguished Officer who so ably exercises the important and responsible duties of Commander in Chief.

2. In compliance with the application of His Excellency, we have resolved that Mr. Kittoe be restored to his rank and standing in the Bengal Army from the date of the announcement of this decision in General Orders. This resolution has received the concurrence of the Board of Commissioners for the Affairs of India as required by the provisions of the Act of 51 George 3, Cap. 75, Sect. 4 and 5

3. We trust that the future conduct of Mr. Kittoe will be of a nature to prove that he duly estimates the value of the boon now conferred upon him, and that he will learn from past experience effectually to correct that spirit of petulance and disrespect to superior authority, for the indulgence in which, he was so properly brought to trial by Court Martial.

4. We desire that the above paras. be published in General Orders."

I have to congratulate the Proprietors, on the prosperity which continues to attend the transactions of the Bank. The accounts on the table, consisting of the Trustees Account, Balance Sheet, and Statement of Profit and Loss, exhibit a full and satisfactory view of its operations, for the last half year. However, although during that period, a larger business has been done, yet in consequence of the necessary reductions made in the rates of discount, and the division of profits over a doubled number of Shares, the Dividend is less than it has been for several proceding years.

The net amount of profit realised for that period is.. Co's Rs.	3,21,990 14 7
and the undivided Surplus of the previous half year..	22,613 12 9
Give Co.'s Rs.	3,44,604 11 4

which divided on a paid up capital of Co.'s Rs. 71,32,676, affords a dividend of 10 per Cent., (which is the same rate now paying by the Bank of Bengal,) leaving a reserved fund of Co.'s Rs. 31,902-1-0. Eleven per Cent. might now be divided, leaving a small surplus of Rs. 631 ; but the Directors recommend a Dividend of 10 per Cent., or 50 Rs. per share, to be made at present.

The whole of the augmented capital of January, 1838, has been taken up, and of the 40 Lac declared in July last, little more than 8 Lac remain unpaid, which amount is applicable principally to distant proprietors, who have been allowed sufficient time for completing their contributions

A considerable increase has taken place in the number of proprietors who now amount to 410

It is satisfactory to observe, that the circulation of the notes of the Bank has become more extended; the highest amount during the last half year being 608,884, and the lowest 306,192.

The Directors have appointed Mr. G. S. Dick to the office of the Bank's Agent at Mirzapore, and will forthwith make the necessary arrangements for his proceeding thither.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July,* 1838.

MARINE DEPARTMENT.

No 4 OF 1838.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

In our Dispatch in the Public Department dated the 24th January last, (No. 1) we directed you to cause a series of Tide Observations to be made upon an uniform principle at various points on the Coast of India, and in order that such Registry of Tides may be conducted simultaneously with like experiments instituted for the same objects throughout the British Islands and the Maritime States of Europe, we have been at considerable pains to ascertain from those most competent to afford information what description of instruments, apparatus, and process have been generally agreed upon and considered best adapted to insure uniform and correct results. We have now to call your attention to the simple expedients which they have recommended to our acceptance, for such comparatively we consider the apparatus specified in the margin, for seven principal and as many as 18 intermediate stations of less note, including also the requisite instruments for observing the Time and Meteorological phenomena.

Memorandum of the necessary Instruments at each station.

A Barometer with a Daniel's or Leslie's Hygrometer, Thermometer and Sempesometer: Whewell's Anamometer, a Box Chronometer, a Variation Transit, with Gambey's Dip Circle, Gouss' Instrument for the Diurnal Variation.

2. The nature of the observations contemplated do not call for Buildings of a costly or permanent description. At the principal points it may be advisable that the observations should extend through two or at most three entire years in view to the Registry of the changes incident to two or it may be three opposite Monsoons; at all the remaining points a single series of observations, during opposite Monsoons, will suffice for every purpose, practical and philosophical.

3. We are further advised since the observations are to be limited in duration, that they may be carried on consecutively at a certain number of places at a time so that the very same apparatus and instruments employed in the one instance may be transferred at the expiration of such term, and set up with little expense at the remaining stations by the respective parties instructed in the former operations.

4. We have consulted the Lords Commissioners of the Admiralty as to the number and situation of the places where it may be most desirable to institute the more elaborate experiments, and direct accordingly that they may be confined to the following Ports; viz.

Mandne in the Gulf of Cutch.

Cochin or some Port near Cape Comorin.

Some Port near the head of the Bay of Bengal.

Some Port on the Coast of Ava.

Prince of Wales Island, Singapore and Malacca.

Bushire in Gulph of Persia.

5. Macao and Mocha, Suez or Cosseer in the Red Sea, have been also named, but we are doubtful of your means for conducting the observations, especially the more elaborate ones at those places.

6. Other experiments may be made with a simpler apparatus at eighteen intermediate points on the Coast.

7. It appears to us that the greatest difficulty consists in the selection of proper places, sheltered as much as possible from the effects of the external swell to which places the observer may at all times have convenient access, and the selection whereof must unquestionably be delegated to the officer on whom the general management will devolve.

8. In such localities however we are fully satisfied that self-registering Tide Guages, constructed either upon the general principles of that invented by Mr Mitchell, now in operation at Sheerness, or that invented by Mr. Bunt, Civil

Engineer, which is employed at Bristol, are alike applicable to the determination of every desideratum connected with the Theory of the Tides, and far better suited to such investigations than more complex and ingenious machinery which may be subject to many sources of instrumental error, or affected by circumstances peculiar to the climate.

9. If exceptions be taken to the former contrivance in respect of the deal Register Rod, they may be obviated by the substitution of a Tin Tube, or slender Metallic Rod, although we are informed that straight grained, well seasoned deal will not be liable to such irregular curvature or change of form as to affect the accuracy of the experiments, more particularly if coated over occasionally with paint or the common varnish procurable in every bazar.

10. The entire cost of this apparatus, together with the slight temporary superstructure for its reception, is calculated at £150 or £200. In India, where labour and materials are so much cheaper than in this country, the cost certainly ought not to exceed that sum. Of the other designed by Mr Bunt, which we are told is equally exact and efficacious we deem it unnecessary at present to speak more fully, as a description of it is now in course of publication in the Transactions of the Royal Society, who will decide upon its superior fitness.

11. The construction of either of these self-registering Tide Guages being restricted to those places where it may be desirable to have continuous hourly observations, a much simpler contrivance has been suggested for the others, of which we transmit in the packet a description for your information.

12. It is sufficiently plain and easy of construction, the expense attending it therefore cannot be great. We are given to understand that even this in the hands of any one who can note down the observations in writing will, with proper care and attention, afford data of considerable value to Science.

13. It is only necessary to remark further that the time and height of the Tide should invariably be stated and entered immediately in a proper record kept for that purpose, as little or no reliance can be placed on memory or loose memoranda in researches of this nature. The observations should be noted moreover according to mean time as given by a good watch or clock regulated for the place, and not according to solar time, or if the time be corrected by the sun, allowance should be made for the equation of time.

14. With these particulars it is desirable to combine Meteorological observations, with which view proper instruments will be furnished at an early opportunity, together with a complete Tide Guage, and such portions for four other as may be made up at less expense in this country than in India. We are inclined to believe from what Professor Whewell and Major Jervis have represented, that intelligent natives are perfectly competent, under proper supervision, to these experiments, which evidently require a much larger share of patience and attention than intellectual qualifications. This conclusion is grounded on the result of some laborious, and as it may be imagined rather delicate investigations of the hourly oscillations of the barometrical tides, astronomical phenomena and vibrations of the Pendulum, in which with proper training and superintendence they have displayed an aptitude which is highly creditable.

15 It must be clearly borne in mind that while we are anxious that these important objects should be attained with the greatest accuracy, it is very far from our intention to sanction a large outlay; nevertheless to do justice to our intentions qualified persons must be selected and prepared for the work, and the whole machinery must be set in motion and superintended by some one who not only feels an interest in its progress but has the power of controlling the parties employed, and in such capacity will regulate all his proceedings with the strictest economy. Such we are informed by the Lords Commissioners of the Admiralty they consider Major Jervis, as he is in immediate communication with His Royal Highness the President of the Royal Society, and the Philosophers most deeply interested in these enquiries. In this arrangement we are disposed to concur, inasmuch as it will supersede the necessity of any separate charge beyond the allowance this officer will otherwise receive in his proper official capacity after his return to India.

Explanation of the subjoined Sketch (referred to in para. 11 of Marine Letter to the Governor General of India in Council, No. 4, dated 12th September 1838.)

This simple contrivance for registering the Tides consists of a Pole, (it may be a Cocoanut or Beetlenut Tree) firmly imbedded in the ground, to which a vertical Tube is to be lashed of 2 or 3 inches diameter, (it may be either of Tin or a straight Bamboo) corresponding in length to the rise and fall of the Tide where it may be required, and in this a Float, (either of Cork or an air-tight Tin Box) carrying a Staff marked off to feet and inches, to rise and fall with the water in the Tube.

The end of the Tube should be closed up and the sides perforated to allow the free ingress and egress of the water, while the Float within is very slightly, if ever, affected by the oscillation of the waves from without, whereby the steady progressive rise and fall of the Float is thus maintained uniformly the same under all circumstances.

It has an Index consisting of a bit of Wood, or Iron, perforated so as to admit the measuring Staff, and attached to the extremity of a wire in the prolongation of the Tube. This serves equally to guide the Staff, and keep it in a vertical position. The divisions should be marked off and commence when the water is at its mean or some standard level.

This apparatus will serve to shew the greatest and least height of each successive Tide, when immediate access is precluded by stormy weather, by merely fitting two rings on the measuring Staff, one above the other below the Index, which shall move freely, without constraining the ascent of the Float, yet so as to remain on the rod wherever placed.

The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

WEDNESDAY, JANUARY 30, 1839.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 28TH JANUARY, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 28th January, 1839

ACT No OF 1839 A

I. The existing Charter of the Bank of Bengal having been found in many respects inconvenient and imperfect, the Members of the said Corporation have by their Directors applied to the Governor General of India in Council for the amendment thereof, by a new Charter or Act of Incorporation, tendering the surrender thereupon of the said Charter, and the Governor General in Council having assented to such surrender, and to the continuance of the said Corporation as hereinafter declared;—It is hereby enacted, that from the 1st day of May next after the passing of this Act the Charter of the said Bank of Bengal bearing date the 29th May 1823, and the Acts No XIX of 1836 and No XXIV of 1838 relating thereto, shall respectively cease to have effect; and the same are hereby from that day cancelled, save as to such particulars as are herein mentioned or referred to.

II And it is hereby enacted, that the persons who at the time of the determination of the said Charter and Acts aforesaid shall, under the provisions of the said Charter and Acts, be the Proprietors of the Capital Stock of the said Bank of Bengal, shall notwithstanding the determination of the said Charter and Acts continue to be a corporation, body corporate and politic by the name of the Bank of Bengal with perpetual succession to them and their successive Proprietors for the time being of the said Bank as hereinafter mentioned, and to possess and enjoy all the rights, privileges and immunities incident by law to a corporation aggregate.

III And it is hereby enacted, that all property and securities for property, claims and demands whatsoever now vested in or held by the said Bank of Bengal, under and by virtue of the said Charter and Acts, shall immediately on the determination of the said Charter devolve on and become vested and continued in the Bank of Bengal, so continued and incorporated by this Act as aforesaid, and that the said Bank of Bengal so continued and incorporated as aforesaid shall be subject to all debts, demands, claims and liabilities outstanding against the said Bank at the time of such determination of its said Charter as aforesaid, and that no suit or proceeding at Law or in Equity then pending shall cease or abate in consequence of such determination of the said present Charter, and of such renewal and continuance of the said Bank by virtue of this Act.

IV. And it is hereby enacted, that the said Bank so renewed and continued shall and may sue and be sued by its corporate name aforesaid, and shall and may have and use such common seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold either absolutely or conditionally, for a term or in perpetuity, any description of property whatever and to transfer and convey the same

V And it is hereby enacted, that the Capital Stock of the said Bank as constituted under the said present Charter and Acts shall on the determination of the same by virtue of this Act continue to be the Capital Stock of the said Bank so renewed and continued as aforesaid, provided however that it shall be in the power of the Governor General of India in Council from time to time, by resolution notified in the *Calcutta Gazette*, to authorize the said Capital Stock to be increased and to make such order and direction for the opening of subscriptions towards such increase of capital as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank for the time being, and allowing to them a period of not less than twelve months to fill up such subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportions of new Stock to which they may respectively be entitled, and to make such order and direction as to him the said Governor General in Council may seem fit for the disposal of the amount of new Stock that may not be subscribed for and paid up in the manner and form so prescribed

VI And whereas the Capital Stock of the said Bank which by the said Act No. XIX. of 1836 was fixed at 75 lakhs of Rupees divided into 1,875 Shares of 4,000 Rupees each, has by the Resolution of the President of the Council of India in Council, issued and notified to the Proprietors on the 17th October 1838, in conformity with Act No XXIV of 1838 been ordered to be increased by one-half, and whereas a book is now open for subscriptions and payment is now being made of such increased capital in the manner and under the terms and conditions authorized in the said Act No XXIV of 1838, and prescribed in the said order and notice of the President in Council, It is therefore hereby enacted, that the Capital Stock of the said Bank shall on the said 1st May next when this Act shall take effect for the re-incorporation of the said Bank, consist of the said sum of seventy five lakhs of Company's Rupees, together with such further amount as shall on that date have been subscribed and paid into the Bank of Bengal under the order and notice referred to, and the further subscriptions and payments of Capital authorized and ordered as above mentioned shall continue to be received in the manner provided in the said order and notice of the President in Council, and shall be added to the Capital Stock of the Bank as received, accordingly as is prescribed in the said order pased under the authority of the said Act, and the Capital Stock held by the Bank of Bengal on the said 1st May next, together with the further Capital that may be subscribed and paid up as above after that date shall be divided into shares of 4000 Rupees each, or into quarter shares of 1,000 Rupees each in the manner declared and provided by Act No XIX of 1836, and the shares of the said Capital that may be then registered in the name of the Governor General of India in Council, shall be the property of the said Governor General of India in Council for the time being on behalf of the East India Company, together with any new shares or quarter shares for which subscription may be made on account thereof, under the option reserved to the said Governor General of India in Council to that effect in the said order and notice, and the shares and quarter shares registered as belonging to individual Proprietors shall continue to be the property of such Proprietors, and the said Proprietors shall respectively be in the proportion of their several interests Proprietors of the Bank of Bengal as re-incorporated by this Act, and shall hold and enjoy in respect to their several shares and interests the same privileges and privileges, as regards the subscription to fresh Stock under the order and notice referred to, as they would have done if the Bank of Bengal had continued under the Charter and Acts referred to, the re-incorporation of the said Bank by this Act notwithstanding.

VII And it is hereby enacted, that no Proprietor shall be allowed to increase his share in the Capital Stock

of the said Bank beyond the amount of one lakh and sixty thousand Rupees, excepting on occasion of any increase being made to the Capital Stock of the said Bank under the authority of the Governor General in Council in the manner prescribed in Section V. in which case any Proprietor holding Stock to the full amount of one lakh and sixty thousand Rupees, shall notwithstanding be entitled to subscribe to the increased Capital Stock in a rateable proportion; and excepting any addition to his interest in the said Capital Stock arises from succession, bequest or marriage.

VIII. And it is hereby enacted, that a certificate signed by three Directors of the said Bank shall be delivered to the Proprietor or Proprietors of all the said shares of the Capital Stock of the said Bank, upon demand made by the holder of such share, and that any person who is a Proprietor of more than one such share, may at his option demand a certificate for each of his shares, or one certificate for all his shares, or several certificates, each of which may be for any number of his shares.

IX. And it is hereby enacted, that the said share or shares of the Capital Stock of the said Bank shall be of the nature of personal estate of the Proprietors thereof respectively, and that the same shall be transferable by endorsement to be made on such certificates thereof respectively, under the hand of the Proprietor or Proprietors, or his, her or their Attornies duly authorized, which endorsement shall specify the name of the person or persons to whom the said transfer shall be made, provided that no such endorsement shall be effectual to transfer any such share or shares until such endorsement shall have been registered at the Bank of Bengal, and such registration shall have been noted on such endorsement under the hand of an Officer appointed for that purpose by the Directors of the said Bank.

X. And it is hereby enacted, that the said corporate body, so renewed and continued as aforesaid, shall consist and be composed of the registered Proprietors for the time being of the said shares of the Capital Stock of the said Bank, and of no other person or persons whatsoever.

XI. And it is hereby enacted, that the business of the said Bank shall be managed by nine Directors, of whom three shall be appointed and removable by the Governor General of India in Council, and the remaining six shall be elected by a General Meeting of the Proprietors of the said Bank, and removable by vote of the majority of a General Meeting of the said Proprietors.

XII. And it is hereby enacted that the persons who, at the time of such determination of the said present Charter and Acts as aforesaid, shall be Directors of the said Bank, shall thereafter continue to be Directors of the said Bank so renewed and continued as aforesaid.

XIII. And it is hereby enacted, that two of the six Directors elected and to be elected by the said Proprietors shall in rotation go out of office on the second Monday in the month of December in every year, on which day in every year a General Meeting of Proprietors shall be held for the election of two Directors in their stead—provided always that any Director going out by rotation as aforesaid may not be re-elected at the election which takes place thereupon—provided also that the rotation existing at the time of such determination as aforesaid of the said present Charter and Acts shall continue to be observed.

XIV. And it is hereby enacted, that in case of the death, resignation, or absence from Calcutta for more than three months, or removal as aforesaid of any Directors elected or to be elected by the said Proprietors, the Directors shall call a General Meeting of the Proprietors to be held within fifteen days for the purpose of chusing a successor, and such successor shall come into the same place in the rotation abovementioned in which the Director was.

XV. And it is hereby enacted, that no person shall be capable of serving as a Director by election of the said Proprietors who shall not be Proprietor in his own right, and unincumbered of three shares or 12,000 Rupees of the Capital Stock of the Bank of Bengal, or who shall be a Director of any other Bank issuing Notes payable on demand within the Town or Suburbs of Calcutta.

XVI. And it is hereby enacted, that at General Meetings of the Proprietors every election and other matter in question shall be decided by a majority of votes, and that no person shall be allowed to vote at any such Meeting in respect of any share of the said Capital Stock acquired by transfer or purchase or otherwise than by act of law, unless such transfer shall have been completed six months at the least before the time of tendering such vote.

XVII. And it is hereby enacted, that at all such General Meetings the Proprietors shall vote according to the following scale;

XX. And it is hereby enacted, that at the first Meeting of the Directors in every year they shall choose a President from among themselves, and if the office of President shall become vacant they shall at their next Meeting choose a successor for the remainder of the current year, and that during any vacancy or in the absence of the President the senior Director shall be Vice-President for the time, and that such President or Vice-President shall have the casting vote in all cases of an equal division of votes at Meetings either of Directors or Proprietors.

XXI. And it is hereby enacted, that the presence of at least three Directors shall be necessary to form a board for the transaction of business, and the said Directors shall establish a weekly rotation among themselves, so that not less than three Directors may attend every Meeting of Directors, provided always, that nothing herein contained shall be held to preclude any Director from attending any Meeting of Directors.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

Medical Topography of Calcutta,

(Royal 8vo. 190 Pages, with 2 Maps. Price 5 Rs.)

BY JAMES RANALD MARTIN,

Presidency Surgeon and Surgeon to the Native Hospital.

PRINTED BY ORDER OF GOVERNMENT.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July,* 1838.

THE 28TH JANUARY, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 28th January, 1839.

ACT No. OF 1839. A.

I. The existing Charter of the Bank of Bengal having been found in many respects inconvenient and imperfect, the Members of the said Corporation have by their Directors applied to the Governor General of India in Council for the amendment thereof, by a new Charter or Act of Incorporation, tendering the surrender thereupon of the said Charter, and the Governor General in Council having assented to such surrender, and to the continuance of the said Corporation as hereinafter declared;—It is hereby enacted, that from the 1st day of May next after the passing of this Act the Charter of the said Bank of Bengal bearing date the 29th May 1823, and the Acts No. XIX of 1836 and No. XXIV. of 1838 relating thereto, shall respectively cease to have effect; and the same are hereby from that day cancelled, save as to such particulars as are herein mentioned or referred to.

II. And it is hereby enacted, that the persons who at the time of the determination of the said Charter and Acts aforesaid shall, under the provisions of the said Charter and Acts, be the Proprietors of the Capital Stock of the said Bank of Bengal, shall notwithstanding the determination of the said Charter and Acts continue to be a corporation, body corporate and politic by the name of the Bank of Bengal with perpetual succession to them and their successive Proprietors for the time being of the said Bank as hereinafter mentioned, and to possess and enjoy all the rights, privileges and immunities incident by law to a corporation aggregate.

III. And it is hereby enacted, that all property and securities for property, claims and demands whatsoever now vested in or held by the said Bank of Bengal, under and by virtue of the said Charter and Acts, shall immediately on the determination of the said Charter devolve on and become vested and continued in the Bank of Bengal, so continued and incorporated by this Act as aforesaid, and that the said Bank of Bengal so continued and incorporated as aforesaid shall be subject to all debts, demands, claims and liabilities outstanding against the said Bank at the time of such determination of its said Charter as aforesaid, and that no suit or proceeding at Law or in Equity then pending shall cease or abate in consequence of such determination of the said present Charter, and of such renewal and continuance of the said Bank by virtue of this Act.

IV. And it is hereby enacted, that the said Bank so renewed and continued shall and may sue and be sued by its corporate name aforesaid, and shall and may have and use such common seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold either absolutely or conditionally, for a term or in perpetuity, any description of property whatever and to transfer and convey the same.

And it is hereby enacted, that the Capital Stock of the said Bank as constituted under the said present Charter and Acts shall on the determination of the same by virtue of this Act continue to be the Capital Stock of the said Bank so renewed and continued as aforesaid, provided however that it shall be in the power of the Governor General of India in Council from time to time, by resolution notified in the *Calcutta Gazette*, to authorise the said Capital Stock to be increased and to make such order and direction for the opening of subscriptions towards such increase of capital as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank for the time being, and allowing to them a period of not less than twelve months to fill up such subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportions of new Stock to which they may respectively be entitled, and to make such order and direction as to him the said Governor General in Council may seem fit for the disposal of the amount of new Stock that may not be subscribed for and paid up in the manner and form so prescribed.

VI. And whereas the Capital Stock of the said Bank which by the said Act No. XIX. of 1836 was fixed at 75 lakhs of Rupees divided into 1,875 Shares of 4,000 Rupees each, has by the Resolution of the President of the Council of India in Council, issued and notified to the Proprietors on the 17th October 1838, in conformity with Act No. XXIV. of 1838 been ordered to be increased by one-half, and whereas a book is now open for subscriptions and payment is now being made of such increased capital in the manner and under the terms and conditions authorized in the said Act No. XXIV. of 1838, and prescribed in the said order and notice of the President in Council, It is therefore hereby enacted, that the Capital Stock of the said Bank shall on the said 1st May next when this Act shall take effect for the re-incorporation of the said Bank, consist of the said sum of seventy five lakhs of Company's Rupees, together with such further amount as shall on that date have been subscribed and paid into the Bank of Bengal under the order and notice referred to, and the further subscriptions and payments of Capital authorized and ordered as above mentioned shall continue to be received in the manner provided in the said order and notice of the President in Council, and shall be added to the Capital Stock of the Bank as received, accordingly as is prescribed in the said order passed under the authority of the said Act, and the Capital Stock held by the Bank of Bengal on the said 1st May next, together with the further Capital that may be subscribed and paid up as above after that date shall be divided into shares of 4000 Rupees each, or into quarter shares of 1,000 Rupees each in the manner declared and provided by Act No. XIX. of 1836, and the shares of the said Capital that may be then registered in the name of the Governor General of India in Council, shall be the property of the said Governor General of India in Council for the time being on behalf of the East India Company, together with any new shares or quarter shares for which subscription may be made on account thereof, under the option reserved to the said Governor General of India in Council to that effect in the said order and notice, and the shares and quarter shares registered as belonging to individual Proprietors shall continue to be the property of such Proprietors, and the said Proprietors shall respectively be in the proportion of their several interests Proprietors of the Bank of Bengal as re-incorporated by this Act, and shall hold and enjoy in respect to their several shares and interests the same precise rights and privileges, as regards the subscription to fresh Stock under the order and notice referred to, as they would have done if the Bank of Bengal had continued under the Charter and Acts referred to, the re-incorporation of the said Bank by this Act notwithstanding.

VII. "Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place

The code of Hygeinic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement

It presents an admirable specimen of what a treatise on Medical Topography ought to be"—*From the Medico-Chirurgical Review, No. 57, for July,* 1838

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Petre and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 28TH JANUARY, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 28th January, 1839.

ACT No. OF 1839 A.

I. The existing Charter of the Bank of Bengal having been found in many respects inconvenient and imperfect, the Members of the said Corporation have by their Directors applied to the Governor General of India in Council for the amendment thereof, by a new Charter or Act of Incorporation, tendering the surrender thereupon of the said Charter, and the Governor General in Council having assented to such surrender, and to the continuance of the said Corporation as hereinafter declared;—It is hereby enacted, that from the 1st day of May next after the passing of this Act the Charter of the said Bank of Bengal bearing date the 29th May 1823, and the Acts No. XIX. of 1836 and No. XXIV. of 1838 relating thereto, shall respectively cease to have effect; and the same are hereby from that day cancelled, save as to such particulars as are herein mentioned or referred to.

II. And it is hereby enacted, that the persons who at the time of the determination of the said Charter and Acts aforesaid shall, under the provisions of the said Charter and Acts, be the Proprietors of the Capital Stock of the said Bank of Bengal, shall notwithstanding the determination of the said Charter and Acts continue to be a corporation, body corporate and politic by the name of the Bank of Bengal with perpetual succession to them and their successive Proprietors for the time being of the said Bank as hereinafter mentioned, and to possess and enjoy all the rights, privileges and immunities incident by law to a corporation aggregate.

III. And it is hereby enacted, that all property and securities for property, claims and demands whatsoever now vested in or held by the said Bank of Bengal, under and by virtue of the said Charter and Acts, shall immediately on the determination of the said Charter devolve on and become vested and continued in the Bank of Bengal, so continued and incorporated by this Act as aforesaid, and that the said Bank of Bengal so continued and incorporated as aforesaid shall be subject to all debts, demands, claims and liabilities outstanding against the said Bank at the time of such determination of its said Charter as aforesaid, and that no suit or proceeding at Law or in Equity then pending shall cease or abate in consequence of such determination of the said present Charter, and of such renewal and continuance of the said Bank by virtue of this Act.

IV. And it is hereby enacted, that the said Bank so renewed and continued shall and may sue and be sued by its corporate name aforesaid, and shall and may have and use such common seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold either absolutely or conditionally, for a term or in perpetuity, any description of property whatever and to transfer and convey the same.

V. And it is hereby enacted, that the Capital Stock of the said Bank as constituted under the said present Charter and Acts shall on the determination of the same by virtue of this Act continue to be the Capital Stock of the said Bank so renewed and continued as aforesaid, provided however that it shall be in the power of the Governor General of India in Council from time to time, by resolution notified in the *Calcutta Gazette*, to authorize the said Capital Stock to be increased and to make such order and direction for the opening of subscriptions towards such increase of capital as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank for the time being, and allowing to them a period of not less than twelve months to fill up such subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportions of new Stock to which they may respectively be entitled, and to make such order and direction as to him the said Governor General in Council may seem fit for the disposal of the amount of new Stock that may not be subscribed for and paid up in the manner and form so prescribed.

VI. And whereas the Capital Stock of the said Bank which by the said Act No. XIX. of 1836 was fixed at 75 lakhs of Rupees divided into 1,875 Shares of 4,000 Rupees each, has by the Resolution of the President of the Council of India in Council, issued and notified to the Proprietors on the 17th October 1838, in conformity with Act No. XXIV. of 1838 been ordered to be increased by one-half, and whereas a book is now open for subscriptions and payment is now being made of such increased capital in the manner and under the terms and conditions authorized in the said Act No. XXIV. of 1838, and prescribed in the said order and notice of the President in Council, It is therefore hereby enacted, that the Capital Stock of the said Bank shall on the said 1st May next when this Act shall take effect for the re-incorporation of the said Bank, consist of the said sum of seventy five lakhs of Company's Rupees, together with such further amount as shall on that date have been subscribed and paid into the Bank of Bengal under the order and notice referred to, and the further subscriptions and payments of Capital authorized and ordered as above mentioned shall continue to be received in the manner provided in the said order and notice of the President in Council, and shall be added to the Capital Stock of the Bank as received, accordingly as is prescribed in the said order pased under the authority of the said Act, and the Capital Stock held by the Bank of Bengal on the said 1st May next, together with the further Capital that may be subscribed and paid up as above after that date shall be divided into shares of 4000 Rupees each, or into quarter shares of 1,000 Rupees each in the manner declared and provided by Act No. XIX. of 1836, and the shares of the said Capital that may be then registered in the name of the Governor General of India in Council, shall be the property of the said Governor General of India in Council for the time being on behalf of the East India Company, together with any new shares or quarter shares for which subscription may be made on account thereof, under the option reserved to the said Governor General of India in Council to that effect in the said order and notice, and the shares and quarter shares registered as belonging to individual Proprietors shall continue to be the property of such Proprietors, and the said Proprietors shall respectively be in the proportion of their several interests Proprietors of the Bank of Bengal as re-incorporated by this Act, and shall hold and enjoy in respect to their several shares and interests the same precise rights and privileges, as regards the subscription to fresh Stock under the order and notice referred to, as they would have done if the Bank of Bengal had continued under the Charter and Acts referred to, the re-incorporation of the said Bank by this Act notwithstanding.

VII. And it is hereby enacted, that no Proprietor shall be allowed to increase his share in the Capital Stock of the said Bank beyond the amount of one lakh and sixty thousand Rupees, excepting on occasion of any increase being made to the Capital Stock of the said Bank under the authority of the Governor General in Council in the

manner prescribed in Section V. in which case any Proprietor holding Stock to the full amount of one lakh and sixty thousand Rupees, shall notwithstanding be entitled to subscribe to the increased Capital Stock in a rateable proportion; and excepting any addition to his interest in the said Capital Stock arises from succession, bequest or marriage.

VIII. And it is hereby enacted, that a certificate signed by three Directors of the said Bank shall be delivered to the Proprietor or Proprietors of all the said shares of the Capital Stock of the said Bank, upon demand made by the holder of such share, and that any person who is a Proprietor of more than one such share, may at his option demand a certificate for each of his shares, or one certificate for all his shares, or several certificates, each of which may be for any number of his shares.

IX. And it is hereby enacted, that the said share or shares of the Capital Stock of the said Bank shall be of the nature of personal estate of the Proprietors thereof respectively, and that the same shall be transferable by endorsement to be made on such certificates thereof respectively, under the hand of the Proprietor or Proprietors, or his, her, or their Attornies duly authorized, which endorsement shall specify the name of the person or persons to whom the said transfer shall be made, provided that no such endorsement shall be effectual to transfer any such share or shares until such endorsement shall have been registered at the Bank of Bengal, and such registration, shall have been noted on such endorsement under the hand of an Officer appointed for that purpose by the Directors of the said Bank.

X. And it is hereby enacted, that the said corporate body, so renewed and continued as aforesaid, shall consist and be composed of the registered Proprietors for the time being of the said shares of the Capital Stock of the said Bank, and of no other person or persons whatsoever.

STEAM DEPARTMENT.—Notice is hereby given, that it is the intention of the Hon'ble the Governor in Council to despatch a Steamer for Suez, on Monday, the 25th of March next.

By Order of the Hon'ble the Governor in Council,

(Signed) E. M. WOOD, Lieut.-Col.,

Secy. to Government.

Bombay Castle, 25th January, 1839.

With reference to the above advertisement, Notice is hereby given, that the latest safe date for the transmission of Letters, hence to Bombay, which may be intended for the March Steamer, will be the 11th Proximo; but from the great increase in the number of Letters, &c., sent on these occasions, and consequent increase in the weight of the Mails, it is very earnestly recommended, that dates earlier than that above mentioned may, where conveniently practicable, be selected by individuals for the transmission of their Letters to Bombay.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so but into the nature and treatment of the Endemic diseases of the place

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement

It presents an admirable specimen of what a treatise on Medical Topography ought to be"—*From the Medico-Chirurgical Review, No. 57, for July, 1838*

BY JAMES RANALD MARTIN,
Presidency Surgeon and Surgeon to the Native Hospital
PRINTED BY ORDER OF GOVERNMENT

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction

With reference to the above advertisement, Notice is hereby given, that the latest safe date for the transmission of Letters, hence to Bombay, which may be intended for the March Steamer, will be the 11th Proximo, but from the great increase in the number of Letters, &c, sent on these occasions, and consequent increase in the weight of the Mails, it is very earnestly recommended, that dates earlier than that above mentioned may, where conveniently practicable, be selected by individuals for the transmission of their Letters to Bombay.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

CIVIL FUND.

Proceedings at a Half Yearly General Meeting of the Subscribers to the Civil Fund, holden at the Town Hall on Monday, the 18th day of February, 1839.

PRESENT.

C. TUCKER, ESQ., in the Chair.

Messrs. J. French.	Hon'ble R. Forbes.
„ W. Braddon.	Messrs. J. Thomason.
„ C. Morley.	„ H. F. James.
„ J. Curtis.	„ E. V. Irwin.
„ F. C. Smith.	„ G. F. McClintock.
„ G. Mainwaring.	„ H. R. Alexander.
„ T. P. Biscoe.	„ J. S. Torrens.
„ J. F. M. Reid.	„ J. H. Young.
„ F. Millett.	„ G. P. Leycester.

1. Read a letter from Mr. J. H. Barlow, of the Civil Service, dated the 27th October 1838, requesting the opinion of the Managers on the following point; viz.—Whether the family of a Subscriber who had retired on the Annuity twelve years ago, would be entitled to the benefits of the Fund in case of their being hereafter left unprovided for at his death, although the contribution of such Subscriber at the time of his retirement did not amount to, or was not made up to the sum of 25,000 Rupees, including interest.

Read also the reply of the majority of the Managers, dated the 1st November 1838, to the effect, that as the old Rules no longer exist, no claim arising after the date of their repeal can be founded on them, and that all Subscribers therefore, who have retired from the service, must make up their Subscription to 25,000 Rupees if desirous of retaining their claims on the Fund.

Resolution proposed by Mr. F. C. Smith, seconded by Mr. J. French,—

"That it is the opinion of this Meeting, that any Subscriber who shall have retired from the service prior to the 1st January 1838, and whose contribution to the Fund amounted at the time of his retirement to 5,000 Rupees principal, or who at the time of quitting the service, paid to the Fund what may have been wanting to complete his contribution to that amount, according to the 35th Article of the Rules then in force, has secured to his family the benefits of the Institution in the event of their being hereafter left unprovided for at his death. The pension and allowances of such family to be fixed according to the new Rules of the Fund."

Amendment proposed by Mr. J. H. Young, seconded by Mr. J. S. Torrens, and carried by a majority of 12 votes to 7,—

"That as the old Rules no longer exist, no claim arising after the date of their repeal, can be founded on them, and therefore that the reply of the Managers to Mr. Barlow's letter, be approved of."

2. Read a letter from the Hon'ble Mrs. Shore, widow of the late Hon'ble F. J. Shore, dated the 2d August 1838, informing the Managers that the Hon'ble E. I. Company had granted her a pension of £200 per annum, in consideration of the high sense they entertain of her late husband's services, and requesting to know whether, as by this grant her income had been increased to £560 per annum, her children would be deprived of the benefits of the Institution, and a note from Lord Teignmouth on the same subject, dated 6th August 1838.

Read also the Resolution of the Managers on the above address, to the effect—

That as the total annual income of Mrs. Shore and her family, calculated according to the Rules of the Fund, now amounts to £615, and the maximum amount of pension and allowances assignable from the Fund, would amount only to £490 per annum, Mrs. Shore and family have at present no claim on the Institution.

Resolved nem. con. "that the Proceedings of the Managers on this case be confirmed."

3. Read Proceedings of the Committee of Managers, dated the 30th August 1838, stating the result of the votes on the question of the mode of levying the 25,000 Rupees annual surplus, viz.

For the surplus being levied on Married and Widower Subscribers desirous of retaining their interest in the Fund,.........	54
For the surplus being levied on the Subscribers at large,.....	58

and recording the following Resolutions on the subject:

"The Managers considering the importance of the "question involved in this vote, and that in its results "it will affect the rate of subscription of every Member "of the Fund, and having ascertained also that if

"carried according to the present state of the votes, "the Rule so established would occasion the loss of "many Subscribers who now continue on the Fund "from motives of charity, without prospect of benefit "of any kind to their families, are unwilling to accept "so small a majority as conclusive upon the point.

"Agreed, therefore, to hold over to the next Ge- "neral Meeting in January next, the adoption of fur- "ther Proceedings under the Rule submitted to the "Subscribers on this occasion.

"Resolved,—That the above Resolutions be submit- "ted to the General Meeting referred to without being "previously published in the *Gazette* and other news- "papers."

Resolution proposed by Mr. F. Millett, seconded by Mr. J. F. M. Reid, and carried by a majority of 14 votes to 2,—

"That this Meeting has no power to suspend the operation of a Rule which has been finally adopted after reference to the Subscribers at large; and that the Managers be therefore directed to give effect to the Resolution on this subject passed at the Half Yearly General Meeting, holden on the 30th July 1838, viz. "The Managers to publish the result in the *Govern-* "*ment Gazette* and two daily papers, and to take mea- "sures for the levy of the additional cess accordingly— "additional cess to begin from 1st November next "(1838.")

4. Read an application dated 7th December 1838, accompanied by the necessary documents, from Mrs. Halhed, widow of the late Mr. N. J. Halhed, claiming the benefits of the Fund in behalf of herself and children.

Resolved,—That Mrs. Halhed and Family be admitted to the benefits of the Institution.

5. Read a letter from the Hon'ble W. W. Bird, Esq., submitting, at the request of the Widow of a Civil Servant, dependent on the Fund, the following question connected with Clause Third, Article XXII of the Rules, for the determination of the Meeting, viz. whether the declaration required from a Widow, in regard to the property or income, of which she may have become possessed since her admission to the benefits of the Institution, is to include property, or income, acquired by savings from the Pension allowed her from the Fund, or only property, or income, acquired by inheritance, bequest, or in any other way.

Resolved, nem. con., "That bona fide savings from the Pension assigned to a Widow from the Fund, are not subsequent acquisitions within the meaning of Clause Third, Art. XXII of the Rules."

6. Read a Report from Mr. J. P. Grant on the state of the Records and Accounts of the Fund; setting forth various irregularities in the mode of realizing and bringing to account the monthly contributions of the Subscribers, and the heavy losses sustained by the Fund in consequence, and suggesting measures for redeeming such losses as far as practicable, and for preventing them in future. Also expressing his readiness to undertake gratuitously the duties of Secretary to the Civil Fund in conjunction with the Secretaryship of the Annuity Fund, and proposing a new scale of regular Establishment at a cost of Rupees 220 per mensem, by which arrangements a monthly saving of Rupees 110 will be effected; and the entertainment of a temporary Establishment of Writers at the rate of 300 Rupees per mensem for placing the Accounts of the past period on a proper footing.

Read also the Proceedings of the Managers on the above Report, under date the 20th December last, in which they strongly recommend the permanent union of the office of Secretary of the Fund, with that of the Secretary of the Annuity Fund, and the adoption of the measures proposed by Mr. Grant; and they express "their sense of obligation to that Gentleman "for the disinterested offer made by him to conduct "the duties of the Civil Fund gratuitously, and their "conviction that the interests of the Fund will largely "benefit by the zeal, intelligence, and experience, that "he will bring to bear upon its affairs." And they resolve—"That Mr. J. P. Grant be appointed Honorary "Secretary to the Fund; and that, subject to the ap- "proval of the next General Meeting of Subscribers, "the extraordinary and regular Establishments speci- "fied, be entertained by him."

Resolved,—"That, with reference to Articles VII. and VIII. of the old Rules, it be recommended to the Managers further to examine whether deputation and other extra allowances were formerly considered as chargeable with the contribution to the Fund; and that, subject to the result of such further enquiry, the Proceedings of the Managers be fully approved and confirmed: and that the best thanks of the Meeting be offered to Mr. J. P. Grant, for the gratuitous aid of his valuable services in superintending the details of the Fund."

7. The following Gentlemen were elected Managers for the ensuing year:

Messrs. J. F. M. Reid.	Messrs. J. P. Grant.
„ F. Millett.	„ J. H. Young.
„ J. Lowis.	

Thanks were then voted to the Chairman, and the Meeting broke up.

C. TUCKER,
Chairman.

NOTICE IS HEREBY GIVEN, that Tenders will be received at this Office at or before noon, on the 15th of April 1839, for the delivery of the best Burdwan Coal, or of Coal not inferior to the best Burdwan Coal to the Government Steam Vessels, for a term of one year at all, or at any one or more of the following places throughout the year:—

	Bazar mds.

Monghyr,	10000
Barr,	6000
Dinapore,	12000
Ghazeepore,	10000

Sirdah,	500

2d.—The Contractors will be required to maintain constantly in each Depot, Coal sufficient for three months supply to the Steamers on the above calculation.

3rd.—The above are perhaps the largest supplies that will be wanted at each Station, they are probably greater than will be required, the Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times obtain the information necessary to guide them in their shipments, by application at this Office.

4th.—It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies for the unexpired term of their contract to any quantity not exceeding fifty per cent. or one half beyond the quantities already specified.

5th.—The contracting parties will be required to commence supplying Coal at the several Depots respectively, on the 1st of October 1839, or as soon after that day as the present Contractors shall have issued the last of their Coal, of which due notice will be given from this Office.

6th.—The contracting parties will be required to enter into a Penalty Bond, with Sureties for the due fulfilment of their contract, and failing of that for reimbursement to Government of any monies that may be paid to them in advance, and not duly and fully accounted for by deliveries of Coal, the amount of penalty to be once and a half the value of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

7th.—On signing the contract, an advance of fifty per cent. will be made to the contracting parties, under the security referred to in the 6th condition of this advertisement, on the value of the entire quantity of Coal to be supplied under the contract calculated at the contract prices, 25 per cent. will be paid for the quantity of Coal supplied to any Steam Vessel, on the production at this office of a receipt signed by the Commander or Commanding Officer of such Steam Vessel, and the account will be finally balanced and adjusted on the expiration of the contract.

8th.—In the event of a breach of the contract or the non-fulfilment of any of the clauses of the contract, it is to be optional with the Marine Board to levy from the contracting parties or their sureties the penalty thereby incurred, or to take measures for remedying as far as may be practicable the inconvenience arising out of such breach or non-fulfilment of contract and charge against the Contractors, all expenses that may be incurred in so doing.

9th.—And with reference to the foregoing conditions it is to be understood, that the demurrage or the detention occasioned to the Steam Vessels and Accommodation Vessels through such failure of the Contractor will be charged at 400 Rupees per day of 12 hours, and that when wood may be provided as a substitute for Coal, five maunds of dry wood will be taken as equivalent to one maund of Coal.

10th.—The Tenders are to specify the rate at which the best Burdwan Coal, or Coal not inferior to the best Burdwan Coal, will be supplied per one hundred bazar maunds. They are to be made out according to a form to be seen at the Controller's Office. They are to be sent in sealed on or before noon, on the 15th day of April 1839, superscribed 'Tenders for the supply of Coal for Internal Navigation,' and to be addressed to the Controller of Government Steam Vessels at this Office.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills ; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England ; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills, also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The undermentioned Extracts from a Despatch from the Hon'ble Court of Directors, dated 19th December, No 31 of 1838, are published for general information:

Para 1. "Complaints have been made in this country of the expense occasioned by the practice of the indiscriminate transmission of Letters and Packages by the Overland Mails. This is a practice which, independent of the private inconvenience which it occasions, has a tendency to impede the Public Service by overloading the Daks, and we desire that in future no Letters or Packages be forwarded overland unless specially superscribed to be sent by that mode of conveyance.

2. In adopting the regulation now suggested, it will be proper, in order to avert disappointment, to give publicity to the change of practice.

3. The last Mail via Malta, brought numerous printed copies of a Memorial from Mr. Thomas Baber of the Bombay Civil Service, one of which was addressed to each Member of the Court. The copies of the Memorial (upon each of which a charge for Postage to the extent of £12 was demanded) have of course been refused, but as considerable trouble and inconvenience must be occasioned by a repetition of such a proceeding, we desire that you will take measures for giving publicity to the Post Office Regulations of this country under which the receipt of Letters by the overland mail is restricted—a copy of the Regulations in question is forwarded (a No. in the Packet.)

Under the authority of the Lords Commissioners of Her Majesty's Treasury, the Chairman, Deputy Chairman, Secretary and Assistant Secretary to the East India Company, have the personal privilege of receiving letters free of Postage from the East Indies by Packet via the Mediterranean; but the privilege does not extend to any other Director or Officer of the Company."

By order of the Hon'ble the President of the Council of India in Council,

H. T. PRINSEP,

Secy. to the Govt. of India.

4th.—It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies for the unexpired term of their contract to any quantity not exceeding fifty per cent. or one half beyond the quantities already specified.

5th.—The contracting parties will be required to commence supplying Coal at the several Depôts respectively, on the 1st of October 1839, or as soon after that day as the present Contractors shall have issued the last of their Coal, of which due notice will be given from this Office.

6th.—The contracting parties will be required to enter into a Penalty Bond, with Sureties for the due fulfilment of their contract, and failing of that for reimbursement to Government of any monies that may be paid to them in advance, and not duly and fully accounted for by deliveries of Coal, the amount of penalty to be once and a half the value of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

7th.—On signing the contract, an advance of fifty per cent. will be made to the contracting parties, under the security referred to in the 6th condition of this advertisement, on the value of the entire quantity of Coal to be supplied under the contract calculated at the contract prices, 25 per cent. will be paid for the quantity of Coal supplied to any Steam Vessel, on the production at this office of a receipt signed by the Commander or Commanding Officer of such Steam Vessel, and the account will be finally balanced and adjusted on the expiration of the contract.

8th.—In the event of a breach of the contract or the non-fulfilment of any of the clauses of the contract, it is to be optional with the Marine Board to levy from the contracting parties or their sureties the penalty thereby incurred, or to take measures for remedying as far as may be practicable the inconvenience arising out of such breach or non-fulfilment of contract and charge against the Contractors, all expenses that may be incurred in so doing.

9th.—And with reference to the foregoing conditions it is to be understood, that the demurrage or the detention occasioned to the Steam Vessels and Accommodation Vessels through such failure of the Contractor will be charged at 400 Rupees per day of 12 hours, and that when wood may be provided as a substitute for Coal, five maunds of dry wood will be taken as equivalent to one maund of Coal.

10th.—The Tenders are to specify the rate at which the best Burdwan Coal, or Coal not inferior to the best Burdwan Coal, will be supplied per one hundred bazar maunds. They are to be made out according to a form to be seen at the Controller's Office. They are to be sent in sealed on or before noon, on the 15th day of April 1839, superscribed 'Tenders for the supply of Coal for Internal Navigation,' and to be addressed to the Controller of Government Steam Vessels at this Office.

11th.—Three maunds of the Coal intended to be supplied are to be sent to this Office, where it will be retained for future reference in case of dispute, with reference to quality of deliveries.

12th.—The Marine Board reserve to themselves the option of rejecting any Tender, without assigning a reason for so doing.

By order of the Marine Board,

J. H. JOHNSTON.

Controller of Govt. Steam Vessels.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

Extracts from a Letter from the Agent to Governor General Saugor and Nerbudda Territories, dated 26th December, 1838.

2. "The entire number of cases committed for trial was 57,—two of these commitments, Nos. 20 and 29, were however annulled, and the number of trials in consequence was 55,—of the trials, 25 were supplements to those held by my predecessors—10 were on charges of murders that had not formed the subject of a preceding trial, one No. 37, involved two Courts, viz., 1, a charge for a particular murder, and 2dly, the general one of having belonged to a gang of Thugs under Act XXX. of 1836, and 19 were restricted entirely to the general charge.

3. Agreeably to the number of prisoners in each commitment, 180 persons stood convicted for trial at the Sessions, but as several of the prisoners were committed in more than one case, the actual number of individuals for trial was 121, and their trials terminated as follows, viz.

		Persons.
1.	Sentenced to death, ...	13
2.	,, Transportation for life, ...	70
3.	,, Imprisonment for life, ...	25
4.	,, Ditto, until it may be safe to release on security,	2
5.	,, Acquittal but ordered to give security, ...	3
6.	,, Deceased after commitment,	2
7.	,, Commitment annulled, ...	6
	Total	121

4. Of the prisoners capitally sentenced six were convicted as Jemadars, six as Bhurtoles or stranglers, and one as a Shumsea or holder of hands—those transported for life were proved to have been concerned in the murders charged to them, and those imprisoned for life were convicted of having belonged to a gang of Thugs.

5. The evidence brought forward on the trials consisted of the testimony of approvers, the exhumation of bodies of persons massacred by the prisoners, and confessions before me at the trial or before the Officiating General Superintendent and his Assistants. Inclusive of the deceased Sheikh Daood before alluded to, ten of the convicted Thugs pleaded guilty on their trial to the charges preferred against them, and of these, three were capitally punished, and six were transported. Twenty-three others confessed before the Officiating General Superintendent, and of them three were sentenced to death, eighteen to transportation, and two to imprisonment for life, and nine more made confessions before the Assistants to the General Superintendent, of whom five were transported and four imprisoned for life, and it thus appears that 42 of the prisoners committed for trial had acknowledged their connection with the profession followed by them, in the presence of an European Officer."

Ordered, that the foregoing Resolution be published for general information in the Calcutta and Delhi Gazettes, and Agra Ukhbar.

NOTES
ON THE
Medical Topography of Calcutta,
(Royal 8vo. 190 Pages, with 2 Maps. Price 5 Rs.)
BY JAMES RANALD MARTIN,
Presidency Surgeon and Surgeon to the Native Hospital
PRINTED BY ORDER OF GOVERNMENT.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS
FOR
MAKING ADVANCES IN INDIA AND CHINA,
UPON
The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.
	Ditto.............. Ditto..............	Madras.
	Ditto.............. Ditto..............	Bombay.
	Per Spanish Dollar Ditto.......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Petre and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

2d.—The Contractors will be required to maintain constantly in each Depot, Coal sufficient for three months supply to the Steamers on the above calculation.

3rd.—The above are perhaps the largest supplies that will be wanted at each Station, they are probably greater than will be required, the Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times obtain the information necessary to guide them in their shipments, by application at this Office.

4th.—It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies for the unexpired term of their contract to any quantity not exceeding fifty per cent. or one half beyond the quantities already specified.

5th.—The contracting parties will be required to commence supplying Coal at the several Depôts respectively, on the 1st of October 1839, or as soon after that day as the present Contractors shall have issued the last of their Coal, of which due notice will be given from this Office.

6th.—The contracting parties will be required to enter into a Penalty Bond, with Sureties for the due fulfilment of their contract, and failing of that for reimbursement to Government of any monies that may be paid to them in advance, and not duly and fully accounted for by deliveries of Coal, the amount of penalty to be once and a half the value of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

7th.—On signing the contract, an advance of fifty per cent. will be made to the contracting parties, under the security referred to in the 6th condition of this advertisement, on the value of the entire quantity of Coal to be supplied under the contract calculated at the contract prices, 25 per cent. will be paid for the quantity of Coal supplied to any Steam Vessel, on the production at this office of a receipt signed by the Commander or Commanding Officer of such Steam Vessel, and the account will be finally balanced and adjusted on the expiration of the contract.

8th.—In the event of a breach of the contract or the non-fulfilment of any of the clauses of the contract, it is to be optional with the Marine Board to levy from the contracting parties or their sureties the penalty thereby incurred, or to take measures for remedying as far as may be practicable the inconvenience arising out of such breach or non-fulfilment of contract and charge against the Contractors, all expenses that may be incurred in so doing.

9th.—And with reference to the foregoing conditions it is to be understood, that the demurrage or the detention occasioned to the Steam Vessels and Accommodation Vessels through such failure of the Contractor will be charged at 400 Rupees per day of 12 hours, and that when wood may be provided as a substitute for Coal, five maunds of the wood will be taken as equivalent to one maund of Coal.

10th.—The Tenders are to specify the rate at which the best Burdwan Coal, or Coal not inferior to the best Burdwan Coal, will be supplied per one hundred bazar maunds. They are to be made out according to a form to be seen at the Controller's Office. They are to be sent in sealed on or before noon, on the 15th day of April 1839, superscribed 'Tenders for the supply of Coal for Internal Navigation,' and to be addressed to the Controller of Government Steam Vessels at this Office.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose or re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

The 18th March, 1839.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 18th March, 1839, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

I. The existing Charter of the Bank of Bengal having been found in many respects inconvenient and imperfect, the Members of the said Corporation have by their Directors applied to the Governor General of India in Council for the amendment thereof, by a new Charter or Act of Incorporation, tendering the surrender thereupon of the said Charter, and the Governor General in Council having assented to such surrender, and to the continuance of the said Corporation as hereinafter declared;—It is hereby enacted, that from the 1st day of May next after the passing of this Act the Charter of the said Bank of Bengal bearing date the 29th May 1823, and the Acts No. XIX. of 1836 and No. XXIV. of 1838 relating thereto, shall respectively cease to have effect; and the same are hereby from that day cancelled, save as to such particulars as are herein mentioned or referred to.

II. And it is hereby enacted, that the persons who at the time of the determination of the said Charter and Acts aforesaid shall, under the provisions of the said Charter and Acts, be the Proprietors of the Capital Stock of the said Bank of Bengal, shall notwithstanding the determination of the said Charter and Acts continue to be a corporation, body corporate and politic by the name of the Bank of Bengal with perpetual succession to them and their successors Proprietors for the time being of the said Bank as hereinafter mentioned, and to possess and enjoy all the rights, privileges and immunities incident by law to a corporation aggregate.

III. And it is hereby enacted, that all property and securities for property, claims and demands whatsoever now vested in or held by the said Bank of Bengal, under and by virtue of the said Charter and Acts, shall immediately on the determination of the said Charter devolve on and become vested and continued in the Bank of Bengal, so continued and incorporated by this Act as aforesaid, and that the said Bank of Bengal so continued and incorporated as aforesaid shall be subject to all debts, demands, claims and liabilities outstanding against the said Bank at the time of such determination of its said Charter as aforesaid, and that no suit or proceeding at Law or in Equity then pending shall cease or abate in consequence of such determination of the said present Charter, and of such renewal and continuance of the said Bank by virtue of this Act.

IV. And it is hereby enacted, that the said Bank so renewed and continued shall and may sue and be sued by its corporate name aforesaid, and shall and may have and use such common seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold either absolutely or conditionally, for a term or in perpetuity, any description of property whatever and to transfer and convey the same.

V. And it is hereby enacted, that the Capital Stock of the said Bank as constituted under the said present Charter and Acts shall on the determination of the same by virtue of this Act continue to be the Capital Stock of the said Bank so renewed and continued as aforesaid, provided however that it shall be in the power of the Governor General of India in Council from time to time, by resolution notified in the *Calcutta Gazette*, to authorize the said Capital Stock to be increased and to make such order and direction for the opening of subscriptions towards such increase of capital as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank for the time being, and allowing to them a period of not less than twelve months to fill up such subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportions of new Stock to which they may respectively be entitled, and to make such order and direction as to him the said Governor General in Council may seem fit for the disposal of the amount of new Stock that may not be subscribed for and paid up in the manner and form so prescribed.

VI. And whereas the Capital Stock of the said Bank which by the said Act No. XIX. of 1836 was fixed at seventy-five lakhs of Rupees divided into 1,875 Shares of four thousand Rupees each, has by the Resolution of the President of the Council of India in Council, issued and notified to the Proprietors on the 17th October 1838, in conformity with Act No. XXIV. of 1838 been ordered to be increased by one-half, and whereas a book is now open for subscriptions and payment is now being made of such increased capital in the manner and under the terms and conditions authorized in the said Act No. XXIV. of 1838, and prescribed in the said order and notice of the President in Council. It is therefore hereby enacted, that the Capital Stock of the said Bank shall on the said 1st May next when this Act shall take effect for the re-incorporation of the said Bank, consist of the said sum of seventy five lakhs of Company's Rupees, together with such further amount as shall on that date have been subscribed and paid into the Bank of Bengal under the order and notice referred to, and the further subscriptions and payments of Capital authorized and ordered as above mentioned shall continue to be received in the manner provided in the said order and notice of the President in Council, and shall be added to the Capital Stock of the Bank as received, accordingly as is prescribed in the said order passed under the authority of the said Act, and the Capital Stock held by the Bank of Bengal on the said 1st May next, together with the further Capital that may be subscribed and paid up as above after that date shall be divided into shares of four thousand Rupees each, or into quarter shares of one thousand Rupees each in the manner declared and provided by Act No. XIX. of 1836, and the shares of the said Capital that may be then registered in the name of the Governor General of India in Council, shall be the property of the said Governor General of India in Council for the time being on behalf of the East India Company, together with

any new shares or quarter shares for which subscription may be made on account thereof, under the option reserved to the said Governor General of India in Council to that effect in the said order and notice, and the shares and quarter shares registered as belonging to individual Proprietors shall continue to be the property of such Proprietors, and the said Proprietors shall respectively be in the proportion of their several interests Proprietors of the Bank of Bengal as re-incorporated by this Act, and shall hold and enjoy in respect to their several shares and interests the same precise rights and privileges, as regards the subscription to fresh Stock, under the order and notice referred to, as they would have done if the Bank of Bengal had continued under the Charter and Acts referred to, the re-incorporation of the said Bank by this Act notwithstanding.

VII. And it is hereby enacted, that no Proprietor shall be allowed to increase his share in the Capital Stock of the said Bank beyond the amount of one lakh and sixty thousand Rupees, excepting on occasion of the present or of any future increase being made to the Capital Stock of the said Bank under the authority of the Governor General in Council in the manner prescribed in Sections V. and VI. of this Act in which case any Proprietor holding Stock to the full amount of one lakh and sixty thousand Rupees, shall notwithstanding be entitled to subscribe to the increased Capital Stock in a rateable proportion; and excepting any addition to his interest in the said Capital Stock arises from succession, bequest or marriage.

VIII. And it is hereby enacted, that a certificate signed by three Directors of the said Bank shall be delivered to the Proprietor or Proprietors of all the said shares of the Capital Stock of the said Bank, upon demand made by the holder of such share, and that any person who is a Proprietor of more than one such share, may at his option demand a certificate for each of his shares, or one certificate for all his shares, or several certificates, each of which may be for any number of his shares.

IX. And it is hereby enacted, that the said share or shares of the Capital Stock of the said Bank shall be of the nature of personal estate of the Proprietors thereof respectively, and that the same shall be transferable by endorsement to be made on such certificates thereof respectively, under the hand of the Proprietor or Proprietors, or his, her, or their Attorneys duly authorized, which endorsement shall specify the name of the person or persons to whom the said transfer shall be made, provided that no such endorsement shall be effectual to transfer any such share or shares until such endorsement shall have been registered at the Bank of Bengal, and such registration shall have been noted on such endorsement under the hand of an Officer appointed for that purpose by the Directors of the said Bank.

X. And it is hereby enacted, that the said corporate body, so renewed and continued as aforesaid, shall consist and be composed of the registered Proprietors for the time being of the said shares of the Capital Stock of the said Bank, and of no other person or persons whatsoever.

XI. And it is hereby enacted, that the business of the said Bank shall be managed by nine Directors, of whom three shall be appointed and removable by the Governor General of India in Council, and the remaining six shall be elected by a General Meeting of the Proprietors of the said Bank, and removable by vote of the majority of a General Meeting of the said Proprietors.

XII. And it is hereby enacted, that the persons who, at the time of such determination of the said present Charter and Acts as aforesaid, shall be Directors of the said Bank, shall thereafter continue to be Directors of the said Bank so renewed and continued as aforesaid.

XIII. And it is hereby enacted, that two of the six Directors elected and to be elected by the said Proprietors shall in rotation go out of office on the second Monday in the month of December in every year, on which day in every year a General Meeting of Proprietors shall be held for the election of two Directors in their stead—provided always that any Director going out by rotation as aforesaid may not be re-elected at the election which takes place thereupon—provided also that the rotation existing at the time of such determination as aforesaid of the said present Charter and Acts shall continue to be observed.

XIV. And it is hereby enacted, that in case of the death, resignation, or absence from Calcutta for more than three months, or removal as aforesaid of any Directors elected or to be elected by the said Proprietors, the Directors shall call a General Meeting of the Proprietors to be held within fifteen days for the purpose of chusing a successor, and such successor shall come into the same place in the rotation abovementioned in which the Director was.

XV. And it is hereby enacted, that no person shall be capable of serving as a Director by election of the said Proprietors who shall not be Proprietor in his own right, and unincumbered of three shares or twelve thousand Rupees of the Capital Stock of the Bank of Bengal, or who shall be a Director of any other Bank issuing Notes payable on demand within the Town or Suburbs of Calcutta.

XVI. BY JAMES RANALD MARTIN,

PRINTED BY ORDER OF GOVERNMENT.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 18TH MARCH, 1839.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 18th March, 1839, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. VI. OF 1839.

I. The existing Charter of the Bank of Bengal having been found in many respects inconvenient and imperfect, the Members of the said Corporation have by their Directors applied to the Governor General of India in Council for the amendment thereof, by a new Charter or Act of Incorporation, tendering the surrender thereupon of the said Charter, and the Governor General in Council having assented to such surrender, and to the continuance of the said Corporation as hereinafter declared;—It is hereby enacted, that from the 1st day of May next after the passing of this Act the Charter of the said Bank of Bengal bearing date the 29th May 1823, and the Acts No. XIX. of 1836 and No. XXIV. of 1838 relating thereto, shall respectively cease to have effect; and the same are hereby from that day cancelled, save as to such particulars as are herein mentioned or referred to.

II. And it is hereby enacted, that the persons who at the time of the determination of the said Charter and Acts aforesaid shall, under the provisions of the said Charter and Acts, be the Proprietors of the Capital Stock of the said Bank of Bengal, shall notwithstanding the determination of the said Charter and Acts continue to be a corporation, body corporate and politic by the name of the Bank of Bengal with perpetual succession to them and their successors Proprietors for the time being of the said Bank as hereinafter mentioned, and to possess and enjoy all the rights, privileges and immunities incident by law to a corporation aggregate.

III. And it is hereby enacted, that all property and securities for property, claims and demands whatsoever now vested in or held by the said Bank of Bengal, under and by virtue of the said Charter and Acts, shall immediately on the determination of the said Charter devolve on and become vested and continued in the Bank of Bengal, so continued and incorporated by this Act as aforesaid, and that the said Bank of Bengal so continued and incorporated as aforesaid shall be subject to all debts, demands, claims and liabilities outstanding against the said Bank at the time of such determination of its said Charter as aforesaid, and that no suit or proceeding at Law or in Equity then pending shall cease or abate in consequence of such determination of the said present Charter, and of such renewal and continuance of the said Bank by virtue of this Act.

IV. And it is hereby enacted, that the said Bank so renewed and continued shall and may sue and be sued by its corporate name aforesaid, and shall and may have and use such common seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold either absolutely or conditionally, for a term or in perpetuity, any description of property whatever and to transfer and convey the same.

V. And it is hereby enacted, that the Capital Stock of the said Bank as constituted under the said present Charter and Acts shall on the determination of the same by virtue of this Act continue to be the Capital Stock of the said Bank so renewed and continued as aforesaid, provided however that it shall be in the power of the Governor General of India in Council from time to time, by resolution notified in the *Calcutta Gazette*, to authorize the said Capital Stock to be increased and to make such order and direction for the opening of subscriptions towards such increase of capital as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank for the time being, and allowing to them a period of not less than twelve months to fill up such subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportions of new Stock to which they may respectively be entitled, and to make such order and direction as to him the said Governor General in Council may seem fit for the disposal of the amount of new Stock that may not be subscribed for and paid up in the manner and form so prescribed.

VI. And whereas the Capital Stock of the said Bank which by the said Act No. XIX. of 1836 was fixed at seventy-five lakhs of Rupees divided into 1,875 Shares of four thousand Rupees each, has by the Resolution of the President of the Council of India in Council, issued and notified to the Proprietors on the 17th October 1838, in conformity with Act No. XXIV. of 1838 been ordered to be increased by one-half, and whereas a book is now open for subscriptions and payment is now being made of such increased capital in the manner and under the terms and conditions authorized in the said Act No. XXIV. of 1838, and prescribed in the said order and notice of the President in Council. It is therefore hereby enacted, that the Capital Stock of the said Bank shall on the said 1st May next when this Act shall take effect for the re-incorporation of the said Bank, consist of the said sum of seventy five lakhs of Company's Rupees, together with such further amount as shall on that date have been subscribed and paid into the Bank of Bengal under the order and notice referred to, and the further subscriptions and payments of Capital authorized and ordered as above mentioned shall continue to be received in the manner provided in the said order and notice of the President in Council, and shall be added to the Capital Stock of the Bank as received, accordingly as is prescribed in the said order passed under the authority of the said Act, and the Capital Stock held by the Bank of Bengal on the said 1st May next, together with the further Capital that may be subscribed and paid up as above after that date shall be divided into shares of four thousand Rupees each, or into quarter shares of one thousand Rupees each in the manner declared and provided by Act No. XIX. of 1836, and the shares of the said Capital that may be then registered in the name of the Governor General of India in Council, shall be the property of the said Governor General of India in Council for the time being on behalf of the East India Company, together with

any new shares or quarter shares for which subscription may be made on account thereof, under the option reserved to the said Governor General of India in Council to that effect in the said order and notice, and the shares and quarter shares registered as belonging to individual Proprietors shall continue to be the property of such Proprietors, and the said Proprietors shall respectively be in the proportion of their several interests Proprietors of the Bank of Bengal as re-incorporated by this Act, and shall hold and enjoy in respect to their several shares and interests the same precise rights and privileges, as regards the subscription to fresh Stock, under the order and notice referred to, as they would have done if the Bank of Bengal had continued under the Charter and Acts referred to, the re-incorporation of the said Bank by this Act notwithstanding.

2d.—Parties tendering are to specify the rate in Company's Rupees per hundred bazar maunds, at which they will engage to deliver the Coal alongside of any Vessel between Kidderpore and the Upper Moorings off Calcutta, and they must likewise agree to maintain a floating depot, capable of holding two hundred Tons, in a convenient situation between the aforesaid places, to be determined by the Marine Board.

3rd.—The Coal to be delivered by weight, to be ascertained on board the Vessel receiving it, by a process of the accuracy of which, as well as the correctness of the beams and scales employed, the Contractors will have the power of satisfying themselves.

4th.—The Coal to be paid for on the production of a receipt from the Commander or Commanding Officer of the Ship or Vessel, for the quantity delivered.

5th.—A muster of three maunds of the Coal intended to be supplied is to accompany each Tender, it will be retained for future reference, in case of dispute as to quality in the deliveries.

6th.—Further particulars as to the terms and tenor of the contract, which the party whose tender may be accepted will be required to execute, may be seen on application at this office.

NOTICE.—On the 15th of April, at or before noon, Tenders will be received at this Office, for the conveyance of 50,000 maunds of Cherra Poonjee Coal from Chattack in Sylhet to Calcutta.

NOTICE IS HEREBY GIVEN, that Tenders will be received at this Office at or before noon, on the 15th of April 1839, for the delivery of the best Burdwan Coal, or of Coal not inferior to the best Burdwan Coal to the Government Steam Vessels, for a term of one year at all, or at any one or more of the following places throughout the year:—

2d.—The Contractors will be required to maintain constantly in each Depôt, Coal sufficient for three months supply to the Steamers on the above calculation.

3rd.—The above are perhaps the largest supplies that will be wanted at each Station, they are probably greater than will be required, the Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times obtain the information necessary to guide them in their shipments, by application at this Office.

4th.—It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies for the unexpired term of their contract to any quantity not exceeding fifty per cent. or one half beyond the quantities already specified.

5th.—The contracting parties will be required to commence supplying Coal at the several Depôts respectively, on the 1st of October 1839, or as soon after that day as the present Contractors shall have issued the last of their Coal, of which due notice will be given from this Office.

6th.—The contracting parties will be required to enter into a Penalty Bond, with Sureties for the due fulfilment of their contract, and failing of that for reimbursement to Government of any monies that may be paid to them in advance, and not duly and fully accounted for by deliveries of Coal, the amount of penalty to be once and a half the value of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

7th.—On signing the contract, an advance of fifty per cent. will be made to the contracting parties, under the security referred to in the 6th condition of this advertisement, on the value of the entire quantity of Coal to be supplied under the contract calculated at the contract prices, 25 per cent. will be paid for the quantity of Coal supplied to any Steam Vessel, on the production at this office of a receipt signed by the Commander or Commanding Officer of such Steam Vessel, and the account will be finally balanced and adjusted on the expiration of the contract.

8th.—In the event of a breach of the contract or the non-fulfilment of any of the clauses of the contract, it is to be optional with the Marine Board to levy from the contracting parties or their sureties the penalty thereby incurred, or to take measures for remedying as far as may be practicable the inconvenience arising out of such breach or non-fulfilment of contract and charge against the Contractors, all expenses that may be incurred in so doing.

9th.—And with reference to the foregoing conditions it is to be understood, that the demurrage or the detention occasioned to the Steam Vessels and Accommodation Vessels through such failure of the Contractor will be charged at 400 Rupees per day of 12 hours, and that when wood may be provided as a substitute for Coal, five maunds of dry wood will be taken as equivalent to one maund of Coal.

10th.—The Tenders are to specify the rate at which the best Burdwan Coal, or Coal not inferior to the best Burdwan Coal, will be supplied per one hundred bazar maunds. They are to be made out according to a form to be seen at the Controller's Office. They are to be sent in sealed on or before noon, on the 15th day of April 1839, superscribed 'Tenders for the supply of Coal for Internal Navigation,' and to be addressed to the Controller of Government Steam Vessels at this Office.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July,* 1838.

VII. And it is hereby enacted, that no Proprietor shall be allowed to increase his share in the Capital Stock of the said Bank beyond the amount of one lakh and sixty thousand Rupees, excepting on occasion of the present or of any future increase being made to the Capital Stock of the said Bank under the authority of the Governor General in Council in the manner prescribed in Sections V. and VI. of this Act in which case any Proprietor holding Stock to the full amount of one lakh and sixty thousand Rupees, shall notwithstanding be entitled to subscribe to the increased Capital Stock in a rateable proportion; and excepting any addition to his interest in the said Capital Stock arises from succession, bequest or marriage.

IX. And it is hereby enacted, that the said share or shares of the Capital Stock of the said Bank shall be of the nature of personal estate of the Proprietors thereof respectively, and that the same shall be transferable by endorsement to be made on such certificates thereof respectively, under the hand of the Proprietor or Proprietors, or his, her, or their Attorneys duly authorized, which endorsement shall specify the name of the person or persons to whom the said transfer shall be made, provided that no such endorsement shall be effectual to transfer any such share or shares until such endorsement shall have been registered at the Bank of Bengal, and such registration shall have been noted on such endorsement under the hand of an Officer appointed for that purpose by the Directors of the said Bank.

X. And it is hereby enacted, that the said corporate body, so renewed and continued as aforesaid, shall consist and be composed of the registered Proprietors for the time being of the said shares of the Capital Stock of the said Bank, and of no other person or persons whatsoever.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

GOVERNMENT OF BENGAL.

JUDICIAL DEPARTMENT.

RESOLUTION.

THE 26TH MARCH, 1839.

In directing, on the 23d January 1837, the gradual discontinuance of the Persian language and the adoption of the Vernacular in the Judicial and Revenue Proceedings of this Presidency, the late Deputy Governor was pleased to direct that, on the 1st July 1838 and 1st January 1839, Reports of the progress made in effectuating this important reform should be furnished by the Sudder Court, the Sudder Board, and the Special Commissioners.

2. The Reports now under consideration are those of the Sudder Court and Board and the Special Commissioner of Patna. The Special Commissioners of Calcutta and Moorshedabad have made no report. They have never attempted to carry the orders into execution, but entered into a correspondence with the Government to prove the impropriety of the change of language in their Courts and those of their subordinates. Before this correspondence could terminate, the papers were called* for by the Hon'ble the President in Council and duly transmitted to that authority; and therefore the Deputy Governor of Bengal, anticipating the receipt of Orders on the case from the Supreme Government, has hitherto refrained from coming to a Resolution on the

*14th May 1838, No. 56.

Reports now before him. But as no Orders have yet been received and the period originally fixed for the complete change of language has come to a close, His Honor deems it proper no longer to delay the issue of instructions to the Sudder Court and Sudder Board, upon this important subject Upon the report of the Special Commissioner of Patna it is, in His Honor's judgment, advisable to make no remarks until the receipt of the final Orders of the Government of India on the objections of the Special Commissioners of Calcutta and Moorshedabad.

3. It appears that in the following Districts, the Vernacular language had, up to the 30th June, been completely substituted for the Persian, in the Courts of the Civil and Sessions Judges, and the Collectors and their subordinates (except in resumption cases).

Hooghly,
Bhaugulpore,
Purneah,
Patna,
Jessore,
Backergunge,
Rungpore,
East Burdwan,
Dinagepore,
Beerbhoom,
Midnapore,
Shahabad—except in the Court of the Additional Judge, in which it is reported that "considerable progress" had been made towards the change. In Assam the Bengallee has always been and still is in use.

4. No inconvenience has attended the change in any of the above Districts, and in some cases the results are very favorably reported on by the Local Authorities.

5. In the following Districts the change had been completely made in the Revenue Department (except in regard to resumptions) but not in the Courts of the Civil and Sessions Judges:

Furreedpore.
Mymensingh.
Sylhet.
Bullooah.
* Tipperah.
* Hazareebaugh.
* Lohardugga.
* Maunbhoom.
* West Burdwan.
* Nuddeah.
24-Pergunnahs.
Cuttack.
Khoordah
Balasore.
* Midnapore.
Hidgellee
Malda.
* Rajeshye.
Bograh.
*† Moorshedabad.
Pubna.
† Chittagong.

* In these Districts, the Sudder Court report that "considerable progress" has been made in effecting the change in the Judicial Department.

† A trifling exception is made in these Districts by the Commissioners which will be noticed hereafter.

6. In the Courts of the Civil and Session Judges of the following Districts:

Cuttack,
Khoordah,
Balasore,
Sarun,
Behar,
24-Pergunnahs,
Chittagong,

it is reported by the Sudder Court that *little* progress had been made, and no progress whatever, had been effected by the Civil and Sessions Judge of Tirhoot.

7. The change was complete in the Cutcherries of the following Magistrates and Joint Magistrates, and, of course, of their subordinates:

Shahabad,
Patna,
Tirhoot,
Sarun,
East Burdwan,
Jessore,
Hooghly,
Nuddeah,
Monghyr,
Bograh,
Malda,

and it was all but complete on the Fouzdary Offices of the following Districts:

Cuttack,
Pooree,
Balasore,
Bhaugulpore,
Purneah,
24-Pergunnahs,
Rungpore,
Backergunge,
Midnapore,
Tipperah,
Behar,
Dinagepore,
Sylhet,
Bancoorah,
Baraset,
Pubna,
Furreedpore.

8. The reports shew that in none of these twenty-three Districts any inconvenience is felt from the change, or none but what is trivial and temporary.

9 Hardly any progress had been made by the Magistrates of Dacca, Beerbhoom, Moorshedabad, Noacolly and Rajeshye.

10. To those Officers whose names are noted in the margin,* and who completed within the first six months this reform in their respective Districts and Departments, His Honor desires that the Sudder Court and Sudder Board will convey his cordial acknowledgments.

11. The Officers named in the margin,* who effected considerable progress in the substitution of the Vernacular for the Persian, but who did not altogether complete it within the first six months, are also entitled to His Honor's acknowledgements. Little remains to perfect the work in their Districts; and the zeal which has already effected so much will doubtless have completed the reform within the twelve months fixed by Mr. Ross for its accomplishment.

* *Civil and Session Judges.*

12. The Judges, Acting Judges and Magistrates of those Districts in which little or no progress have been made up to the 1st July, are named in the margin.*

*Mr. H. V. Hathorn,
" C. G. Udny,
" J. C. Brown,
" H. Moore,
" R. Torrens,
" W. Cracroft,
" F. Stainforth,
" J. Grant,
" C. Grant,
" W. Elliott,
" D. Pringle, and
" H. S. Oldfield.

13. It appears then that of all the Districts under the Bengal Presidency, the change was on or soon after the 30th June complete in the Revenue Department in *all*. In the Judicial Department it was complete in the Courts of Civil and Session Judges in twelve Districts, and in those of Magistrates in twelve—it was advancing rapidly towards completion by the Civil and Sessions Judges in nine Districts, and by Magistrates in fifteen. There were but seven Districts in which *little* had been done by Sessions Judges, and five in which the Magistrates had done little: by one Officer only, had nothing been done.

14. This result the Deputy Governor considers very satisfactory, and he has no doubt that the Sudder Court, by whom as well as by the Sudder Board, this alteration of system, has been very cordially and judiciously superintended, will not fail to cause in due time a full compliance with the injunctions of the Government by every functionary under its controul.

15. In Chittagong, as observed in a note to paragraph 5 of this Resolution, the change had been completely made in the Revenue Department with exception to settlement proceedings. In Moorshedabad as similarly noticed, the change had been effected with the sole exception of certain Registers and Documents hitherto recorded in Persian. In the case of Moorshedabad the Commissioner states his intention of completing the alteration without any exception as soon as the Volumes of Record, now begun in Persian, are filled and new Books opened, and to this His Honor has no objection. Respecting the excepted proceedings in Chittagong, the Deputy Governor is of opinion that, of all proceedings in a Collector's Office, it is of most importance that those of Settlements should be in the Vernacular, and he desires that the Board will direct the Commissioner to extend the necessary alteration without any delay to all Settlement proceedings.

16. A question has been raised in regard to the Courts and Officers in the Province of Behar, whether the Hindoostanee language should be written in the Nagree or in the Persian character, and it has been decided by all the Authorities that the Persian character is to be preferred.

17. In this, His Honor remarks, the Authorities are perhaps right as a commencement, but he is satisfied that the Nagree should eventually become the current character of the Behar Districts, and he desires that the Sudder Court and Sudder Board will communicate this opinion to the Local Authorities, with instructions to use gradual measures for the cautious adoption of the Nagree character.

18. A few other matters of detail call for His Honor's observations.

19. The Sudder Court have instructed the Judge of Dinagepore that all documents intended for transmission to their Court, as well as Futwas, should be in Persian, but that translates should be made for the information of the parties concerned.

20. But as the language adopted by the Sudder Court itself, upon principles, in which the Deputy Governor fully concurs, is Hindoostanee. and Persian has been in that Court entirely disused, it would seem inconsistent to require the Mofussil Courts to forward Persian documents The Court will be requested to re-consider this point.

21. One Officer (Mr. Cracroft) suggests to the Sudder Court a case of a Judge in Bengal, receiving a Roobukary in Birj Bhaka from a Judge at Muttra, or vice versa, and has desired a solution of the supposed difficulty. The case is not very likely to happen; but the suggestion of the Sudder Court, that in Bengal proper, public Officers should correspond in Bengallee; and use the Oordoo in the Persian character, on all other occasions of correspondence with other Officers, appears to the Deputy Governor unobjectionable.

22. The Orders of Government are solicited by the Sudder Court, on the following point, viz. whether parties should be allowed to present Petitions in Persian. It is His Honor's opinion that the practice of allowing Petitions to be presented in Persian ought not to be too suddenly put a stop to. As certain classes become accustomed to the local dialects it will gradually fall into disuse of its own accord.

23. The Sudder Court enquire what is to be done with the Amlah, who may not be able to qualify themselves within the present year for the transaction of business in the Vernacular language. The Deputy Governor observes that a reasonable time should be allowed by the Local Authorities to such Native Officers as may not yet have qualified themselves, within which they will be required to complete their qualification.

Order. Ordered, that a copy of this Resolution be transmitted to the Sudder Court and Sudder Board respectively, and that it be printed in the *Calcutta Gazette* for general information.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

OPIUM NOTIFICATION.

NOTICE is hereby given, that a number of balls with broken or imperfect envelopes having been discovered in the third and fourth dispatches of Benares Opium, no Opium of those dispatches will be exposed to Sale until the whole shall have been carefully examined and the uninjured balls weighed and repacked under the Superintendence of a Covenanted Officer of Government

The injured balls will be returned to the Benares Agency to be re made, as the Opium is of excellent quality, in part of the provision for the Sales of 1840, and although it is not possible to determine as yet with any accuracy the number of balls which it may be necessary to return to Ghazeepore, there is every probability that they will be equal to about Five Hundred and Fifty Chests.

OPIUM NOTIFICATION.

NOTICE is hereby given, that a number of balls with broken or imperfect envelopes having been discovered in the third and fourth dispatches of Benares Opium, no Opium of those dispatches will be exposed to Sale until the whole shall have been carefully examined and the uninjured balls weighed and repacked under the Superintendence of a Covenanted Officer of Government.

The injured balls will be returned to the Benares Agency to be re-made, as the Opium is of excellent quality, in part of the provision for the Sales of 1840; and although it is not possible to determine as yet with any accuracy the number of balls which it may be necessary so to return to Ghazeepore, there is every probability that they will be equal to about Five Hundred Chests.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.
The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.
It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

By Order of the Board of Customs, Salt and Opium,

S. G. PALMER, *Actg. Secy.*

OPIUM NOTIFICATION.

NOTICE is hereby given, that a number of balls with broken or imperfect envelopes having been discovered in the third and fourth dispatches of Benares Opium, no Opium of those dispatches will be exposed to Sale until the whole shall have been carefully examined and the uninjured balls weighed and repacked under the Superintendence of a Covenanted Officer of Government.

The injured balls will be returned to the Benares Agency to be re-made, as the Opium is of excellent quality, in part of the provision for the Sales of 1840; and although it is not possible to determine as yet with any accuracy the number of balls which it may be necessary so to return to Ghazeepore, there is every probability that they will be equal to about Five Hundred Chests.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

OPIUM NOTIFICATION.

NOTICE is hereby given, that a number of balls with broken or imperfect envelopes having been discovered in the third and fourth dispatches of Benares Opium, no Opium of those dispatches will be exposed to Sale until the whole shall have been carefully examined and the uninjured balls weighed and repacked under the Superintendence of a Covenanted Officer of Government.

The injured balls will be returned to the Benares Agency to be re-made, as the Opium is of excellent quality, in part of the provision for the Sales of 1840; and although it is not possible to determine as yet with any accuracy the number of balls which it may be necessary so to return to Ghazeepore, there is every probability that they will be equal to about Five Hundred Chests.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

SATURDAY, APRIL 20, 1839.

FORT WILLIAM, POLITICAL DEPARTMENT,

17TH APRIL, 1839.

The following Convention and Papers annexed, which has been received through the Secret Committee of the Honorable the Court of Directors from Her Majesty's Principal Secretary of State for Foreign Affairs, are published for the information of persons interested in the Trade carried on with the Turkish Dominions.

Convention of Commerce and Navigation between Her Majesty and the Sultan of the Ottoman Empire, with three additional Articles thereunto annexed, signed at Balta-Liman, near Constantinople, August 16th, 1838.

Convention appended to the capitulations granted to Great Britain by the Ottoman Porte, amending and altering certain stipulations therein contained, as regards the Commerce and Navigation of the two Countries.

During the friendly intercourse which has happily subsisted so long between the Sublime Porte and the Kings of Great Britain, capitulations granted by the Porte, and Treaties concluded between the Two Powers, have regulated the rates of duties payable on merchandize exported from and imported into, the Dominions of the Sublime Porte, and have established and declared the rights, privileges, immunities and obligations of British merchants trading to, or residing in, the imperial territories. But since the period when the above mentioned stipulations were last revised, changes of various kinds have happened in the internal administration of the Ottoman Empire, and in the external relations of that Empire with other powers: and Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and His Highness the Sultan have therefore agreed now to regulate again, by a special and additional Act, the Commercial intercourse of their subjects, in order to increase the trade between their respective Dominions and to render more easy the exchange of the produce of the one country for that of the other. They have consequently named for their Plenipotentiaries for this purpose, that is to say, Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, the Right Honorable John Brabazon Lord Ponsonby, Baron of Imokelly, a Peer of the United Kingdom of Great Britain and Ireland, Knight Grand Cross of the Most Honorable Order of the Bath, of the Nishan of Honour, &c. &c. &c., Her Majesty's Ambassador Extraordinary and Plenipotentiary at the Sublime Porte, &c. &c., And His Highness the Sultan, the most Illustrious and most Excellent Vizier Mustapha Reshid Pasha, Minister for Foreign Affairs, bearing the decoration belonging to his high rank, a Knight Grand Cross of the Legion of Honour of France, &c. &c., excellent and most distinguished Mustapha Kiance Bey, a Member of the Supreme Council of State, Assistant to the Prime Minister, President of the Council of Agriculture and Industry, a Minister of State of the first class, bearing the two decorations belonging to his offices, &c. &c., and the excellent and most distinguished Mahomed Nouree Effendi, a Councillor of State in the department for Foreign Affairs, bearing the Nishan of Honour of the first class, &c. &c., who, after having communicated their respective Full Powers, found to be in due and proper form, have agreed upon and concluded the following Articles:—

ARTICLE I.

All rights, privileges and immunities which have been conferred on the Subjects or Ships of Great Britain by the existing Capitulations and Treaties are confirmed now and for ever, except in as far as they may be especifically altered by the present Convention: and it is moreover expressly stipulated, that all rights, privileges or immunities which the Sublime Porte now grants, or may hereafter grant, to the Ships and Subjects of any other Foreign Power, or which it may suffer the Ships and Subjects of any other Foreign Power to enjoy, shall be equally granted to, and exercised and enjoyed by, the Subjects and Ships of Great Britain.

ARTICLE II.

The Subjects of Her Britannic Majesty, or their Agents, shall be permitted to purchase at all places in the Ottoman Dominions (whether for the purposes of internal trade or exportation) all articles, without any exception whatsoever, the produce, growth or manufacture of the said Dominions; and the Sublime Porte formally engages to abolish all monopolies of agricultural produce, or of any other articles whatsoever, as well as all *Permits* from the local Governors, either for the purchase of any article, or for its removal from one place to another when purchased; and any attempt to compel the subjects of Her Britannic Majesty to receive such *Permits* from the local Governors, shall be considered as an infraction of Treaties, and the Sublime Porte shall immediately punish with severity any Vizirs and other officers who shall have been guilty of such misconduct, and render full justice to British subjects for all injuries or losses which they may duly prove themselves to have suffered.

ARTICLE III.

If any article of Turkish produce, growth, or manufacture be purchased by the British Merchant or his Agent, for the purpose of selling the same for internal consumption in Turkey, the British Merchant or his Agent shall pay at the purchase and sale of such articles, and in any manner of trade therein, the same duties that are paid in similar circumstances, by the most favoured class of Turkish subjects engaged in the internal Trade of Turkey, whether Mussulmans or Rayahs.

ARTICLE IV.

If any article of Turkish produce, growth or manufacture be purchased for exportation, the same shall be conveyed by the British Merchant or his Agent, free of any kind of charge or duty whatsoever, to a convenient place of shipment, on its entry into which it shall be liable to one fixed duty of nine per cent ad valorem, in lieu of all other interior duties.

Subsequently, on exportation, the duty of three per cent. as established and existing at present, shall be paid. But all articles bought in the shipping ports for exportation, and which have already paid the interior duty at entering into the same, will only pay the three per cent. export duty.

ARTICLE V.

The Regulations under which Firmans are issued to British Merchant Vessels for passing the Dardanelles and the

Bosphorus, shall be so framed as to occasion to such vessels the least possible delay.

ARTICLE VI.

It is agreed by the Turkish Government, that the regulations established in the present convention, shall be general throughout the Turkish Empire, whether in Turkey in Europe or Turkey in Asia, in Egypt, or other African possessions belonging to the Sublime Porte, and shall be applicable to all the subjects, whatever their description, of the Ottoman Dominions. and the Turkish Government also agrees not to object to other foreign Powers settling their trade upon the basis of this present convention.

ARTICLE VII.

It having been the custom of Great Britain and the Sublime Porte, with a view to prevent all difficulties and delay in estimating the value of articles imported into the Turkish Dominions, or exported therefrom, by British subjects, to appoint, at intervals of fourteen years, a commission of men well acquainted with the traffic of both countries, who have fixed by a tariff the sum of money in the coin of the Grand Signior, which should be paid as duty on each article, and the term of fourteen years, during which the last adjustment of the said Tariff was to remain in force, having expired, the High Contracting Parties have agreed to name conjointly fresh Commissioners to fix and determine the amount in money which is to be paid by British subjects, as the duty of three per Cent. upon the value of all commodities imported and exported by them, and the said Commissioners shall establish an equitable arrangement for estimating the interior duties which, by the present Treaty, are established on Turkish goods to be exported, and shall also determine on the places of shipment where it may be most convenient that such duties should be levied.

The new Tariff thus established, to be in force for seven years after it has been fixed, at the end of which time it shall be in the power of either of the parties to demand a revision of that Tariff; but if no such demand be made on either side, within the six months after the end of the first seven years, then the Tariff shall remain in force for seven years more, reckoned from the end of the preceding seven years; and so it shall be at the end of each successive period of seven years.

ARTICLE VIII.

The present Convention shall be ratified, and the ratifications shall be exchanged at Constantinople within the space of four months.

In witness whereof, the respective Plenipotentiaries have signed the same, and have affixed their seals thereunto. Done at Balta-Liman, near Constantinople, on the 16th day of August, one thousand eight hundred and thirty eight.

ADDITIONAL ARTICLES.

Certain difficulties having arisen between the Ambassador of Her Britannick Majesty and the Plenipotentiaries of the Sublime Porte, in fixing the new conditions which should regulate the commerce in British goods imported into the Turkish Dominions, or passing through the same in transit, it is agreed between His Excellency the British Ambassador and the Plenipotentiaries of the Sublime Porte, that the present Convention should receive their signatures, without the Articles which have reference to the abovementioned subjects forming part of the body of the said Convention.

But at the same time it is also agreed,—the following Articles having been consented to by the Turkish Government—that they shall be submitted to the approbation of Her Majesty's Government, and should they be approved and accepted by Her Majesty's Government, they shall then form an integral part of the Treaty now concluded.

The Articles in question are the following:

ARTICLE I.

All articles being the growth, produce, or manufacture of the United Kingdom of Great Britain and Ireland and its dependencies, and all merchandize, of whatsoever description, embarked in British vessels, and being the property of British subjects, or being brought over land, or by sea, from other countries by the same shall be admitted, as heretofore, into all parts of the Ottoman Dominions, without exception, on the payment of three per cent. duty, calculated upon the value of such articles. And in lieu of all other and interior duties, whether levied on the purchaser or seller, to which these articles are at present subject, it is agreed that the importer, after receiving his goods, shall pay, if he sells them at the place of reception, or if he sends them thence to be sold elsewhere in the interior of the Turkish Empire, one fixed duty of two per cent. after which such goods may be sold and re-sold in the interior, or exported, without any further duty whatsoever being levied or demanded on them.

But all goods that have paid the three per cent. import duty at one port, shall be sent to another free of any further duty, and it is only, when sold there or transmitted thence into the interior, that the second duty shall be paid.

It is always understood that Her Majesty's Government do not pretend, either by this article or any other in the present Treaty, to stipulate for more than the plain and fair construction of the terms employed; nor to preclude, in any manner, the Ottoman Government from the exercise of its rights of internal administration, where the exercise of those rights does not evidently infringe upon the privileges accorded by ancient Treaties, or the present Treaty, to British merchandize or British subjects.

ARTICLE II.

All foreign goods brought into Turkey from other countries, shall be freely purchased and traded in, in any manner, by the subjects of Her Britannic Majesty or the Agents of the same, at any place in the Ottoman Dominions; and if such foreign goods have paid no other duty than the duty paid on importation, then the British subject or his Agent shall be able to purchase such foreign goods on paying the extra duty of two per cent. which he will have to pay on the sale of his own imported goods, or on their transmission for sale into the interior; and after that such foreign goods shall be re-sold in the interior, or exported without further duty: or should such foreign goods have already paid the amount of the two duties (i. e. the import duty and the one fixed interior duty) then they shall be purchased by the British subject or his Agent, and afterwards resold or exported, without being ever submitted to any further duty.

ARTICLE III.

No charge whatsoever shall be made upon British goods,—such being the growth, produce, or manufacture of the United Kingdom or its dependencies, or the growth, produce, or manufacture of any foreign country, and charged in British vessels and belonging to British subjects) passing through the straits of the Dardanellas, of the Bosphorus, and of the Black Sea, whether such goods shall pass through those straits in the ships that brought them, or are trans-shipped in those straits, or, destined to be sold elsewhere are landed with a view to their being transferred to other vessels (and thus to proceed on their voyage) within a reasonable time.

All merchandize imported into Turkey for the purpose of being transmitted to other countries, or which, remaining in the hands of the importer, shall be transmitted by him for sale to other countries, shall only pay the duty of three per Cent. paid on importation, and no other duty whatsoever.

Done at Balta-Liman, near Constantinople, the 16th day of August, in the year eighteen hundred and thirty-eight.

OFFICIAL NOTE DELIVERED TO LORD PONSONBY BY HIS EXCELLENCY NOUREE EFFENDI, ON THE 27TH OF AUGUST, 1838, RELATIVE TO THE IID ARTICLE OF THE PRECEDING CONVENTION.

Translation.

It is stipulated by the IId Article of the Treaty of Commerce, concluded between the Sublime Porte and the British Government on the 25th Djémaziulevvel 1254, (16th August, 1838,) that English merchants are at liberty to purchase all kinds of Merchandize in the Ottoman Empire.

But in order that the right of English merchants to sell within the Ottoman Empire, or to export the Merchandize which they may purchase, may not be liable to misconception, the Embassy of Her Britannic Majesty has desired that an explanation should be given on this point, either in the Treaty itself, or in a special Note.

The meaning of the passage, of which an elucidation is requested, is clear, from the relation which the subsequent points in the IId Article bear to each other —But we nevertheless repeat, that English merchants may, in virtue of the Treaty, purchase within the Ottoman Empire all kinds of merchandize, may, if they think proper, send the same abroad after having paid duty thereon stipulated by the Treaty, or may, if they

think fit, re-sell the same within the Ottoman Empire, on conforming to the arrangements established by the said Treaty with reference to internal commerce.

Such are the arrangements of the Treaty; and we give this explanation to the Ambassador, renewing to His Excellency the assurances of our sincere and perfect friendship.

The 7th Djemaziul-akir, 1254, (27th August 1838.)

DECLARATION AGREED UPON AND SIGNED BY THE RESPECTIVE PLENIPOTENTIARIES UPON THE EXCHANGE OF THE RATIFICATIONS OF THE PRECEDING CONVENTION.

Whereas it appears, on examining the English Translation of the VIIIth. Article of the Turkish Original of the Treaty signed at Balta-Liman, on the 16th of August 1838, that certain words are inserted in that Article, in the Turkish language, which have no equivalent words in the English Original of the same Article of that Treaty signed by the British Plenipotentiary, these words being to the effect, that the Treaty is not to come into operation until the first day of March 1839; and whereas it is desirable to prevent all doubts which might arise in consequence of the difference between the texts of the English and Turkish Originals of the Treaty; it is hereby declared to be the understanding of the Plenipotentiaries on both sides, that the Treaty aforesaid shall begin to have effect on the first day of the month of March, one thousand eight hundred and thirty-nine.

It is further agreed and declared,—the Turkish text of the first of the three additional Articles containing the words "overland, or by sea," and the words "or by sea," having been omitted in the English text, but having been introduced into Her Britannic Majesty's Ratifications,—that these words shall be considered as having the same force and validity as if they had been inserted in the Original Articles signed by the British and Turkish Plenipotentiaries respectively.

Done at Calender, on the 16th day of November, one thousand eight hundred and thirty-eight.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Petre and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will. 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

BY JAMES RANALD MARTIN,

Printed by Order of Government.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. Martin makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July,* 1838.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

" I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July,* 1838.

And it is hereby enacted, that the Assessment and Taxes leviable under this Act shall be paid half yearly in advance, and that the said Assessment shall be charged on the Dwelling Houses and other buildings respectively assessed, and on the respective owners and occupiers thereof, at the time of such Assessment, and that the said Taxes shall be charged on the owners of the respective Cattle, Carriages, Carts, or other vehicles subject to such Taxes.

XIX. And it is hereby enacted, that every owner of a registered vehicle who shall neglect to place in a conspicuous part of such vehicle a numbered board which shall be furnished to him by the Registering Officer, shall on conviction before a Magistrate forfeit the sum of Five Spanish Dollars for each offence, with costs of suit.

XX. And it is hereby enacted, that when any change in the occupation of any Dwelling House, or other building assessed, shall take place within the year after such Assessment as aforesaid, then such Assessment may be levied in manner aforesaid as well upon the Dwelling House or other building respectively charged, as upon the Goods and Chattels of the occupiers thereof according to their respective periods of occupation without any new Assessment.

XXI. And it is hereby enacted, that the owner of any Dwelling House, or other building assessed, which is not let to any tenant, shall be deemed the occupier thereof, provided always that if such owner can shew that the premises have not been inhabited or used for a period of three months or upwards in any year, he shall be entitled to a proportionate abatement of Assessment levied on the same for the said year.

XXII. And it is hereby enacted, that no Assessment or Charge made under the authority of this Act shall be impeached or affected by reason of any mistake in the name of any person liable to Assessment or Tax, or of any thing chargeable with Assessment or Tax, or any mistake in the amount of the Assessment or Tax charged, provided the directions of this Act be in substance and effect complied with.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS
FOR
MAKING ADVANCES IN INDIA AND CHINA,
UPON
The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

	s. d.	
Per Company's Rupee for Advances made at		Bengal.
Ditto............ Ditto............		Madras.
Ditto .... Ditto		Bombay.
Per Spanish Dollar Ditto....		China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Petre and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will 4, Cap 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

No. 77 of 1839.—The Hon'ble the President in Council is pleased to publish the following Military Despatch, No. 14 of 1839, from the Hon'ble the Court of Directors, dated 20th March, viz.

MILITARY DEPARTMENT.

No. 14 *of* 1839.

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL

Para. 1. You are aware of the anxiety we have long entertained that the whole of the Departments of Building, Surveying, and Road and Canal making and repairing, should be confided to Officers of the Corps of Engineers.

2. Upon a review of the present state of these Departments, we find that notwithstanding the full employment of the Officers of Engineers at your Presidency upon duties belonging to their profession, there are still 26 Officers not of that branch who are employed upon similar duties.

3. The Establishment of Engineers at your Presidency is 60, with the addition at present of 12 Supernumeraries. These added to the Officers of other Arms employed as Engineers, form an aggregate at your Presidency of 98 Officers

4. We have now to announce to you our Resolution to raise the fixed Establishment of Engineers at your Presidency from 60 to 87, composed of three Battalions, each of the following Establishment, viz.

1 Colonel.
1 Lieutenant Colonel.
2 Majors.
6 Captains.
12 1st Lieutenants.
7 2d Do.

29

5. This augmentation will still leave 11 of the 26 appointments abovementioned to be filled by Officers not of the Engineers—some of these are temporary in their nature, and we would hope that on their cessation and by a careful attention to the employment of the Engineers, you will be relieved in a short period from the necessity of confiding such duties to Officers, who have not been specially educated for this branch of the Service.

6. There are now eleven Supernumeraries to the Corps of Engineers at the Presidencies of Madras and Bombay. The whole of these are to have the option of being transferred to Bengal, ranking with the Supernumeraries at your Presidency according to their rank at Addiscombe as shewn in the enclosed List. The option of transfer is to be given in order of Seniority at each Presidency from the highest to the lowest.

7. The augmentation is to have effect from the date of its announcement in General Orders

8. The above augmentation will suffice to bring upon the Establishment all the present Supernumeraries at the three Presidencies, and also two Cadets who are on the eve of completing their studies at Chatham.

We are, &c.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

ADVERTISEMENT.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

"I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. Martin makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July,* 1838.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

NOTES

ON THE

Medical Topography of Calcutta,

(Royal 8vo. 190 Pages, with 2 Maps. Price 5 Rs)

BY JAMES RANALD MARTIN,

Presidency Surgeon and Surgeon to the Native Hospital,

PRINTED BY ORDER OF GOVERNMENT.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July,* 1838.

POLITICAL DEPARTMENT,

FORT WILLIAM, 3D JUNE, 1839.

THE following Official Despatch from the Envoy and Minister at the Court of SHAH SHOOJA-OOL-MOOLK, dated the 24th of April last, is published for general information:

(Copy)

To T. H. MADDOCK, ESQ.

Offg. Secy. to the Govt. of India, with the Governor General.

SIR,

In my letter to your address of the 12th instant, I ventured to record an opinion to the effect, that the lapse of a few days would suffice to shew the high estimation in which His Majesty Shah Sooja-ool-Moolk is held by his countrymen, as well as the wisdom of the policy pursued by the British Government, throughout the whole of the proceedings in which we were now engaged.

2. Yesterday the Shah, with his disciplined Troops, made a march of 22 miles to Deh Hadgee, where we had the satisfaction of learning, that the Sirdars were about to decamp. We have since ascertained that they actually set out about 3 o'clock yesterday evening, attended by about two hundred followers. Their conduct to the last was marked by meanness and rapacity. Whilst with one hand they were selling their stores of grain to the Merchants of the City, with the other they were practising every species of extortion and violence towards the peaceable inhabitants, and they departed amidst the execrations of all classes.

3. This morning we marched upon Candahar, a distance of about 18 miles, and we are now encamped within two miles of the City. The spectacle which presented itself to us on the road, was the most interesting one it ever fell to my lot to witness. His Excellency Lieut. General Sir John Keane, with the Army of the Indus, was one march in our rear, our advance having been made on an erroneous calculation of the distance, which, owing to the heat of the weather, was too great to be performed by the European Troops. The Shah's disciplined Troops were behind us, and His Majesty advanced, attended only by the Officers of the Mission and his own immediate retainers. At every hundred yards of our progress, we were met by bands of well mounted and well armed men, all tendering their allegiance to His Majesty, whilst the peaceable inhabitants of the country assembled in crowds, and manifested their joy at the Shah's restoration in the most unqualified terms.

4. Tranquillity is restored—the people flock to our Camp with the greatest confidence. There is no longer any apprehension of scarcity, and even the confidential servants of the Sirdars, several of whom have visited me, declare their satisfaction at the change of Government, and state that they would sooner have joined the Shah, but for the dread, that some evil would have been inflicted on their families, whom they must have left in the City.

5. His Majesty proposed to send out a party in the hope of overtaking the fugitive Sirdars, and they certainly appear deserving of little consideration after the wickedness and folly which they have displayed, in spite of repeated and solemn warnings. It doubtless would be dangerous to allow them to remain at large, and excite disturbances in the country; but I was apprehensive that, in the present excited state of men's minds, they might, if seized by the Shah's party, be subjected to unnecessary cruelty; I therefore prevailed upon His Majesty to permit me to make the Sirdars one more offer, which, if accepted, will enable them to retire to our Territories in safety. Any provision which His Lordship the Governor General may please to assign to them will, of course, fall far short of what they would have received had they at once come into our terms, and I am of opinion that five hundred Rupees per mensem for each of them would be an ample provision.

6. It is my intention therefore to write to the Sirdars through Moollah Nussoo, their confidential adviser, and I am not without hope that they will come into my terms, deserted as they are by nearly all the followers who left the City with them, and surrounded as they must be by dangers, and difficulties of every description.

7. I now proceed to detail the progress of events from the date of my last communication.

8. Since the dispatch of my letter to your address, dated the 12th instant, giving the sub-

stance of my communications with the Sirdars, nothing of sufficient importance occurred to require a separate report.

9. In the Kajak Pass, we found a natural obstacle of a much more formidable nature than we anticipated, but it was speedily surmounted by the energy of the British Troops. Brigadier Arnold, who went to reconnoitre the Pass, suddenly came upon a small party detached by the Sirdars, and was fired upon. The party however made a precipitate retreat, and it was evident that the Sirdars had been surprized by the rapidity of our advance.

10. In the same Pass, letters were intercepted from the Sirdars, addressed to the authorities in Sevee, and the Eastern Provinces, stating that they intended to advance, and oppose us in Psheen, and calling upon all true Mahomedans to join in a religious warfare against the invading Infidels. We further learnt that the Sirdars were still unremitting in their endeavors to excite the same feelings of animosity against us at Candahar.

11. It subsequently came to our knowledge that Rahim Dil Khan, and Mehr Dil Khan, with a number of other Chiefs, and a body of between two and three thousand Cavalry, had quitted Candahar with a view of annoying us in every possible way, leaving Kohun Dil Khan to guard their interests in the City. The main body advanced as far as Killa Futtoollah, whence they detached parties to the vicinity of Dunda Goolam. These parties succeeded in killing several of our followers who had incautiously strayed, and in carrying off two of my Elephants which had been, against orders, taken for the purpose of procuring fodder to too great a distance from the Camp. They also put us to considerable inconvenience for a short time by diverting the stream, which supplied our Camp with water.

12. On the morning of the 20th instant Hajee Khan Kakur, who had accompanied the Sirdars from Candahar, and who is decidedly the most powerful Chief in these parts, reported his arrival, with about 200 Horsemen, to pay his respects to the Shah. He was escorted into Camp, and received with all honor both by His Majesty and myself. This defection, it was obvious, would at once prove fatal to the hopes of the Sirdars.

13. On the same day two other persons of considerable influence came in, namely, Abdool Mujeed Khan, the son of Shah Pussund Khan, Governor of Lash, and Gholam Akhoondzada, a Moollah, who, I have good grounds for believing, was one of those who were most violent in stirring up the population to oppose us.

14. The secession of these individuals, and the near approach of our Troops, filled the Sirdars with consternation, and they fell back rapidly upon Candahar.

15. The ancient nobles of the land have been nearly exterminated by the rapacious tyranny of the Barakzye Usurpers ; but it was gratifying to find that the advent of the Shah was cordially welcomed in every stage of his progress by every man of respectability, who has been left in the country, and His Majesty's reception at Candahar, as above detailed, has fully justified the opinions that have been pronounced, as to his popularity with all classes of his subjects.

16. I shall report further proceedings in the course of to-morrow.

I have, &c.,

(Signed) W. H. MACNAGHTEN,

Envoy and Minister.

all of whom draw 32,000 upon augmentations made and since the 16th November 1836. The other Officers named in the List as drawing more than 30,000 are old incumbents, viz. Messrs. Cracroft, Lee Warner and J. D'Oyly; and those who have received the higher rate of 36,000 before the 16th November 1836, viz. Messrs. R. Barlow and H. Moore.

6th. Of the Civil and Session Judges (in Number 28) the following draw allowances less than 30,000: Messrs. Smelt, Russell, Biscoe, Gouldsbury, Gough, Cathcart, Golding, Deedes and Dunbar. The Salary of all these Officers being 28,000 they are each respectively entitled to an increase of 2,000 per annum provided that a deduction equivalent to furnish such an addition be immediately available, and if the deduction afford only a partial increase, the amount is to be "equitably* apportioned among Officers of the same class" The present amount available from Civil and Session Judges is 10,000, but His Honor in Council regards the immediate saving made in the allowances of Officers of the Sudder Court as likewise available for the augmentations of Civil and Session Judges' Salaries. Thus the amount in hand applicable for augmentations from the 20th February last is 15,000.

** Court's Orders, para. 43.*

7th. Since that date Mr. Cracroft's resignation has been received; this Gentleman's Salary was 41,800 being that of a 2d Judge of Circuit under the old system. Considering of this amount the excess above 36,000 as personal, His Honor in Council deems 6,000 to be available for augmentation of the inferior grade of Salaries of Civil and Session Judges. Thus the total amount at present available is 21,000, but in addition to the nine Gentlemen named as filling the office of Civil and Session Judge, a tenth, Mr. Ravenshaw, draws the same allowances of 28,000 as an additional Civil and Thuggee Session Judge, and the Criminal duties to be performed in the trial of these Offenders, are at least of equal responsibility and grade with those of ordinary Sessions, His Honor in Council is therefore disposed to admit the claim of this Gentleman to be placed on the same footing in point of Salary.

8th. Thus there are ten Officers entitled to receive in the whole 20,000 Rupees from the 20th February, but from that date till the departure of Mr. Cracroft, the amount available being only 15,000, they will each respectively receive only three-fourths of the augmentation allotted to them until the date when Mr. Cracroft's Salary fell in, and from that date the entire increase, the Additional Judges performing only Civil duties, will continue to draw, as before ordered, only 26,000.

9th. In the Statement laid before the President in Council the next Officers named are separate Magistrates. Of these the Chief Magistrate of Calcutta and Magistrate of 24-Pergunnahs are Special Offices, the allowances of which have been sanctioned by the Hon'ble Court. The remainder, twelve in number, have been appointed under an arrangement not before the Court at the time of issuing their Orders. The appointments having been substituted for those of Joint Magistrate and Deputy Collector,

10th. The despatch of the Hon'ble Court contains no Orders specifically referring to these Officers, but His Honor in Council is of opinion that the principle of the Orders will apply, and therefore that the office of Magistrate must be established with an equal salary, the duties performed and the powers exercised being all of the same description.

11th. Of the twelve Magistrates appointed in Bengal, three are drawing 18,000 Rs. per annum and the remainder 12,000. The Right Hon'ble the Governor General has proposed to fix the equal Salary of 15,000 per annum for this class of Officers, in which case Messrs. Onslow, Gilmore, and Elliott would lose 3,000 per annum, and the remaining nine would obtain a corresponding increase. This would involve a net charge of 18,000 per annum, to meet which there is no deduction available from the Salaries of Officers of the same class, and as these Officers were not embraced in the previous Orders of the Hon'ble Court, and there has been no Special Salary assigned to this class of Officers which was intentionally distributed unequally upon the principle of keeping the total the same, it cannot be assumed that there are vacancies of the higher grade.

12th. The President in Council concurring in the expediency of fixing the Salaries of the Magistrates on the uniform scale proposed, to wit, 15,000 per annum, feels that he would not be warranted in providing the means by so large a net charge upon the resources of the country; since therefore the despatch in question contains no specific orders in regard to this class, Resolved, that the case of the Magistrates be submitted to the Hon'ble Court with a recommendation that they be uniformly placed on the footing of 15,000 per annum.

REVENUE.

13th. In the Sudder Board of Revenue the Salary of Mr. R D. Mangles, temporary Member, will require to be reduced from 45,000 to 42,000, but as this Gentleman has taken his departure in the "Repulse" the case is only noted, for the saving which becomes available in consequence for other augmentations.

14th. Of the Commissioners, Mr. Dampier only draws more than the amount fixed by the Hon'ble Court, his Salary was fixed at 39,000—36,000 + 3,000 for travelling charges on the 26th January 1836. The Orders for reduction do not therefore apply to his case.

15th. The remaining six Commissioners of Revenue draw uniformly, 38,000, i. e 35,000 + 3 000 travelling charges, (vide Civil Auditor's Statement) which is the rate now finally established, by the present despatch of the Hon'ble Court. There are thirteen Gentlemen filling the office of Collector only, of these, three, A C. Barwell, J Wilkinson and Wm. H. Belli, are old incumbents, not affected by the present Orders* Of the remainder of the Officers of this class two (Hon'ble J. C. Erskine, and H Dick) draw 25 000 under appointments made subsequent to 16th November, 1836, each of these Gentlemen will, therefore, under the present Orders, lose 2,000 per annum, 4000, to reduce their Salaries to the scale of 23,000 fixed by the Hon'ble Court for this class. There are eight Officers—

** These Officers draw the old Salary of 18,810, besides Commission, which more than makes up the deficiency. Mr. Barwell draws the Special Salary heretofore drawn by him as Collector of Dacca, with the addition of a Salt charge. The aggregate allowances of all these Gentlemen is of course in excess of the present highest scale of Salary, viz. 25,000.*

drawing only 21,000 per annum, and to each of whom therefore an increase of 2,000 per annum would have to be awarded were there funds available under the Order to apportion the amount available from the *same class* which is in this case 4,000 per annum; each of the above eight Gentlemen would receive from the 20th ultimo 500 per annum, and if the gain from reduction, of Mr. Mangles be thrown into the account they will each receive in addition one-eighth of 3,000 per annum from the 14th March, the date of Mr. Mangles' departure, to wit, 375 per annum

16th According to the letter of the Hon'ble Court's despatch, there is no other fund at present

available for addition to the allowances of the Collector's drawing only 21,000, but as each of the three old incumbents must be considered as Collector of the 1st class, there will be a further 2,000 Rs. to be distributed upon each vacancy, and when the whole of these offices have lapsed the total Salary of each of the Collectors now drawing 21,000 will be 500 + 375 + 750 = 1,625 + 21,000 = 22,625. Messrs. Erskine and Dick will, however, draw 23,000, there would still therefore be a grade amongst these Officers—for their successors will still draw 23,000, i. e. superior allowances to other Collectors.

17th. There is however an important point still to be noticed, which is this, that in the Resolution of the 21st May 1837, upon the previous despatch of the Hon'ble Court, it was laid down as a rule that the total Government payment to the class being taken at the amount fixed by the Hon'ble Court the distribution, instead of being equable should be by grades; one-half drawing an amount in excess of the average, and the other half in the same proportion less. But if this principle had been followed out as intended, the amount available for increase of the underpaid Officers would, of course, have exactly equalled the demand, and it appears that the only reason why this is not the case is, that promotion to the higher grade has for sometime been suspended, and on that account there is, reckoning the three incumbents of the former system as upper grade Officers, a vacancy of one of this grade to complete the number six, or one and a half, if the exact half of 13 be taken, assuming 3,000 Rupees per annum to be available for the augmentations; on this account a sum of 375 will be added immediately to the allowances of the underpaid Collectors, which is the complement of the exact sum of 23,000 for each. The effect of the Court's present Orders will therefore be, that, instead of drawing 23,000 immediately, 375 per annum of that amount will be payable from the date of Mr. Mangles' departure, and 750 in three parts, as Messrs. Barwell, Belli and Wilkinson vacate.

JUDICIAL—REVENUE.

23rd. The next Officers on the list are Magistrate-Collectors—to these the Hon'ble Court has allotted the uniform Salary of 26,000 per annum, with exception to the three employed in Cuttack, who being also Salt Agents, are allowed to draw 28,000. There are 14 Officers of this class, of whom one only, Mr. Raikes, draws 28,000 upon the ground of having a small charge of Customs—all the remainder, the Cuttack Officers excepted, who draw also 28,000 as allowed by the Court in consideration of the districts being unsettled, and of there being a Salt charge annexed to each, receive 24,000 per annum. There are thus ten Officers to be increased 2,000 Rupees each, and as the Salary authorized by the Court for Chittagong in the previous despatch was 28,000, the Government having urged its being raised to 30,000 on special grounds personal to Mr. Harvey, which the present despatch recognizes, there are none who will suffer corresponding deductions. According to the strict principle of the Hon'ble Court's despatch there is no fund from which to provide for these Officers the increases allotted to them, and as the expediency of dividing the Magistrate's office from that of Collector's, appears now to be very generally admitted in Bengal, it may not be considered of so much importance to seek prospectively for the means of raising the Salaries of the Magistrate-Collectors in the manner proposed by the Court.

24th. It is to be observed however, that the cause of there being no Collector-Magistrates on the higher Salary of 28,000 is the same, as remarked in the case of the Collectors only, viz. the suspension of promotions to the highter grade. The entire half therefore of the number of these Officers may, on the same principle, be deemed entitled to the augmentation though they have not received it, in which case the fund, though in abeyance, exists for raising the whole to 26,000 from the 20th February last.

25th. In the business of administration there are evidently three distinct duties to be performed. The collection of Revenue, the administration of Civil Justice, and the preservation of the Police and Peace of the country.

26th. The natural provision for the performance of these duties is through separate Officers for each, and if heretofore the Police and Peace have been united first with the administration of Civil Justice, and subsequently with the collection of Revenue, the doubling-up of distinct duties has been a necessary imperfection arising from the desire to diminish the number of Public Officers as well for the sake of economy as from the want of servants in sufficient number to provide separate Officers for all three duties.

27th. The latter want is not at present felt, because of the extraordinary supply of Civil Servants furnished by the Hon'ble Court in the years 1826, 1827, and 1828.

28th. Of the fifty Servants nominated in each of these years, forty have now passed their tenth year, which is a period of service at which full competence for the most responsible duties is of necessity reached. It is this condition of the Service which enables the Government and seems to require of it to provide separate Officers for each of the three classes of ministerial duties, which have of necessity to be performed in every district.

29th. The only class of Officers remaining to be noticed is that of independent Joint Magistrates and Collectors, who have always been appointed at out Stations. Of these there are at present nine, of whom five receive 18,000 per annum, and four 12,000. If in order to follow out the principle laid down by the Hon'ble Court it be deemed necessary to equalize these allowances, and consequently it should be determined to place them all on the scale of 15,000, there will be an excess of 3,000 beyond the amount required to raise the smaller Salaries which may be added to the allowances of the Magistrate-Collectors, making a further addition to them of 300 Rupees each per annum; but His Honor in Council is inclined to respect the rights of Incumbents of the class under review, and would not therefore order a present reduction, more especially as they are not included amongst the classes revised by the Hon'ble Court, so that the salary assigned is not in contravention of any Orders of the Hon'ble Court. Moreover in several instances the separate joint office at the out Station had existed at the same Salary for a long time, and though of necessity known to the Hon'ble Court, they have not been ordered to be reduced—His Honor in Council therefore, instead of equalizing the allowances of these out Station Officers, prefers establishing 18,000 Rupees as the Ordinary Salary of them, and seeking to reduce their number by a new distribution of Zillahs so as to abolish the lower grade on 1,000 per mensem.

30th. There is an inferior class of Officers not entered in the list called Joint Magistrates and Deputy Collectors of the 2d grade on the Salary of Head Assistant under the old system, viz. 8,400 per annum.

31st. These Officers were until lately divided into two classes, the higher of which received 1,000 per mensem. These have now however been entirely absorbed. The abolition of the Gradation System will therefore have no application to the remaining single grade of these Officers, which, as an useful aid in troublesome districts, may require to be maintained.

32d. It only remains to notice the individual cases:—these are the case of Mr. W. Young, Secretary to the Board of Customs, Salt and Opium, to whom the Hon'ble Court confirm his previous allowances of 30,000, but direct the Salary of the Board of Customs, Salt and Opium, to be reduced to 28,000 on a vacancy. This reduction will of course take effect.

33d. The cases of Messrs. Harvey and Mills require no orders, as both these Officers are now Commissioners.—The case of the Salt Agents of Hidgellee and Tumlook is again referred to by the Hon'ble Court. The Salary of those Officers were, in the previous despatch, ordered to be reduced from 50,000 to 42,000. Mr. Barlow, the Salt Agent of Hidgellee, as an incumbent, is entitled to continue upon his present allowances of 50,000, but Mr. Martin was appointed in August 1835, upon a Salary of 30,000.

34th. It is not clear to the President in Council whether this latter Salary shall be raised.

35th. Having thus disposed of the questions arising out of this despatch, so far as they apply to Bengal,—Ordered, that copy of the above Resolution be sent to the Right Hon'ble the Governor General for His Lordship's information, in order that the President in Council may have the benefit of His Lordship's views and sentiments as to the manner in which the Court's Orders should be carried into effect also in the North Western Provinces.

Ordered, that a copy of the above Resolution be sent to the Government of Bengal through the Revenue and Judicial Department of the Government of India, with a view to the several augmentations

and reductions being carried fully into effect from the dates and in the manner stated.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 3D JUNE, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 3d June, 1839.

ACT No. —— of 1839.

Several Claimants to same property.

I. It is hereby enacted, that whenever a person dies leaving property, whether moveable or immoveable, and the right to succession is disputed between two or more claimants,

it shall be lawful for the Judge of the Court of the District, whether designated Zillah or City, where any part of the property is to be found, at his discretion, upon the application of any *bonâ fide* claimant, to appoint a Curator who shall have the custody and management of the property disputed under the control of the Court, and subject to such adjudication and orders as may be passed in regard thereto under the rules hereinafter enacted.

Several Claimants to portions of the same property.

II. And it is hereby enacted, that when several persons claim to be entitled to portions of the same property by succession it shall be lawful for the Judge of the District Court at his discretion, on the application of any *bonâ fide* claimant, to appoint a Curator who shall have the custody and management of the whole property, or of such parts thereof as the Judge shall think fit, under the control of the Court, and subject to such adjudication and orders as may be passed in regard thereto under the rules hereinafter enacted.

Limitation in case of possession.

III. And it is hereby enacted, that if possession shall have been taken by a *bonâ fide* claimant unquestioned by any party having an interest in the property, and shall have been held by him during the period of six months, the Judge shall not proceed under the two preceding clauses.

Minors disqualified persons — absentees entitled to property or portions of property.

IV. And it is hereby enacted, that whenever the Judge of the District Court shall be satisfied upon the representation of any person, and after due enquiry, that any minor insane or otherwise disqualified person or any absent person is entitled by succession to any property or portion of property, it shall be lawful for him at any time within such six months as aforesaid at his discretion to appoint a Curator, whether any possession shall have been taken or not, who shall have the custody and management of the property or such portion thereof as the Judge shall deem requisite, until the right of the party who is incompetent to protect his own interests or is absent shall, if disputed, be determined, or if the right be not disputed, then until the disqualification, minority or absence shall cease, when the possession shall be delivered up by the Curator, together with such account as aforesaid.

Powers of Curator defined.

V. And it is hereby enacted, that in appointing a Curator under any of the preceding Sections, the Judge shall define the powers and limitations under which he is to act, and if his charge is not to extend to the whole Estate, the parts and interests entrusted to him shall be specified. The Curator may be authorized generally or specially to bring and defend actions and recover debts or shares thereof in right of the deceased or disqualified person whom he represents.

Security.

VI. And it is hereby enacted, that the Judge may exact from the Curator security for faithful discharge of trust, and may authorize him to receive or deduct by way of salary or percentage such remuneration for his personal trouble as may appear reasonable. Such remuneration as well as other just charges of management shall be allowed to the Curator in the account of his administration which he shall render. The surplus of monies realized by the Curator, after deduction of expences, shall be paid into Court on their proper account, and may be invested in Public Securities for the benefit of those interested.

Allowances whilst Estate in hands of Curator.

VII. And it is hereby enacted, that pending the custody of the property by the Curator, it shall be lawful for the Judge to make such allowances as upon a summary investigation of the rights and the circumstances of the parties interested he shall consider they are entitled to and necessity may require.

Notice to be issued.

VIII. And it is hereby enacted, that, after the appointment of a Curator, the Judge shall inquire in the place or places in which deceased usually resided, or in which his Estate and Effects may exist, as to the state of his family, and the residence of his kin or reputed kin. The Judge shall then fix a day for hearing the application, allowing such interval (not less than two months) which may appear proper to afford opportunity for appearance of claimants and opponents Notice of application and day fixed shall be affixed in the Court House of the Judge. It shall also be published and served (in the mode in which similar process may be usually published and served) in such places and on such persons as the Judge may direct and deem proper for the purpose of ensuring information of all parties interested. The Judge may also cause information to be given in the Government Gazette.

Determination of Judge.

IX. And it is hereby enacted, that on or after the day fixed for hearing, the Judge shall, after summary investigation, decree the right of succession to the person or persons in whom it may appear to belong, and pass order for possession of such party or parties who may be before the Court as claimants, provided that where the Judge shall have reason to believe that the interests of any person entitled are not duly represented before him, he may postpone the investigation till the expiration of such notices for parties to attend and prefer their claim, as the circumstances of the case may in his judgment require.

Effect of Judge's decision.

X And it is hereby enacted, that the determination of the right to succession by the District Judge can only be reversed on appeal to the Sudder Dewanny Adawlut. But that Court may not merely declare who is the party entitled upon the evidence before the Zillah Judge. But at their discretion may, upon petition, direct a rehearing by the Judge upon fresh evidence or upon the claim of any new party, or may direct a regular suit to be tried.

Creditor may apply for appointment of Curator.

XI. And it is hereby enacted, that the District Judge may also exercise the powers of appointing Curator conferred by the preceding Sections on application of a creditor who has instituted a regular suit for the recovery of his claim, on being satisfied that the demand is well founded and that the appointment is necessary to prevent waste

Duties of Curator.

XII. And it is hereby enacted that the Curator appointed under any Section of this Act will register all claims committed to him, and at the end of 12 months from the date of appointment must file an account of Administration. If the trust committed to him is then susceptible of being closed he will propose a scheme for closing it by partition amongst those entitled to participate, or by surrender of property to those jointly interested if their desire or other circumstances should be opposed to partition. The Curator will also file lists of claims admitted and unadmitted, and particulars of any Estate Effects, not administered to and of outstanding claims. A disputed claim shall not be paid, but the Judge may exact security from those receiving funds realized to satisfy such claim to extent of assets received, provided claimant has brought or within one year shall bring an action to establish his demand. The Judge may also prolong the Administration generally or specially.

Priority of appointment.

XIII. And it is hereby enacted, that after the Judge of any District shall have appointed any Curator, such appointment shall preclude the Judge of any other District within the same Presidency from appointing any other Curator; and the Curator first appointed shall, at the discretion of the Judge appointing him have jurisdiction over all the property of the deceased within the same Presidency or such part of the property or within such limits of the same Presidency as the Judge shall direct.

No debt recoverable without a Certificate.

XIV. And it is hereby enacted, that no debtor of any deceased person shall be compelled in any Court of Law to pay his debt to any person claiming to be entitled to the Effects of any part thereof, not being a Curator appointed under this Act with power to recover debts, except on the production of a certificate to be obtained in manner hereinafter mentioned, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or vexatious motives, and not from any reasonable doubt as to the party entitled to receive the same.

Manner of obtaining Certificate.

XV. And it is hereby enacted, that the Judges of the following Courts are empowered to certify the right of an

applicant to recover the debts or shares of debts due to a deceased person, viz. the Zillah or District Court in which deceased may have resided, such Court in which any part of the property of deceased may be found, such Court in which the debtor may reside. The applicant in his petition shall set forth his title to recover debts due to deceased or any part thereof. The Judge shall issue notice of application inviting opposition and fixing a day for hearing petition, and in these matters shall proceed as laid down in the rules in Sections VIII and IX.

Effect of Certificate.

XVI. And it is hereby enacted, that the certificate of the District Judge shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Security taken from grantee of Certificate.

XVII And it is hereby enacted, that the District Judge may take such security as he shall think necessary from any person to whom he shall grant a certificate for rendering an account of debts received by him, and for indemnity of persons who may be entitled to the whole or any part of the monies received by virtue of such certificate.

Decision of Judge how far final.

XVIII. And it is hereby enacted, that the granting of such certificate may be suspended by an appeal to the Court of Sudder Dewani Adawlut, which Court may declare the party to whom the certificate should be granted, or may direct such proceedings for the investigation of the title as it shall think fit. The Court may also upon petition, after a certificate shall have been granted by the Zillah Judge, grant a fresh certificate in supercession of the certificate granted by the Zillah Judge, such fresh certificate shall not affect any payments made to the person to whom any former certificate may have been granted without notice that the same has been superseded.

Local extent of power given by Certificate.

XIX. And it is hereby enacted, that every certificate shall give authority to the person to whom the same is granted, throughout the Presidency within which the same is granted, and no certificate subsequently granted in respect of the same property shall be valid or effectual, except as hereinafter mentioned.

Government Note's Dividends.

XX. And it is hereby enacted, that a Curator appointed or person certified, as aforesaid, may be empowered to receive interest on Government Notes and Dividends on Shares of any Bank or parts thereof, and to negotiate such Securities. And Secs. 5 and 6 of Reg. VIII. of 1825;

Together with so much of any Regulations as extends any of the above Regulations or parts of Regulations to any places within the Presidency of Fort William in Bengal; be repealed.

II. And it is hereby enacted, that in the Territories subject to the Presidency of Fort William in Bengal, whenever either of the Courts of Sudder Dewanny Adawlut, either of the Sudder Boards of Revenue, or the Board of Customs, Salt and Opium, shall be of opinion that substantial grounds exist for making a regular and formal inquiry into the truth of any matter implicating the public conduct of any European Officer subject to their control respectively, they shall submit the documents on which their opinion may be founded, together with a statement of the charges reduced to distinct articles which they may propose to be made the subject of a regular investigation, to the Governor of Bengal, or to the Lieut.-Governor of the North Western Provinces, or any functionary exercising the authority of Government in the North Western Provinces, as the case may be, according to the authority to which they may be subject, for his consideration and orders.

III. And it is hereby enacted, that when any charge or information, implicating the public conduct of any European Officer, shall be preferred direct to either of the Courts of Sudder Dewanny Adawlut, either of the Sudder Boards of Revenue, or the Board of Customs, Salt and Opium, respectively, it shall be the duty of those authorities to examine the complainant or informant circumstantially upon oath, or upon solemn affirmation, if he be entitled to be exempted from taking an oath, and also to make such further inquiries upon oath or affirmation upon the subject as they may judge proper.

IV. And it is hereby enacted, that every Court of Judicature, before whom any charge or information of the nature above described may be made, shall examine the complainant or informant circumstantially upon oath or upon solemn affirmation, if he be entitled to be exempted from taking an oath, and shall transmit the deposition so taken to the Sudder Dewanny Adawlut, the Sudder Board of Revenue, or the Board of Customs, Salt and Opium, according as the person accused may be subject to those authorities respectively.

V. And it is hereby provided, that it shall not be lawful for the Courts of Sudder Dewanny Adawlut or the said Boards respectively, to act upon any such charge or information, unless the person preferring the same shall make oath or solemn affirmation, in case he be entitled to be exempted from taking oath, that he believes the facts and circumstances on which the charge is grounded to be true.

VI. And it is hereby provided, that it shall be lawful for the Courts of Sudder Dewanny Adawlut, and for the said Boards, respectively, to dismiss any such charge or information, where they do not see any substantial reason for entering further into the inquiry. Provided, that on every occasion when they shall dismiss any such charge or information, they shall submit the same, together with all the circumstances of the case, in like manner as is provided in Section II. of this Act.

VII. And it is hereby provided, that the said Courts of Sudder Dewanny Adawlut and the said Boards respectively, may at any stage of the inquiry into such matters as aforesaid, require the person preferring such charge or information as aforesaid, to furnish such security as may be deemed reasonable to attend and prosecute the charge to a conclusion, and in the event of security being so required all proceedings shall be stayed until the same shall be furnished accordingly.

VIII. And it is hereby provided, nevertheless, that if any matter implicating the public conduct of any European Officer shall appear in the course of any proceedings, whether preliminary or otherwise, which shall come before or be reported to either of the Courts of Sudder Dewanny Adawlut, or any of the said Boards, respectively, those authorities shall act upon and institute such inquiry into the same as they shall deem proper for the purpose of such reference to the Governor of Bengal, or to the Lieutenant-Governor of North Western Provinces, or to the authority exercising the powers of Government in those Provinces as aforesaid, although no charge or information be preferred as aforesaid, and in such cases it shall not be necessary before acting upon or instituting any inquiry concerning any matter so appearing in the course of proceedings, to require any oath or affirmation in regard to the truth of such matter.

IX. And it is hereby enacted, that if the Governor of Bengal, or the Lieutenant-Governor of the North Western Provinces, or the authority exercising the powers of Government in those Provinces as aforesaid, upon such reference as is mentioned in the second Section of this Act, shall concur with the authority by which it may be submitted, he shall appoint a Commissioner or Commissioners for making a regular and formal inquiry into the truth of the matter implicating the public conduct of the officer whose case has been submitted.

X. And it is hereby enacted, that on the appointment of every such Commission, the said Governor, or Lieutenant-Governor, or authority exercising the powers of Government in the North Western Provinces, shall direct whether the Commission shall be placed under the control of any of the authorities aforesaid, or shall act immediately under the authority of Government, and all Commissions appointed as aforesaid, shall be guided by the instructions which they may receive in this behalf from the Government to which they may be respectively subordinate.

XI. And it is hereby enacted, that the Commissioner or Commissioners appointed as aforesaid, before entering on the discharge of his or their duties, shall take the following oath:—

I, A. B., Commissioner for the purpose of (here state the object of the Commission) do solemnly swear that I will faithfully and impartially perform the duty committed to me without fear, favor, or bias, to the best of my ability, knowledge, and judgment; so help me God.

XII. Whenever a charge shall be referred for investigation to a Special Commission, the Governor or Lieutenant-Governor, or authority exercising the powers of Government in the North Western Provinces, will determine whether the conduct of the prosecution shall be left to the accuser, or be undertaken on the part of Government. In the latter case, the Governor, or Lieutenant-Governor, or authority exercising the powers of Government in the North Western Provinces, will nominate such person or persons as may be deemed proper, to conduct the prosecution on behalf of Government.

XIII. It shall be the general duty of Commissioners appointed under this Regulation, after receiving the plaint or charge, and the documents from which the same may have been prepared, to call upon the person accused for his reply to the accusation; to examine upon oath, or under a solemn declaration, the witnesses named by the accuser or the accused, as having knowledge of any facts relative to the charges or defence; to receive any further written documents offered in support of, or against the accusation, and to call for and take any further requisite evidence which may be indicated by the witnesses adduced, or documents exhibited, by either party, and may appear to be necessary for the ascertainment of facts, or the discovery of the truth or falsehood of the charges, or of any part thereof.

XIV. For the discharge of the duties specified in the preceding Section, or any other functions which may be delegated to a Commission constituted under this Regulation, it shall be vested with the same powers as are exercised by the Zillah and City Courts, except that all process to cause the attendance of witnesses, or other compulsory process, shall be served through, and executed by, the Zillah or City Judge in whose jurisdiction the Commission may be held, on the witness, or other person upon whom the process is to be served, may reside.

XV. On the close of the evidence in support of the prosecution, and in defence of the accused, he shall be at liberty to record any observations upon the result of the inquiry, which he may think necessary for the vindication of his conduct and character. The accuser, or person appointed to conduct the prosecution on the part of Government, shall also be at liberty to record any remarks on the subject of the prosecution which he may deem requisite.

XVI. And it is hereby enacted, that as soon after the conclusion of the proceedings as circumstances shall permit, the Commissioner or Commissioners shall, when the Commission shall be instructed to act immediately under the authority of Government, submit directly to the Government to which he or they may be subordinate, and in other cases, to the controlling Court or Board, the proceedings held and the documents received by him or them under the Commission, accompanied by translations of papers not in the English language, together with a summary of the pleadings and evidence, and his or their opinion of the merits of the case.

XVII. And it is hereby provided, that it shall be lawful for the said Governor, Lieutenant-Governor, or authority exercising the powers of Government in the North Western Provinces, or the Controlling Court or Board upon consideration of the report of any such Commission as aforesaid, to direct the Commissioner or Commissioners to take further evidence, or to give further explanation of his or their opinion or opinions connected with the case investigated, and the Commissioner or Commissioners are authorized and required to take such further evidence and to give such further explanation.

XVIII. And it is hereby enacted, that the Sudder Dewanny Adawlut or the Board to which any report of a Commissioner or Commissioners may be submitted as aforesaid, after due consideration of the same, and after obtaining such further evidence or explanations as they may require, shall submit the whole of the proceedings and documents received by them to the Government to which they may be subordinate, together with their opinion whether any and what facts have been established against the accused

XIX. Whenever a Special Commission may be appointed under the Provisions of this Act, for the investigation of charges exhibited against a public Officer, the Governor or Lieutenant-Governor or authority exercising the powers of Government in the North Western Provinces will determine, on a view of the nature and circumstances of the case, whether the accused shall be suspended from the discharge of the functions of his office; and if so, whether he should be permitted to draw the established allowances of his office, or otherwise.

XX. The Governor or Lieutenant-Governor, or authority exercising the powers of Government in the North Western Provinces, on consideration of the report and proceedings submitted to him, in pursuance of the foregoing Section, will pass such decision on the case as may appear to him most consonant to the principles of justice, and to the powers possessed by Government in matters of this description; and in the event of his deeming it necessary that the party accused should be brought to trial, by a public prosecution in the Supreme Court of Judicature, will issue the necessary instructions for that purpose to the Law Officers of Government. But whatever proceedings may be held, or whatever decision or order may be passed by Government, individuals deeming themselves aggrieved by any of the public Officers will be at all times at liberty to seek redress in the Supreme Court in the mode prescribed by Law.

XXI. In cases in which it shall appear, on a full investigation of the merits of the case, that the charges or complaints preferred against any of the European Officers above mentioned are well founded, the person by whom they may have been preferred shall be at liberty to submit an application to the Sudder Dewanny Adawlut, the Sudder Board of Revenue, or the Board of Customs, Salt and Opium, as the case may be, praying a reimbursement of the expense which may have been incurred by him in the conduct of the prosecution, and the authority to whom such petition may be presented shall forward it to Government, with their opinion as to the propriety of indemnifying the party for the expense so incurred, or otherwise. The Governor or Lieutenant-Governor, or authority exercising the powers of Government in the North Western Provinces, will on receipt of any such reference allow or refuse the expences of prosecution at his discretion.

XXII. And it is hereby enacted, that whenever it shall be declared by the authority passing the final judgment or order upon any charge or information of the nature aforesaid, that the same has been found on investigation to be malicious and without probable cause, it shall be lawful for the Court of Sudder Dewanny Adawlut to punish the person preferring such charge or information by imprisonment with or without hard labor for any term not exceeding six months, or with a fine not iexceeding 500 Rupees, commutable, if not paid, to mprisonment with or without hard labor for a term not exceeding six months, or with both; and the person preferring such charge or information shall be liable, if guilty of perjury, to punishment before the Ordinary Courts for the offence of perjury, whatever final judgment or Order may have been passed in respect of the same.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 3d day of August next.

LEGISLATIVE DEPARTMENT,
THE 3D JUNE, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 3d June, 1839.

ACT No. —— of 1839.

Several Claimants to same property.

I. It is hereby enacted, that whenever a person dies leaving property, whether moveable or immoveable, and the right to succession is disputed between two or more claimants, it shall be lawful for the Judge of the Court of the District, whether designated Zillah or City, where any part of the property is to be found, at his discretion, upon the application of any *bonâ fide* claimant, to appoint a Curator who shall have the custody and management of the property disputed under the control of the Court, and subject to such adjudication and orders as may be passed in regard thereto under the rules hereinafter enacted.

Several Claimants to portions of the same property.

II. And it is hereby enacted, that when several persons claim to be entitled to portions of the same property by succession it shall be lawful for the Judge of the District Court at his discretion, on the application of any *bonâ fide* claimant, to appoint a Curator who shall have the custody and management of the whole property, or of such parts thereof as the Judge shall think fit, under the control of the Court, and subject to such adjudication and orders as may be passed in regard thereto under the rules hereinafter enacted.

Limitation in case of possession.

III. And it is hereby enacted, that if possession shall have been taken by a *bonâ fide* claimant unquestioned by any party having an interest in the property, and shall have been held by him during the period of six months, the Judge shall not proceed under the two preceding clauses.

Powers of Curator defined.

V. And it is hereby enacted, that in appointing a Curator under any of the preceding Sections, the Judge shall define the powers and limitations under which he is to act, and if his charge is not to extend to the whole Estate, the parts and interests entrusted to him shall be specified. The Curator may be authorized generally or specially to bring and defend actions and recover debts or shares thereof in right of the deceased or disqualified person whom he represents.

Security.

VI. And it is hereby enacted, that the Judge may exact from the Curator security for faithful discharge of trust, and may authorize him to receive or deduct by way of salary or percentage such remuneration for his personal trouble as may appear reasonable. Such remuneration as well as other just charges of management shall be allowed to the Curator in the account of his administration which he shall render. The Judge shall then fix a day for hearing the application, allowing such interval (not less than two months) which may appear proper to afford opportunity for appearance of claimants and opponents Notice of application and day fixed shall be affixed in the Court House of the Judge. It shall also be published and served (in the mode in which similar process may be usually published and served) in such places and on such persons as the Judge may direct and deem proper for the purpose of ensuring information of all parties interested. IX. And it is hereby enacted, that on or after* the day fixed for hearing, the Judge shall, after summary investigation, decree the right of succession to the person or persons in whom it may appear to belong, and pass order for possession of such party or parties who may be before the Court as claimants, provided that where the Judge shall have reason to believe that the interests of any person entitled are not duly represented before him, he may postpone the investigation till the expiration of such notices for parties to attend and prefer their claim, as the circumstances of the case may in his judgment require.

Effect of Judge's decision.

X. And it is hereby enacted, that the determination of the right to succession by the District Judge can only be reversed on appeal to the Sudder Dewanny Adawlut. But that Court may not merely declare who is the party entitled upon the evidence before the Zillah Judge. The Curator will also file lists of claims admitted and

unadmitted, and particulars of any Estate Effects, not administered to and of outstanding claims. A disputed claim shall not be paid, but the Judge may exact security from those receiving funds realized to satisfy such claim to extent of assets received, provided claimant has brought or within one year shall bring an action to establish his demand. The Judge may also prolong the Administration generally or specially.

Priority of appointment. XIII. And it is hereby enacted, that after the Judge of any District shall have appointed any Curator, such appointment shall preclude the Judge of any other District within the same Presidency from appointing any other Curator; and the Curator first appointed shall, at the discretion of the Judge appointing him have jurisdiction over all the property of the deceased within the same Presidency or such part of the property or within such limits of the same Presidency as the Judge shall direct.

No debt recoverable without a Certificate. XIV. And it is hereby enacted, that no debtor of any deceased person shall be compelled in any Court of Law to pay his debt to any person claiming to be entitled to the Effects of any part thereof, not being a Curator appointed under this Act with power to recover debts, except on the production of a certificate to be obtained in manner hereinafter mentioned, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or vexatious motives, and not from any reasonable doubt as to the party entitled to receive the same.

Manner of obtaining Certificate. XV. And it is hereby enacted, that the Judges of the following Courts are empowered to certify the right of an applicant to recover the debts or shares of debts due to a deceased person, viz. the Zillah or District Court in which deceased may have resided, such Court in which any part of the property of deceased may be found, such Court in which the debtor may reside. The applicant in his petition shall set forth his title to recover debts due to deceased or any part thereof. The Judge shall issue notice of application inviting opposition and fixing a day for hearing petition, and in these matters shall proceed as laid down in the rules in Sections VIII and IX.

Effect of Certificate. XVI. And it is hereby enacted, that the certificate of the District Judge shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Security taken from grantee of Certificate. XVII And it is hereby enacted, that the District Judge may take such security as he shall think necessary from any person to whom he shall grant a certificate for rendering an account of debts received by him, and for indemnity of persons who may be entitled to the whole or any part of the monies received by virtue of such certificate.

Decision of Judge how far final. XVIII. And it is hereby enacted, that the granting of such certificate may be suspended by an appeal to the Court of Sudder Dewani Adawlut, which Court may declare the party to whom the certificate should be granted, or may direct such proceedings for the investigation of the title as it shall think fit. The Court may also upon petition, after a certificate shall have been granted by the Zillah Judge, grant a fresh certificate in supercession of the certificate granted by the Zillah Judge, such fresh certificate shall not affect any payments made to the person to whom any former certificate may have been granted without notice that the same has been superseded.

Local extent of power given by Certificate. XIX. And it is hereby enacted, that every certificate shall give authority to the person to whom the same is granted, throughout the Presidency within which the same is granted, and no certificate subsequently granted in respect of the same property shall be valid or effectual, except as hereinafter mentioned.

Government Note's Dividends. XX. And it is hereby enacted, that a Curator appointed or person certified, as aforesaid, may be empowered to receive interest on Government Notes and Dividends on Shares of any Bank or parts thereof, and to negotiate such Securities. He may be also empowered to receive a share of such interest or dividend or to negotiate a share of such Securities. These powers (which only arise by express words in the appointment and certificate) may be exercised in regard to Government Notes and certificates of Shares of any Bank existing within the local jurisdiction of the Supreme Court of that Presidency in which is situate the District Court by whom those powers are conferred.

Payments to Curator, or under a Certificate erroneously appointed or granted. XXI. And it is hereby provided always, that where a Curator may have been appointed or a certificate may have been granted, all payments to any such Curator or to any person to whom such certificate has been granted, made in ignorance of circumstances avoiding the appointment or certificate, shall be held good against claims under any valid appointment or certificate.

And it is hereby provided always, that nothing in this Act contained shall be held to extend to the real or personal property of any person whose personal property cannot by Law pass to personal representative without a Probate or Letters of Administration obtained in one of Her Majesty's Courts of Justice.

Curatorship or Certificate after grant of Probate or Letters void. XXIII. And it is hereby enacted, with regard to the real and personal property of deceased persons whose personal property may by law pass to their personal representatives without any Probate or Letters of Administration obtained in any of Her Majesty's Courts of Justice, that no appointment of a Curator or certificate in respect of any such real or personal property shall be valid after a Probate or Letters of Administration granted in respect of the same, provided Assets belonging to the deceased were at the time of his death within the jurisdiction of the Court granting the Probate or Letters of Administration.

Bonâfide payments protected. XXIV. And it is hereby provided, that where a Curator may have been appointed on a certificate granted in cases in which such appointment or certificate would be valid, but for a Probate or Letters of Administration previously granted, all payments made in ignorance of the circumstances avoiding the appointment or certificate shall be held good against claims under the Probate or Letters of Administration so previously granted.

Probate or Letters after previous Curatorship or Certificate void. XXV. And it is hereby enacted, that no Probate or Letters of Administration shall be valid after an appointment of a Curator, or a certificate granted in respect of the same property for which such Probate or Letters of Administration shall have been granted, provided Assets belonging to the deceased were at the time of his death within the jurisdiction of the Court making such appointment or granting such certificate.

Bonâfide payments protected. XXVI And it is hereby provided, that where Probate or Letters of Administration may have been granted, in cases in which such Probate or Letters of Administration would be valid, but for the previous appointment of a Curator or grant of a certificate, all payments made in ignorance of the circumstances avoiding the Probate or Letters of Administration shall be held good against claims under such previous appointment of a Curator or grant of certificate.

Effect of Probates and Letters of Estates of Hindoos and others. XXVII. And it is hereby declared, that all Probates and Letters of Administration granted by any of Her Majesty's Courts in cases in which any Assets belonging to the deceased were, at the time of his death, within the jurisdiction of the Court granting the Probate or Letters of Administration, shall have all the effect of Probate and Letters of Administration granted in respect of

the property of persons whose personal property cannot by law pass to his personal representative without a Probate or Letters of Administration, except so far as is in this Act provided, and except that this Act shall not be construed to make the taking out of Probate or Letters of Administration necessary for succession to property in any case in which it is not now necessary.

Commission may be held, on the witness, or other person upon whom the process is to be served, may reside.

XV. On the close of the evidence in support of the prosecution, and in defence of the accused, he shall be at liberty to record any observations upon the result of the inquiry, which he may think necessary for the vindication of his conduct and character. The accuser, or person appointed to conduct the prosecution on the part of Government, shall also be at liberty to record any remarks on the subject of the prosecution which he may deem requisite.

XVI And it is hereby enacted, that as soon after the conclusion of the proceedings as circumstances shall permit, the Commissioner or Commissioners shall, when the Commission shall be instructed to act immediately under the authority of Government, submit directly to the Government to which he or they may be subordinate, and in other cases, to the controlling Court or Board, the proceedings held and the documents received by him or them under the Commission, accompanied by translations of papers not in the English language, together with a summary of the pleadings and evidence, and his or their opinion of the merits of the case.

XVII. And it is hereby provided, that it shall be lawful for the said Governor, Lieutenant-Governor, or authority exercising the powers of Government in the North Western Provinces, or the Controlling Court or Board upon consideration of the report of any such Commission as aforesaid, to direct the Commissioner or Commissioners to take further evidence, or to give further explanation of his or their opinion or opinions connected with the case investigated, and the Commissioner or Commissioners are authorised and required to take such further evidence and to give such further explanation.

XVIII. And it is hereby enacted, that the Sudder Dewanny Adawlut or the Board to which any report of a Commissioner or Commissioners may be submitted as aforesaid, after due consideration of the same, and after obtaining such further evidence or explanations as they may require, shall submit the whole of the proceedings and documents received by them to the Government to which they may be subordinate, together with their opinion whether any and what facts have been established against the accused.

XIX. Whenever a Special Commission may be appointed under the Provisions of this Act, for the investigation of charges exhibited against a public Officer, the Governor or Lieutenant-Governor or authority exercising the powers of Government in the North Western Provinces will determine, on a view of the nature and circumstances of the case, whether the accused shall be suspended from the discharge of the functions of his office; and if so, whether he should be permitted to draw the established allowances of his office, or otherwise.

XX. The Governor or Lieutenant-Governor, or authority exercising the powers of Government in the North Western Provinces, on consideration of the report and proceedings submitted to him, in pursuance of the foregoing Section, will pass such decision on the case as may appear to him most consonant to the principles of justice, and to the powers possessed by Government in matters of this description; and in the event of his deeming it necessary that the party accused should be brought to trial, by a public prosecution in the Supreme Court of Judicature, will issue the necessary instructions for that purpose to the Law Officers of Government. But whatever proceedings may be held, or whatever decision or order may be passed by Government, individuals deeming themselves aggrieved by any of the public Officers will be at all times at liberty to seek redress in the Supreme Court in the mode prescribed by Law.

XXI. In cases in which it shall appear, on a full investigation of the merits of the case, that the charges or complaints preferred against any of the European Officers above mentioned are well founded, the person by whom they may have been preferred shall be at liberty to submit an application to the Sudder Dewanny Adawlut, the Sudder Board of Revenue, or the Board of Customs, Salt and Opium, as the case may be, praying a reimbursement of the expense which may have been incurred by him in the conduct of the prosecution, and the authority to whom such petition may be presented shall forward it to Government, with their opinion as to the propriety of indemnifying the party for the expense so incurred, or otherwise. The Governor or Lieutenant-Governor, or authority exercising the powers of Government in the North Western Provinces, will on receipt of any such reference allow or refuse the expences of prosecution at his discretion.

XXII. And it is hereby enacted, that whenever it shall be declared by the authority passing the final judgment or order upon any charge or information of the nature aforesaid, that the same has been found on investigation to be malicious and without probable cause, it shall be lawful for the Court of Sudder Dewanny Adawlut to punish the person preferring such charge or information by imprisonment with or without hard labor for any term not exceeding six months, or with a fine not exceeding 500 Rupees, commutable, if not paid, to imprisonment with or without hard labor for a term not exceeding six months, or with both; and the person preferring such charge or information shall be liable, if guilty of perjury, to punishment before the Ordinary Courts for the offence of perjury, whatever final judgment or Order may have been passed in respect of the same.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 3d day of August next.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 3D JUNE, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 3d June, 1839.

ACT No. —— of 1839.

Several Claimants to same property.

I. It is hereby enacted, that whenever a person dies leaving property, whether moveable or immoveable, and the right to succession is disputed between two or more claimants, it shall be lawful for the Judge of the Court of the District, whether designated Zillah or City, where any part of the property is to be found, at his discretion, upon the application of any *bonâ fide* claimant, to appoint a Curator who shall have the custody and management of the property disputed under the control of the Court, and subject to such adjudication and orders as may be passed in regard thereto under the rules hereinafter enacted.

Several Claimants to portions of the same property.

II. And it is hereby enacted, that when several persons claim to be entitled to portions of the same property by succession it shall be lawful for the Judge of the District Court at his discretion, on the application of any *bonâ fide* claimant, to appoint a Curator who shall have the custody and management of the whole property, or of such parts thereof as the Judge shall think fit, under the control of the Court, and subject to such adjudication and orders as may be passed in regard thereto under the rules hereinafter enacted.

Limitation in case of possession.

III And it is hereby enacted, that if possession shall have been taken by a *bonâ fide* claimant unquestioned by any party having an interest in the property, and shall have been held by him during the period of six months, the Judge shall not proceed under the two preceding clauses.

Minors disqualified persons — absentees entitled to property or portions of property.

IV. And it is hereby enacted, that whenever the Judge of the District Court shall be satisfied upon the representation of any person, and after due enquiry, that any minor insane or otherwise disqualified person or any absent person is entitled by succession to any property or portion of property, it shall be lawful for him at any time within such six months as aforesaid at his discretion to appoint a Curator, whether any possession shall have been taken or not, who shall have the custody and management of the property or such portion thereof as the Judge shall deem requisite, until the right of the party who is incompetent to protect his own interests or is absent shall, if disputed, be determined, or if the right be not disputed, then until the disqualification, minority or absence shall cease, when the possession shall be delivered up by the Curator, together with such account as aforesaid.

Powers of Curator defined.

V. And it is hereby enacted, that in appointing a Curator under any of the preceding Sections, the Judge shall define the powers and limitations under which he is to act, and if his charge is not to extend to the whole Estate, the parts and interests entrusted to him shall be specified. The Curator may be authorized generally or specially to bring and defend actions and recover debts or shares thereof in right of the deceased or disqualified person whom he represents.

Security.

VI. And it is hereby enacted, that the Judge may exact from the Curator security for faithful discharge of trust, and may authorize him to receive or deduct by way of salary or percentage such remuneration for his personal trouble as may appear reasonable. Such remuneration as well as other just charges of management shall be allowed to the Curator in the account of his administration which he shall render. The surplus of monies realized by the Curator, after deduction of expences, shall be paid into Court on their proper account, and may be invested in Public Securities for the benefit of those interested.

Allowances whilst Estate in hands of Curator.

VII. And it is hereby enacted, that pending the custody of the property by the Curator, it shall be lawful for the Judge to make such allowances as upon a summary investigation of the rights and the circumstances of the parties interested he shall consider they are entitled to and necessity may require.

Notice to be issued.

VIII. And it is hereby enacted, that, after the appointment of a Curator, the Judge shall inquire in the place or places in which deceased usually resided, or in which his Estate and Effects may exist, as to the state of his family, and the residence of his kin or reputed kin. The Judge shall then fix a day for hearing the application, allowing such interval (not less than two months) which may appear proper to afford opportunity for appearance of claimants and opponents Notice of application and day fixed shall be affixed in the Court House of the Judge. It shall also be published and served (in the mode in which similar process may be usually published and served) in such places and on such persons as the Judge may direct and deem proper for the purpose of ensuring information of all parties interested. The Judge may also cause information to be given in the Government Gazette.

Determination of Judge.

IX. And it is hereby enacted, that on or after the day fixed for hearing, the Judge shall, after summary investigation, decree the right of succession to the person or persons in whom it may appear to belong, and pass order for possession of such party or parties who may be before the Court as claimants, provided that where the Judge shall have reason to believe that the interests of any

person entitled are not duly represented before him, he may postpone the investigation till the expiration of such notices for parties to attend and prefer their claim, as the circumstances of the case may in his judgment require.

Effect of Judge's decision.

X. And it is hereby enacted, that the determination of the right to succession by the District Judge can only be reversed on appeal to the Sudder Dewanny Adawlut. But that Court may not merely declare who is the party entitled upon the evidence before the Zillah Judge. But at their discretion may, upon petition, direct a rehearing by the Judge upon fresh evidence or upon the claim of any new party, or may direct a regular suit to be tried.

Creditor may apply for appointment of Curator.

XI. And it is hereby enacted, that the District Judge may also exercise the powers of appointing Curator conferred by the preceding Sections on application of a creditor who has instituted a regular suit for the recovery of his claim, on being satisfied that the demand is well founded and that the appointment is necessary to prevent waste.

Duties of Curator.

XII. And it is, hereby enacted that the Curator appointed under any Section of this Act will register all claims committed to him, and at the end of 12 months from the date of appointment must file an account of Administration If the trust committed to him is then susceptible of being closed he will propose a scheme for closing it by partition amongst those entitled to participate, or by surrender of property to those jointly interested if their desire or other circumstances should be opposed to partition. The Curator will also file lists of claims admitted and unadmitted, and particulars of any Estate Effects, not administered to and of outstanding claims. A disputed claim shall not be paid, but the Judge may exact security from those receiving funds realized to satisfy such claim to extent of assets received, provided claimant has brought or within one year shall bring an action to establish his demand. The Judge may also prolong the Administration generally or specially.

Priority of appointment.

XIII. And it is hereby enacted, that after the Judge of any District shall have appointed any Curator, such appointment shall preclude the Judge of any other District within the same Presidency from appointing any other Curator; and the Curator first appointed shall, at the discretion of the Judge appointing him have jurisdiction over all the property of the deceased within the same Presidency or such part of the property or within such limits of the same Presidency as the Judge shall direct.

No debt recoverable without a Certificate.

XIV. And it is hereby enacted, that no debtor of any deceased person shall be compelled in any Court of Law to pay his debt to any person claiming to be entitled to the Effects of any part thereof, not being a Curator appointed under this Act with power to recover debts, except on the production of a certificate to be obtained in manner hereinafter mentioned, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or vexatious motives, and not from any reasonable doubt as to the party entitled to receive the same.

Manner of obtaining Certificate.

XV. And it is hereby enacted, that the Judges of the following Courts are empowered to certify the right of an applicant to recover the debts or shares of debts due to a deceased person, viz. the Zillah or District Court in which deceased may have resided, such Court in which any part of the property of deceased may be found, such Court in which the debtor may reside. The applicant in his petition shall set forth his title to recover debts due to deceased or any part thereof. The Judge shall issue notice of application inviting opposition and fixing a day for hearing petition, and in these matters shall proceed as laid down in the rules in Sections VIII and IX.

Effect of Certificate.

XVI. And it is hereby enacted, that the certificate of the District Judge shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Security taken from grantee of Certificate.

XVII. And it is hereby enacted, that the District Judge may take such security as he shall think necessary from any person to whom he shall grant a certificate for rendering an account of debts received by him, and for indemnity of persons who may be entitled to the whole or any part of the monies received by virtue of such certificate.

Decision of Judge how far final.

XVIII. And it is hereby enacted, that the granting of such certificate may be suspended by an appeal to the Court of Sudder Dewani Adawlut, which Court may declare the party to whom the certificate should be granted, or may direct such proceedings for the investigation of the title as it shall think fit. The Court may also upon petition, after a certificate shall have been granted by the Zillah Judge, grant a fresh certificate in supercession of the certificate granted by the Zillah Judge, such fresh certificate shall not affect any payments, made to the person to whom any former certificate may have been granted without notice that the same has been superseded.

Local extent of power given by Certificate.

XIX. And it is hereby enacted, that every certificate shall give authority to the person to whom the same is granted, throughout the Presidency within which the same is granted, and no certificate subsequently granted in respect of the same property shall be valid or effectual, except as hereinafter mentioned.

Government Note's Dividends.

XX. And it is hereby enacted, that a Curator appointed or person certified, as aforesaid, may be empowered to receive interest on Government Notes and Dividends on Shares of any Bank or parts thereof, and to negotiate such Securities. He may be also empowered to receive a share of such interest or dividend or to negotiate a share of such Securities. XXII. And it is hereby provided always, that nothing in this Act contained shall be held to extend to the real or personal property of any person whose personal property cannot by Law pass to personal representative without a Probate or Letters of Administration obtained in one of Her Majesty's Courts of Justice.

Bonâfide payments protected.

XXIV. And it is hereby provided, that where a Curator may have been appointed on a certificate granted in cases in which such appointment or certificate would be valid, but for a Probate or Letters of Administration previously granted, all payments made in ignorance of the circumstances avoiding the appointment or certificate shall be held good against claims under the Probate or Letters of Administration so previously granted.

And it is hereby enacted, that no Probate or Letters of Administration shall be valid after an appointment of a Curator, or a certificate granted in respect of the same property for which such Probate or Letters of Administration shall have been granted, provided Assets belonging to the deceased were at the time of his death within the jurisdiction of the Court making such appointment or granting such certificate.

Bonâfide payments protected.

XXVI. And it is hereby provided, that where Probate or Letters of Administration may have been granted, in cases in which such Probate or Letters of Administration would be valid, but for the previous appointment of a Curator or grant of a certificate, all payments made in ignorance of the circumstances avoiding the Probate or Letters of Administration shall be held good against claims under such previous appointment of a Curator or grant of certificate.

XXVII. And it is hereby declared, that all Probates and Letters of Administration granted by any of Her Majesty's Courts in cases in which any Assets belonging to the deceased were, at the time of his death, within the jurisdiction of the Court granting the Probate or Letters of Administration, shall have all the effect of Probate and Letters of Administration granted in respect of the property of persons whose personal property cannot by law pass to his personal representative without a Probate or Letters of Administration, except so far as is in this Act provided, and except that this Act shall not be construed to make the taking out of Probate or Letters of Administration necessary for succession to property in any case in which it is not now necessary.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

The 10th June, 1839.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 10th June 1839 with the assent of the Right Hon'ble the Governor General of India which has been read and recorded.

Ordered that the Act be promulgated for general information.

Act No. XVI. of 1839

I. It is hereby enacted, that from the first day of January, in the year of Our Lord 1840, the following rules shall be in force for regulating the assessment and collection of the rents payable to Government in the settlements of Prince of Wales' Island, Singapore and Malacca.

II. And it is hereby enacted, that if any person, except as is provided in the last Section of this Act, shall hold or occupy any land within any of the settlements aforesaid, not under a grant or title from Government duly registered and which land has not been declared, by competent authority, free from assessment, such land shall be liable to assessment, and shall be assessed in such manner, at such rate, and under such conditions, as the Collector acting under the instructions of the Governor of Bengal, shall determine

III. And it is hereby enacted, that if any person holding or occupying land in the manner set forth in the preceding section shall refuse to engage for or to remove from the land within one month from the date on which he shall be called upon by the Collector to enter into such engagement, or so to remove from it, by a written notice to be served personally, or at the residence of the owner or occupier, or to be stuck up on the premises, it shall be lawful for the said Collector to eject such person from the land so held or occupied, and to take and hold possession of the same on the part of Government, to be disposed of in such manner as the Governor of Bengal may direct. Provided that no person so holding or occupying land who has filed or shall file his claim to exemption from assessment thereon before the day and year aforesaid, shall be liable to be so called upon by the Collector until his claim shall have been determined by competent authority.

IV. And it is hereby enacted, that all Magistrates and Police Officers shall aid and assist the Collector and his Officers in the due exercise of the power of ejectment conferred upon the said Collector by the foregoing Section, and any holder or occupier of land who shall resist or cause to be resisted the exercise of the said power, and any person who shall be aiding and abetting in such resistance, shall, on conviction before a Magistrate, be punished by fine not exceeding one thousand Rupees, or in default of payment of the fine, by imprisonment not exceeding six months.

V And it is hereby enacted, that after the date on which this Act shall be in force in the settlements aforesaid, any person desirous of clearing and occupying waste and forest lands for the purposes of agriculture, shall make application to the Collector of Land Revenue, who is hereby authorised to measure and assess the land, and to grant a lease for the same, in such manner, and under such conditions, as the Governor of Bengal may from time to time prescribe. And if, by reason of the density of the jungle or other obstacles, it should be found impracticable to cause immediate measurement to be made of land so to be leased, it shall be competent to the Collector to issue to such applicant a permit or written authority, of which the number, date, and all essential particulars shall be entered in a Register to be kept for that purpose, to clear and occupy such land, subject to the conditions, on which a lease would have been granted. And on all land occupied under any such permit so issued, it shall be lawful for the Collector to demand and enforce the payment of rent in like manner as if a regular lease had been granted. And the Collector shall, with all practicable despatch, cause all land so occupied to be measured, and after such measurement the permit shall be called in and cancelled, and in lieu thereof a lease shall be issued, the term of which shall commence from the date of the permit. Provided, however, that it shall not be competent to a Collector to grant any lease of lands for a term exceeding twenty years, renewable on such conditions as the Governor of Bengal may direct for a further period of thirty years.

VI. And it is hereby enacted, that upon granting any lease under the Provisions of the foregoing Section, the Collector shall require the applicant to set up good and solid landmarks by which the boundaries of the ground to be occupied by him shall be plainly defined; and such landmarks shall be set up to the satisfaction of the Collector to be certified by him on the back or other part of the lease, before the lease shall take effect, and it shall be a condition in every lease so granted that the lessee is to maintain all such landmarks in substantial repair. And if it shall be proved to the satisfaction of the Collector, that, notwithstanding this condition, such landmarks have not been kept in good repair, it shall be competent to the Collector to cause the proper repairs to be made, and to levy three times the cost of such repairs from the holder or occupier of the land, the amount to be levied by the process provided for the collection of rents. And the Collector or his Officers shall at all times have the right of free access to such land for the purpose of inspecting and directing the construction or repair of the landmarks; and any person resisting them in the exercise of this right or removing or defacing any landmark set up in conformity with the provisions of this Act, shall be punished in the manner provided in the IV Section of this Act.

VII. And it is hereby enacted, that all applications to hold or occupy lands for a term exceeding that specified in Section V., for the purpose of erecting houses or other durable works on such lands beyond the limits of the principal towns in the settlements aforesaid, shall be forwarded by the Collector to the Governor of Bengal, who will grant or reject such applications as in his judgment may seem fit

VIII. And it is hereby enacted, that every lease granted under the Provisions of this Act shall be signed by the Collector for the time being, and shall specify the name of the lease-holder, the quantity and boundaries of the land included in the lease, and the rate of rent to be paid per acre per annum: which particulars, together with any other conditions material to the rights of Government, and of the party obtaining the lease, shall be entered in a Register to be kept in the Collector's office for that purpose.

IX. And it is hereby enacted, that it shall be lawful for the Collector to accept on the part of Government any surrender of a grant or lease by the parties interested in the same for the purpose of subdividing the same, and to regrant or lease the same in parcels. Provided that no such subdivision shall be allowed, unless all arrears of rent under the original grant or lease are paid up, and provided that on no one portion of a grant or lease so subdivided shall a less rent than one rupee per annum be leviable.

X. *Clause First* —And it is hereby enacted, that whenever the rent of any grant or lease from Government of land within any of the settlements aforesaid shall fall due, payment thereof shall be made by the holder or occupier of the land at the office of the Collector, or to such person as shall be authorized to receive the same, and on failure of such payment, the same may be recovered in the manner following.

Clause Second —When an arrear of rent shall have become due, the Collector shall demand payment of it by a notice of demand, in writing, stating the amount of the arrear, and requiring payment of the same within fifteen days from the date of the service of the notice, and stating that in default of payment within the period specified, the amount of the arrear due, together with the costs

of process, will be recovered under the powers of this Act.

Clause Third.—The notice of demand shall be served by the delivery thereof to any holder or occupier of the land, or by being left at his ordinary place of residence, or by being stuck up on the premises.

Clause Sixth.—The attachment shall be made by an Officer deputed for the purpose, who shall publicly notify the attachment, and shall set his seal on any property attached, and take an inventory thereof; and it shall be competent to the said Officer to require the assistance of the Police in case of resistance to his authority, or of any attempt to remove the crops or other property from the premises, or otherwise to defeat the process.

Clause Seventh.—For an attachment made in pursuance of the foregoing rules, whether a sale shall actually take place or not, two Rupees shall be charged, and shall be leviable, if not paid on demand, by the sale of a portion of the attached property.

Clause Ninth.—An advertisement shall be stuck up for not less than twenty days before the sale, in the Collector's Office, and in a Court of Justice situated near to the land specifying the description of the land, the name of the defaulter, the amount of the arrear, the time and place of the intended sale, and the conditions thereof The sale shall be conducted by Public Auction, in the presence of the Collector, the highest bidder shall be declared the purchaser, and the proceeds of the sale, after deducting the arrear originally due to Government, with interest thereon at 12 per Cent. per annum, and any further arrear that may have accrued up to the day of sale, together with the costs incurred by the sale, or other lawful process, shall be paid over to the party or parties entitled. Clause Eleventh.—Any person having an interest in any property liable to be sold as aforesaid, shall at any time previous to the sale thereof be enabled to prevent such sale by payment of the rent in arrear, together with interest and all legal expences incurred to the Collector, who, upon such payment, shall desist from and withdraw all legal proceedings.

Clause Twelfth.—Provided, that the summary process authorized by any of the Clauses of this Section shall be held applicable only to arrears of rent which have become due within the period of one year prior to the execution of such process.

Clause Thirteenth.—Any person served with a notice of demand, or whose crop or personal property may have been seized under an attachment issued in manner aforesaid, who may dispute the justness of such demand or attachment, shall be at liberty, at any time before the sale of his crop or personal property, or, in the event of the land being advertised for sale, at any time before the sale thereof, to represent his objections to such demand, attachment or sale, to the Collector; and if the Collector shall, notwithstanding such objections, adhere to the demand, attachment, or sale, it shall be lawful for the said person to apply by petition for redress to any Civil Court competent to take cognizance of his complaint; and the Court, after hearing the Collector's answer, and making such further enquiry as may be necessary, during which the sale of any such crop, property, or land shall be stayed, shall pass judgment either for enforcing or staying the demand, and shall adjudge the costs and charges of the suit, or such portion thereof as may be just and proper, to be paid by the party cast.

Clause Fourteenth.—Provided, that in the case mentioned in the last Clause, no sale of crops, or of personal property, or of land, shall be stayed, unless the party disputing the justice of the demand or attachment shall, on presenting his petition to the Civil Court, deposit therein, or at the Collector's Office, the whole amount of the arrears of rent demanded, together with interest, and legal expences incurred, or unless such party shall give substantial security to the satisfaction of the Civil Court for making good the award that may be ultimately passed in the case.

XI. *Clause First.*—And it is hereby enacted, that all mutations by act of party or by succession in titles to land, taking place after the first day of January in the year of our Lord 1840, shall be registered under the following rules.

Clause Second.—The party claiming by right of transfer or succession shall attend at the Collector's Office, either in person, or by his constituted agent, and shall make application for registering the mutation, producing the original grant or lease, together with the bill of sale or other deed of transfer, which must be made out in the English language, and according to a form which will be found in the Collector's Office, or, in case of successions, the Probate or Letters of Administration, together with the Original Will, if any, or a Copy thereof, after which notice of the mutation shall be registered, the date and other particulars of the transaction being entered in the Register in a clear and distinct form.

Clause Third.—No mutations of title to lands shall be registered until the Collector shall have satisfied himself that the boundaries of the lands have been distinctly defined by convenient and substantial landmarks. The parties whose title to lands may be so registered are required to maintain the landmarks laid down in a state of good and sufficient repair, so that they may be at all times available for the purpose of accurate ascertainment of the limits of each occupancy, and every holder or occupier of such lands, wilfully neglecting to maintain such landmarks in a sound and serviceable condition, shall forfeit a sum equal to three times the cost of the erection or repairs which may become necessary in consequence of such default, and which shall be undertaken by the Collector: the amount of the forfeiture to be levied in like manner as rents are to be collected under the provisions of this Act. And the holders or occupiers of such lands are required to admit free access to the

same by the officers of Government for the purpose of inspecting the landmarks, and of measuring and laying down boundaries, and any holder or occupier of land or other persons who shall obstruct or resist such officers shall be liable to the penalties prescribed in Section IV. of this Act.

Clause Fourth.—It shall be lawful for the Collector to demand and receive on the part of Government a fee to meet the charges attending the registry of 4 Rupees, and of 1 Rupee for inspecting the Register, and of two Rupees for granting a Certified Extract from the Register.

Clause Fifth.—The Registry of a mutation shall not of itself be taken to convey or establish any legal title to land, nor shall it be held to corroborate, qualify, or bar any rights which may come to be questioned judicially. But no deed whatsoever for the sale or transfer of land which may be executed after the first day of January in the year of our Lord 1840, shall be admitted to be valid by the Officers of Government, or be received in evidence as a legal instrument by any Court of Judicature, unless the same shall have been registered in the Collector's Office in the manner directed by this Section, nor shall any Probate or Letters of Administration be received as evidence of title to land until so registered.

XII. And it is hereby provided, that nothing in this Act contained shall apply to such cultivators and resident tenants of Malacca as hold their lands by prescription, subject only to a payment to Government of one-tenth part of the produce thereof, whether such payment be made in kind or in the form of a sum of money received by the Government in commutation of the payment in kind.

NOTES

ON THE

Medical Topography of Calcutta,

(Royal 8vo. 190 Pages, with 2 Maps. Price 5 Rs.)

BY JAMES RANALD MARTIN,

Presidency Surgeon and Surgeon to the Native Hospital.

PRINTED BY ORDER OF GOVERNMENT.

" Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July*, 1838.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 10TH JUNE, 1839.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 10th June 1839 with the assent of the Right Hon'ble the Governor General of India which has been read and recorded.

Ordered that the Act be promulgated for general information.

ACT No. XVI. of 1839.

I. It is hereby enacted, that from the first day of January, in the year of Our Lord 1840, the following rules shall be in force for regulating the assessment and collection of the rents payable to Government in the settlements of Prince of Wales' Island, Singapore and Malacca.

II. And it is hereby enacted, that if any person, except as is provided in the last Section of this Act, shall hold or occupy any land within any of the settlements aforesaid, not under a grant or title from Government duly registered and which land has not been declared, by competent authority, free from assessment, such land shall be liable to assessment, and shall be assessed in such manner, at such rate, and under such conditions, as the Collector acting under the instructions of the Governor of Bengal, shall determine.

III. And it is hereby enacted, that if any person holding or occupying land in the manner set forth in the preceding section shall refuse to engage for or to remove from the land within one month from the date on which he shall be called upon by the Collector to enter into such engagement, or so to remove from it, by a written notice to be served personally, or at the residence of the owner or occupier, or to be stuck up on the premises, it shall be lawful for the said Collector to eject such person from the land so held or occupied, and to take and hold possession of the same on the part of Government, to be disposed of in such manner as the Governor of Bengal may direct. Provided that no person so holding or occupying land who has filed or shall file his claim to exemption from assessment thereon before the day and year aforesaid, shall be liable to be so called upon by the Collector until his claim shall have been determined by competent authority.

IV. And it is hereby enacted, that all Magistrates and Police Officers shall aid and assist the Collector and his Officers in the due exercise of the power of ejectment conferred upon the said Collector by the foregoing Section, and any holder or occupier of land who shall resist or cause to be resisted the exercise of the said power, and any person who shall be aiding and abetting in such resistance, shall, on conviction before a Magistrate, be punished by fine not exceeding one thousand Rupees, or in default of payment of the fine, by imprisonment not exceeding six months.

V. And it is hereby enacted, that after the date on which this Act shall be in force in the settlements aforesaid, any person desirous of clearing and occupying waste and forest lands for the purposes of agriculture, shall make application to the Collector of Land Revenue, who is hereby authorised to measure and assess the land, and to grant a lease for the same, in such manner, and under such conditions, as the Governor of Bengal may from time to time prescribe. And if, by reason of the density of the jungle or other obstacles, it should be found impracticable to cause immediate measurement to be made of land so to be leased, it shall be competent to the Collector to issue to such applicant a permit or written authority, of which the number, date, and all essential particulars shall be entered in a Register to be kept for that purpose, to clear and occupy such land, subject to the conditions, on which a lease would have been granted. And on all land occupied under any such permit so issued, it shall be lawful for the Collector to demand and enforce the payment of rent in like manner as if a regular lease had been granted. And the Collector shall, with all practicable despatch, cause all land so occupied to be measured, and after such measurement the permit shall be called in and cancelled, and in lieu thereof a lease shall be issued, the term of which shall commence from the date of the permit. Provided, however, that it shall not be competent to a Collector to grant any lease of lands for a term exceeding twenty years, renewable on such conditions as the Governor of Bengal may direct for a further period of thirty years.

VI. And it is hereby enacted, that upon granting any lease under the Provisions of the foregoing Section, the Collector shall require the applicant to set up good and solid landmarks by which the boundaries of the ground to be occupied by him shall be plainly defined; and such landmarks shall be set up to the satisfaction of the Collector to be certified by him on the back or other part of the lease, before the lease shall take effect, and it shall be a condition in every lease so granted that the lessee is to maintain all such landmarks in substantial repair. And if it shall be proved to the satisfaction of the Collector, that, notwithstanding this condition, such landmarks have not been kept in good repair, it shall be competent to the Collector to cause the proper repairs to be made, and to levy three times the cost of such repairs from the holder or occupier of the land, the amount to be levied by the process provided for the collection of rents. And the Collector or his Officers shall at all times have the right of free access to such land for the purpose of inspecting and directing the construction or repair of the landmarks; and any person resisting them in the exercise of this right or removing or defacing any landmark set up in conformity with the provisions of this Act, shall be punished in the manner provided in the IV. Section of this Act.

VII. And it is hereby enacted, that all applications to hold or occupy lands for a term exceeding that specified in Section V., for the purpose of erecting houses or other durable works on such lands beyond the limits of the principal towns in the settlements aforesaid, shall be forwarded by the Collector to the Governor of Bengal, who will grant or reject such applications as in his judgment may seem fit.

VIII. And it is hereby enacted, that every lease granted under the Provisions of this Act shall be signed by the Collector for the time being, and shall specify the name of the lease-holder, the quantity and boundaries of the land included in the lease, and the rate of rent to be paid per acre per annum: which particulars, together with any other conditions material to the rights of Government, and of the party obtaining the lease, shall be entered in a Register to be kept in the Collector's office for that purpose.

IX. And it is hereby enacted, that it shall be lawful for the Collector to accept on the part of Government any surrender of a grant or lease by the parties interested in the same for the purpose of subdividing the same, and to regrant or lease the same in parcels. Provided that no such subdivision shall be allowed, unless all arrears of rent under the original grant or lease are paid up, and provided that on no one portion of a grant or lease so subdivided shall a less rent than one rupee per annum be leviable.

X. *Clause First.*—And it is hereby enacted, that whenever the rent of any grant or lease from Government of land within any of the settlements aforesaid shall fall due, payment thereof shall be made by the holder or occupier of the land at the office of the Collector, or to such person as shall be authorized to receive the same, and on failure of such payment, the same may be recovered in the manner following.

Clause Second.—When an arrear of rent shall have become due, the Collector shall demand payment of it by a notice of demand, in writing, stating the amount of the arrear, and requiring payment of the same within fifteen days from the date of the service of the notice, and stating that in default of payment within the period specified, the amount of the arrear due, together with the costs of process, will be recovered under the powers of this Act.

Clause Third.—The notice of demand shall be served by the delivery thereof to any holder or occupier of the land, or by being left at his ordinary place of residence, or by being stuck up on the premises.

Clause Fourth.—For the service of the aforesaid notice one Rupee shall be charged, and shall be leviable, if not paid on demand, in the same manner as arrears of rent.

Clause Fifth.—Whenever an arrear of rent, shall be demanded in the manner above prescribed, and shall not be discharged, it shall be lawful for the Collector to issue an attachment and to seize by virtue of such attachment, as well the personal property of the holder or occupier as also any effects or any crops to whomsoever belonging which may be found upon the land on account of which the arrear may be due, and to bring the same to sale by public auction at the Collector's office or elsewhere, five days previous notice of such sale being stuck up at some conspicuous spot, and at the place where it is intended to bring the crop, or other property, to sale.

Clause Sixth.—The attachment shall be made by an Officer deputed for the purpose, who shall publicly notify the attachment, and shall set his seal on any property attached, and take an inventory thereof; and it shall be competent to the said Officer to require the assistance of the Police in case of resistance to his authority, or of any attempt to remove the crops or other property from the premises, or otherwise to defeat the process.

Clause Seventh.—For an attachment made in pursuance of the foregoing rules, whether a sale shall actually take place or not, two Rupees shall be charged, and shall be leviable, if not paid on demand, by the sale of a portion of the attached property.

Clause Eighth.—If an arrear of rent, due as aforesaid, cannot be recovered in manner aforesaid, and the arrear shall not be discharged within six months from the date of the notice of demand prescribed by the Second Clause of this Section, it shall be lawful for the Collector to bring to sale the land on account of which the arrear shall have been demanded, in the manner following.

Clause Ninth.—An advertisement shall be stuck up for not less than twenty days before the sale, in the Collector's Office, and in a Court of Justice situated near to the land specifying the description of the land, the name of the defaulter, the amount of the arrear, the time and place of the intended sale, and the conditions thereof. The sale shall be conducted by Public Auction, in the presence of the Collector, the highest bidder shall be declared the purchaser, and the proceeds of the sale, after deducting the arrear originally due to Government, with interest thereon at 12 per Cent. per annum, and any further arrear that may have accrued up to the day of sale, together with the costs incurred by the sale, or other lawful process, shall be paid over to the party or parties entitled. On payment of the purchase money, the purchaser shall receive from the Collector a title-deed corresponding in quality and conditions with the original grant or lease, and bearing on it all material specifications relating to the quantity and situation of the land, its boundaries, the rent demandable, the date from which its payment is to commence, and other necessary particulars; and the Collector shall forthwith put the purchaser in possession of the land so transferred, requiring for that purpose the aid of the Police, if needful. The Collector shall notify in the most public manner the result of the sale, the conveyance of the title and right, which were of the defaulter to the purchaser, and the cancelment of the original grant or lease, together with all leases, incumbrances or other interests derived therefrom. And any person wilfully and with fraudulent intent offering for sale, transfer, mortgage, or otherwise making use of any such grant or lease, or of any lease, incumbrance or other interest derived therefrom and which shall have been so declared to be cancelled, shall, on conviction before a Magistrate, be punished by a fine not exceeding five hundred rupees, or in default of payment of such fine, by imprisonment not exceeding four months. And any person resisting or obstructing the Collector or the Officers acting under his orders, whilst placing the purchaser in possession of land so sold for arrears of rent, shall be punished in the manner provided in Section IV. of this Act.

Clause Tenth.—It shall be lawful for the Collector before the payment of any surplus to deduct as part of the costs incurred by the sale two Rupees for the advertisement, and one per cent. on the net proceeds of the sale authorized by the foregoing Clause, to be carried to the credit of Government, for the purpose of meeting the expense of carrying the sale into effect.

Clause Eleventh.—Any person having an interest in any property liable to be sold as aforesaid, shall at any time previous to the sale thereof be enabled to prevent such sale by payment of the rent in arrear, together with interest and all legal expences incurred to the Collector, who, upon such payment, shall desist from and withdraw all legal proceedings.

Clause Twelfth.—Provided, that the summary process authorized by any of the Clauses of this Section shall be held applicable only to arrears of rent which have become due within the period of one year prior to the execution of such process.

Clause Thirteenth.—Any person served with a notice of demand, or whose crop or personal property may have been seized under an attachment issued in manner aforesaid, who may dispute the justness of such demand or attachment, shall be at liberty, at any time before the sale of his crop or personal property, or, in the event of the land being advertised for sale, at any time before the sale thereof, to represent his objections to such demand, attachment or sale, to the Collector; and if the Collector shall, notwithstanding such objections, adhere to the demand, attachment, or sale, it shall be lawful for the said person to apply by petition for redress to any Civil Court competent to take cognizance of his complaint; and the Court, after hearing the Collector's answer, and making such further enquiry as may be necessary, during which the sale of any such crop, property, or land shall be stayed, shall pass judgment either for enforcing or staying the demand, and shall adjudge the costs and charges of the suit, or such portion thereof as may be just and proper, to be paid by the party cast.

Clause Fourteenth.—Provided, that in the case mentioned in the last Clause, no sale of crops, or of personal property, or of land, shall be stayed, unless the party disputing the justice of the demand or attachment shall, on presenting his petition to the Civil Court, deposit therein, or at the Collector's Office, the whole amount of the arrears of rent demanded, together with interest, and legal expences incurred, or unless such party shall give substantial security to the satisfaction of the Civil Court for making good the award that may be ultimately passed in the case.

XI. *Clause First.*—And it is hereby enacted, that all mutations by act of party or by succession in titles to land, taking place after the first day of January in the year of our Lord 1840, shall be registered under the following rules.

Clause Second.—The party claiming by right of transfer or succession shall attend at the Collector's Office, either in person, or by his constituted agent, and shall make application for registering the mutation, producing the original grant or lease, together with the bill of sale or other deed of transfer, which must be made out in the English language, and according to a form which will be found in the Collector's Office, or, in case of successions, the Probate or Letters of Administration, together with the Original Will, if any, or a Copy thereof, after which notice of the mutation shall be registered, the date and other particulars of the transaction being entered in the Register in a clear and distinct form.

Clause Third.—No mutations of title to lands shall be registered until the Collector shall have satisfied himself that the boundaries of the lands have been distinctly defined by convenient and substantial landmarks. The parties whose title to lands may be so registered are required to maintain the landmarks laid down in a state of good and sufficient repair, so that they may be at all times available for the purpose of accurate ascertainment of the limits of each occupancy, and every holder or occupier of such lands, wilfully neglecting to maintain such landmarks in a sound and serviceable condition, shall forfeit a sum equal to three times the cost of the erection or repairs which may become necessary in consequence of such default, and which shall be undertaken by the Collector: the amount of the forfeiture to be levied in like manner as rents are to be collected under the provisions of this Act. And the holders or occupiers of such lands are required to admit free access to the

same by the officers of Government for the purpose of inspecting the landmarks, and of measuring and laying down boundaries, and any holder or occupier of land or other persons who shall obstruct or resist such officers shall be liable to the penalties prescribed in Section IV. of this Act.

Clause Fourth.—It shall be lawful for the Collector to demand and receive on the part of Government a fee to meet the charges attending the registry of 4 Rupees, and of 1 Rupee for inspecting the Register, and of two Rupees for granting a Certified Extract from the Register.

Clause Fifth.—The Registry of a mutation shall not of itself be taken to convey or establish any legal title to land, nor shall it be held to corroborate, qualify, or bar any rights which may come to be questioned judicially. But no deed whatsoever for the sale or transfer of land which may be executed after the first day of January in the year of our Lord 1840, shall be admitted to be valid by the Officers of Government, or be received in evidence as a legal instrument by any Court of Judicature, unless the same shall have been registered in the Collector's Office in the manner directed by this Section, nor shall any Probate or Letters of Administration be received as evidence of title to land until so registered.

XII. And it is hereby provided, that nothing in this Act contained shall apply to such cultivators and resident tenants of Malacca as hold their lands by prescription, subject only to a payment to Government of one-tenth part of the produce thereof, whether such payment be made in kind or in the form of a sum of money received by the Government in commutation of the payment in kind.

Descent shall always be traced from the Purchaser, but the last owner shall be considered to be the Purchaser, unless the contrary be proved.

II. And it is hereby further enacted, that in every case descent shall be traced from the Purchaser, and to the intent, that the pedigree may never be carried further back than the circumstances of the case and the nature of the title shall require, the person last entitled to the Land shall, for the purposes of this Act, be considered to have been the Purchaser thereof unless it shall be proved, that he inherited the same, in which case the person from whom he inherited, the same shall be considered to have been the Purchaser, unless it shall be proved that he inherited the same, and in like manner the last person from whom the Land shall be proved to have been inherited shall in every case be considered to have been the Purchaser unless it shall be proved that he inherited the same.

Heir entitled under a Will, shall take as Devisee, and a limitation to the Granter or his Heirs shall create an Estate by Purchase.

III. And it is hereby further enacted, that when any Land shall have been devised by any Testator who shall die after the day of one thousand eight hundred and thirty-nine, to the Heir or to the person who shall be the Heir of such Testator, such Heir shall be considered to have acquired the Land as a Devisee and not by descent, and when any Land shall have been limited, by any assurance executed after the said day of one thousand eight hundred and thirty-nine, to the Person or the Heirs of the Person who shall thereby have conveyed the same Land, such Person shall be considered to have acquired the same as a Purchaser by virtue of such assurance, and shall not be considered to be entitled thereto as his former Estate or part thereof.

Where Heirs take by Purchase under Limitations to the Heirs of their Ancestors, the Land shall descend as if the Ancestor had been the Purchaser.

IV. And it is hereby further enacted, that when any person shall have acquired any Land by Purchase under a limitation to the Heirs or to the Heirs of the Body of any of his Ancestors, contained in an assurance executed after the said thirty-first day of one thousand eight hundred and thirty-nine, or under a limitation to the Heir or to the Heirs of the body of any of his Ancestors, or under any limitation having the same effect, contained in a Will of any Testator who shall depart this life after the said day of one thousand eight hundred and thirty-nine, then and in any of such cases such Land shall descend, and the descent thereof shall be traced as if the Ancestor named in such limitation had been the Purchaser of such Land.

Brothers, &c. shall trace descent through their Parent.

V. And it is hereby further enacted, that no brother or sister shall be considered to inherit immediately from his or her brother or sister, but every descent from a brother or sister shall be traced through the Parent.

Lineal Ancestor may be Heir in preference to Collateral Persons claiming through him.

VI. And it is hereby further enacted, that every lineal Ancestor shall be capable of being Heir to any of his issue, and in every case where there shall be no issue of the purchaser, his nearest lineal Ancestor shall be his Heir in preference to any person who would have been entitled to inherit, either by tracing his descent through such lineal Ancestor, or in consequence of there being no descendant of such lineal Ancestor, so that the father shall be preferred to a brother or sister, and a more remote lineal Ancestor to any of his issue, other than a nearer lineal Ancestor or his issue.

The Male Line to be preferred.

VII. And it is hereby further enacted and declared, that none of the Maternal Ancestors of the person from whom the descent is to be traced, nor any of their descendants shall be capable of inheriting until all his Paternal Ancestors and their descendants shall have failed; and also that no female Paternal Ancestor of such person, nor any of her descendants, shall be capable of inheriting until all his male Paternal Ancestors and their descendants shall have failed; and that no female Maternal Ancestor of such person, or any of her descendants, shall be capable of inheriting until all his male Maternal Ancestors and their descendants shall have failed.

The Mother of more remote male Ancestor to be preferred to the Mother of the less remote male Ancestor.

VIII. And it is hereby further enacted and declared, that where there shall be a failure of male Paternal Ancestors of the person from whom the descent is to be traced, and their descendants the mother of his more remote male Paternal Ancestors, or her descendants, shall be the Heir or Heirs of such person, in preference to the mother of a less remote male Paternal Ancestor, or her descendants; and where there shall be a failure of male Maternal Ancestors of such person, and their descendants, the mother of his more remote male Maternal Ancestor, and her descendants, shall be the Heir or Heirs of such person in preference to the mother of a less remote male Maternal Ancestor, and her descendants.

Half blood, if on the part of a male Ancestor to inherit after the whole blood of the same degree, if on the part of a female Ancestor after her.

IX. And it is hereby further enacted, that any person related to the person from whom the descent is to be traced by the half blood shall be capable of being his Heir, and the place in which any such relation by the half blood shall stand in the order of inheritance, so as to be entitled to inherit, shall be next after any relation in the same degree of the whole blood, and his issue, where the common ancestor shall be a male, and next after the common Ancestor where such common Ancestor shall be a female so that the brother of the half blood on the part of the father shall inherit next after the sisters of the whole blood on the part of the father and their issue, and the brother of the half blood on the part of the mother shall inherit next after the mother.

After the death of a person attainted, his descendants may inherit.

X. And it is hereby further enacted, that when the person from whom the descent of any Land is to be traced shall have had any relation, who, having been attainted, shall have died before such descent shall have taken place, then such attainder shall not prevent any person from inheriting such Land who would have been capable of inheriting the same, by tracing his descent through such relation, if he had not been attainted unless such Land shall have escheated in consequence of such attainder, before the day of one thousand eight hundred and thirty

Act not to extend to any descent before .

XI. And it is hereby further enacted, that this Act shall not extend to any descent which shall take place on the death of any person who shall die before the said day of one thousand eight hundred and thirty

or gift to the Heir or Heirs of any person under which the person or persons answering the description of Heir shall be entitled to an Estate by purchase, then the person or persons who would have answered such description of Heir if this Act had not been made shall become entitled by virtue of such limitation or gift whether the person named as ancestor shall or shall not be living on or after the said day of one thousand eight hundred and thirty-nine.

XIII. And it is hereby provided, that this Act shall not be construed to affect inheritances of Land, which are not subject to the English Law of Inheritance, or to extend or alter the jurisdiction of any of Her Majesty's Courts of Justice.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 10TH JUNE, 1839.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 10th June 1839 with the assent of the Right Hon'ble the Governor General of India which has been read and recorded.

Ordered that the Act be promulgated for general information.

ACT No. XVI. of 1839

I. It is hereby enacted, that from the first day of January, in the year of Our Lord 1840, the following rules shall be in force for regulating the assessment and collection of the rents payable to Government in the settlements of Prince of Wales' Island, Singapore and Malacca.

II. And it is hereby enacted, that if any person, except as is provided in the last Section of this Act, shall hold or occupy any land within any of the settlements aforesaid, not under a grant or title from Government duly registered and which land has not been declared, by competent authority, free from assessment, such land shall be liable to assessment, and shall be assessed in such manner, at such rate, and under such conditions, as the Collector acting under the instructions of the Governor of Bengal, shall determine.

III And it is hereby enacted, that if any person holding or occupying land in the manner set forth in the preceding section shall refuse to engage for or to remove from the land within one month from the date on which he shall be called upon by the Collector to enter into such engagement, or so to remove from it, by a written notice to be served personally, or at the residence of the owner or occupier, or to be stuck up on the premises, it shall be lawful for the said Collector to eject such person from the land so held or occupied, and to take and hold possession of the same on the part of Government, to be disposed of in such manner as the Governor of Bengal may direct. Provided that no person so holding or occupying land who has filed or shall file his claim to exemption from assessment thereon before the day and year aforesaid, shall be liable to be so called upon by the Collector until his claim shall have been determined by competent authority

IV. And it is hereby enacted, that all Magistrates and Police Officers shall aid and assist the Collector and his Officers in the due exercise of the power of ejectment conferred upon the said Collector by the foregoing Section, and any holder or occupier of land who shall resist or cause to be resisted the exercise of the said power, and any person who shall be aiding and abetting in such resistance, shall, on conviction before a Magistrate, be punished by fine not exceeding one thousand Rupees, or in default of payment of the fine, by imprisonment not exceeding six months.

V. And it is hereby enacted, that after the date on which this Act shall be in force in the settlements aforesaid, any person desirous of clearing and occupying waste and forest lands for the purposes of agriculture, shall make application to the Collector of Land Revenue, who is hereby authorised to measure and assess the land, and to grant a lease for the same, in such manner, and under such conditions, as the Governor of Bengal may from time to time prescribe. And if, by reason of the density of the jungle or other obstacles, it should be found impracticable to cause immediate measurement to be made of land so to be leased, it shall be competent to the Collector to issue to such applicant a permit or written authority, of which the number, date, and all essential particulars shall be entered in a Register to be kept for that purpose, to clear and occupy such land, subject to the conditions, on which a lease would have been granted. And on all land occupied under any such permit so issued, it shall be lawful for the Collector to demand and enforce the payment of rent in like manner as if a regular lease had been granted. And the Collector shall, with all practicable despatch, cause all land so occupied to be measured, and after such measurement the permit shall be called in and cancelled, and in lieu thereof a lease shall be issued, the term of which shall commence from the date of the permit. Provided, however, that it shall not be competent to a Collector to grant any lease of lands for a term exceeding twenty years, renewable on such conditions as the Governor of Bengal may direct for a further period of thirty years.

VI. And it is hereby enacted, that upon granting any lease under the Provisions of the foregoing Section, the Collector shall require the applicant to set up good and solid landmarks by which the boundaries of the ground to be occupied by him shall be plainly defined; and such landmarks shall be set up to the satisfaction of the Collector to be certified by him on the back or other part of the lease, before the lease shall take effect, and it shall be a condition in every lease so granted that the lessee is to maintain all such landmarks in substantial repair. And if it shall be proved to the satisfaction of the Collector, that, notwithstanding this condition, such landmarks have not been kept in good repair, it shall be competent to the Collector to cause the proper repairs to be made, and to levy three times the cost of such repairs from the holder or occupier of the land, the amount to be levied by the process provided for the collection of rents. And the Collector or his Officers shall at all times have the right of free access to such land for the purpose of inspecting and directing the construction or repair of the landmarks; and any person resisting them in the exercise of this right or removing or defacing any landmark set up in conformity with the provisions of this Act, shall be punished in the manner provided in the IV. Section of this Act.

VII. And it is hereby enacted, that all applications to hold or occupy lands for a term exceeding that specified in Section V., for the purpose of erecting houses or other durable works on such lands beyond the limits of the principal towns in the settlements aforesaid, shall be forwarded by the Collector to the Governor of Bengal, who will grant or reject such applications as in his judgment may seem fit

VIII. And it is hereby enacted, that every lease granted under the Provisions of this Act shall be signed by the Collector for the time being, and shall specify the name of the lease-holder, the quantity and boundaries of the land included in the lease, and the rate of rent to be paid per acre per annum: which particulars, together with any other conditions material to the rights of Government, and of the party obtaining the lease, shall be entered in a Register to be kept in the Collector's office for that purpose.

IX. And it is hereby enacted, that it shall be lawful for the Collector to accept on the part of Government any surrender of a grant or lease by the parties interested in the same for the purpose of subdividing the same, and to regrant or lease the same in parcels. Provided that no such subdivision shall be allowed, unless all arrears of rent under the original grant or lease are paid up, and provided that on no one portion of a grant or lease so subdivided shall a less rent than one rupee per annum be leviable.

X. *Clause First.*—And it is hereby enacted, that whenever the rent of any grant or lease from Government of land within any of the settlements aforesaid shall fall due, payment thereof shall be made by the holder or occupier of the land at the office of the Collector, or to such person as shall be authorized to receive the same, and on failure of such payment, the same may be recovered in the manner following

Clause Second—When an arrear of rent shall have become due, the Collector shall demand payment of it by a notice of demand, in writing, stating the amount of the arrear, and requiring payment of the same within fifteen days from the date of the service of the notice, and stating that in default of payment within the period specified, the amount of the arrear due, together with the costs of process, will be recovered under the powers of this Act.

Clause Third.—The notice of demand shall be served by the delivery thereof to any holder or occupier of the land, or by being left at his ordinary place of residence, or by being stuck up on the premises.

Clause Fourth.—For the service of the aforesaid notice one Rupee shall be charged, and shall be leviable, if not paid on demand, in the same manner as arrears of rent.

Clause Fifth.—Whenever an arrear of rent, shall be demanded in the manner above prescribed, and shall not be discharged, it shall be lawful for the Collector to issue an attachment and to seize by virtue of such attachment, as well the personal property of the holder or occupier as also any effects or any crops to whomsoever belonging which may be found upon the land on account of which the arrear may be due, and to bring the same to sale by public auction at the Collector's office or elsewhere, five days previous notice of such sale being stuck up at some conspicuous spot, and at the place where it is intended to bring the crop, or other property, to sale.

Clause Sixth.—The attachment shall be made by an Officer deputed for the purpose, who shall publicly notify the attachment, and shall set his seal on any property attached, and take an inventory thereof; and it shall be competent to the said Officer to require the assistance of the Police in case of resistance to his authority, or of any attempt to remove the crops or other property from the premises, or otherwise to defeat the process.

Clause Seventh.—For an attachment made in pursuance of the foregoing rules, whether a sale shall actually take place or not, two Rupees shall be charged, and shall be leviable, if not paid on demand, by the sale of a portion of the attached property.

Clause Eighth.—If an arrear of rent, due as aforesaid, cannot be recovered in manner aforesaid, and the arrear shall not be discharged within six months from the date of the notice of demand prescribed by the Second Clause of this Section, it shall be lawful for the Collector to bring to sale the land on account of which the arrear shall have been demanded, in the manner following.

Clause Ninth.—An advertisement shall be stuck up for not less than twenty days before the sale, in the Collector's Office, and in a Court of Justice situated near to the land specifying the description of the land, the name of the defaulter, the amount of the arrear, the time and place of the intended sale, and the conditions thereof. The sale shall be conducted by Public Auction, in the presence of the Collector, the highest bidder shall be declared the purchaser, and the proceeds of the sale, after deducting the arrear originally due to Government, with interest thereon at 12 per Cent. per annum, and any further arrear that may have accrued up to the day of sale, together with the costs incurred by the sale, or other lawful process, shall be paid over to the party or parties entitled. On payment of the purchase money, the purchaser shall receive from the Collector a title-deed corresponding in quality and conditions with the original grant or lease, and bearing on it all material specifications relating to the quantity and situation of the land, its boundaries, the rent demandable, the date from which its payment is to commence, and other necessary particulars; and the Collector shall forthwith put the purchaser in possession of the land so transferred, requiring for that purpose the aid of the Police, if needful. The Collector shall notify in the most public manner the result of the sale, the conveyance of the title and right, which were of the defaulter to the purchaser, and the cancelment of the original grant or lease, together with all leases, incumbrances or other interests derived therefrom. And any person wilfully and with fraudulent intent offering for sale, transfer, mortgage, or otherwise making use of any such grant or lease, or of any lease, incumbrance or other interest derived therefrom and which shall have been so declared to be cancelled, shall, on conviction before a Magistrate, be punished by a fine not exceeding five hundred rupees, or in default of payment of such fine, by imprisonment not exceeding four months. And any person resisting or obstructing the Collector or the Officers acting under his orders, whilst placing the purchaser in possession of land so sold for arrears of rent, shall be punished in the manner provided in Section IV. of this Act.

Clause Tenth.—It shall be lawful for the Collector before the payment of any surplus to deduct as part of the costs incurred by the sale two Rupees for the advertisement, and one per cent. on the net proceeds of the sale authorized by the foregoing Clause, to be carried to the credit of Government, for the purpose of meeting the expense of carrying the sale into effect.

Clause Eleventh.—Any person having an interest in any property liable to be sold as aforesaid, shall at any time previous to the sale thereof be enabled to prevent such sale by payment of the rent in arrear, together with interest and all legal expences incurred to the Collector, who, upon such payment, shall desist from and withdraw all legal proceedings.

Clause Twelfth.—Provided, that the summary process authorized by any of the Clauses of this Section shall be held applicable only to arrears of rent which have become due within the period of one year prior to the execution of such process.

Clause Thirteenth.—Any person served with a notice of demand, or whose crop or personal property may have been seized under an attachment issued in manner aforesaid, who may dispute the justness of such demand or attachment, shall be at liberty, at any time before the sale of his crop or personal property, or, in the event of the land being advertised for sale, at any time before the sale thereof, to represent his objections to such demand, attachment or sale, to the Collector; and if the Collector shall, notwithstanding such objections, adhere to the demand, attachment, or sale, it shall be lawful for the said person to apply by petition for redress to any Civil Court competent to take cognizance of his complaint; and the Court, after hearing the Collector's answer, and making such further enquiry as may be necessary, during which the sale of any such crop, property, or land shall be stayed, shall pass judgment either for enforcing or staying the demand, and shall adjudge the costs and charges of the suit, or such portion thereof as may be just and proper, to be paid by the party cast.

Clause Fourteenth.—Provided, that in the case mentioned in the last Clause, no sale of crops, or of personal property, or of land, shall be stayed, unless the party disputing the justice of the demand or attachment shall, on presenting his petition to the Civil Court, deposit therein, or at the Collector's Office, the whole amount of the arrears of rent demanded, together with interest, and legal expences incurred, or unless such party shall give substantial security to the satisfaction of the Civil Court for making good the award that may be ultimately passed in the case.

XI. *Clause First.*—And it is hereby enacted, that all mutations by act of party or by succession in titles to land, taking place after the first day of January in the year of our Lord 1840, shall be registered under the following rules.

Clause Second.—The party claiming by right of transfer or succession shall attend at the Collector's Office, either in person, or by his constituted agent, and shall make application for registering the mutation, producing the original grant or lease, together with the bill of sale or other deed of transfer, which must be made out in the English language, and according to a form which will be found in the Collector's Office, or, in case of successions, the Probate or Letters of Administration, together with the Original Will, if any, or a Copy thereof, after which notice of the mutation shall be registered, the date and other particulars of the transaction being entered in the Register in a clear and distinct form.

Clause Third.—No mutations of title to lands shall be registered until the Collector shall have satisfied himself that the boundaries of the lands have been distinctly defined by convenient and substantial landmarks. The parties whose title to lands may be so registered are required to maintain the landmarks laid down in a state of good and sufficient repair, so that they may be at all times available for the purpose of accurate ascertainment of the limits of each occupancy, and every holder or occupier of such lands, wilfully neglecting to maintain such landmarks in a sound and serviceable condition, shall forfeit a sum equal to three times the cost of the erection or repairs which may become necessary in consequence of such default, and which shall be undertaken by the Collector: the amount of the forfeiture to be levied in like manner as rents are to be collected under the provisions of this Act. And the holders or occupiers of such lands are required to admit free access to the

same by the officers of Government for the purpose of inspecting the landmarks, and of measuring and laying down boundaries, and any holder or occupier of land or other persons who shall obstruct or resist such officers shall be liable to the penalties prescribed in Section IV. of this Act.

Clause Fourth.—It shall be lawful for the Collector to demand and receive on the part of Government a fee to meet the charges attending the registry of 4 Rupees, and of 1 Rupee for inspecting the Register, and of two Rupees for granting a Certified Extract from the Register.

Clause Fifth.—The Registry of a mutation shall not of itself be taken to convey or establish any legal title to land, nor shall it be held to corroborate, qualify, or bar any rights which may come to be questioned judicially. But no deed whatsoever for the sale or transfer of land which may be executed after the first day of January in the year of our Lord 1840, shall be admitted to be valid by the Officers of Government, or be received in evidence as a legal instrument by any Court of Judicature, unless the same shall have been registered in the Collector's Office in the manner directed by this Section, nor shall any Probate or Letters of Administration be received as evidence of title to land until so registered.

XII. And it is hereby provided, that nothing in this Act contained shall apply to such cultivators and resident tenants of Malacca as hold their lands by prescription, subject only to a payment to Government of one-tenth part of the produce thereof, whether such payment be made in kind or in the form of a sum of money received by the Government in commutation of the payment in kind.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

"I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

(Signed) H. T. PRINSEP,

Secy. to Government Genl. Dept.

Council Chamber, the 7th August, 1832."
